BIG CONSPIRACY

Story From South Dakota of a Great Conspiracy to Rule or Ruin the Republican party.

Senator Cameron Will Head a Revolt if Free Silver is Not Put in the Platform.

Very Cold Weather Throughout the Northwest, 18 Being Sixteen Degrees Below Zero in Manitoba.

A Minneapolis Woman Died From Apoplexy of the Heart Weeping at Her Husband's Grave.

MINNEAPOLIS, Nov. 19.—The Gary, S. D., correspondent of the Journal wires as follows: "It would scarcely be expected that information revealing a great national conspiracy to rule or ruin the Republican party should be found in this unimportant village. Nevertheless the information is so direct and the source so authentic that I have no doubt of the truth of what I have to tell. My informant is a gentleman of veracity who is acting as amanuensis to one of the leaders in the movement and I have long known him to be reliable. In short, then, the story he tells is this:

"For several months an understanding has existed among the leading silver men of the United States that an enthusiastic demand shall be made that the Republican platform of 1896 shall contain an unequivocal declaration in favor of unqualified free coinage of silver, and

blue in the face. Her sister supported her to the house of the keeper, where she died a moment later, and before a physician could be summoned.

COLD IN THE NORTHWEST.

The Frigid Wave Is Passing and Warmer Weather Expected.

ST. PAUL, Nov. 19.—Zero weather is reported all over the Northwest today. Yesterday it was from 2 to 12 degrees below throughout North Dakota and Montana and in this state it dropped from 30 above yesterday morning to the neighborhood of zero today. It is clear, though cold.

The lowest recorded temperature during the night here was 2 below, but north in Manitoba it went down to 16 below, and in Northern Minnesota it ranged from 6 to 10 below. Local Observer Lyons now says the cold wave is passing and it will be warmer tonight.

Fell from His Train.

ST. PAUL, Nov. 19.—The remains of E. J. Cameron, the Great Northern conductor, who fell from his train west of Grand Forks and was killed last Thursday night, passed through the city this morning. They are being taken to Waterloo, Iowa, for interment by his young wife. They were accompanied from this city by a number of persons. Mr. Cameron was married in this city to Miss Etta M. Reicht only last January.

Fire in St. Paul.

ST. PAUL, Nov. 19.—At 2:30 this morning the lively barn owned by James Flannigan, at the corner of Sixth and Exchange streets, was destroyed by fire, entailing a loss of \$3000, with but \$1000 insurance.

Pleaded Not Guilty.

When fatally stabbed Joe Podany, a fellow Slav, last week, was arraigned this morning and entered a formal plea of not guilty of murder in the first degree. His attorney asked for an early trial. The time for trial will be set Thursday.

The Lexow Committee.

NEW YORK, Nov. 19.—Senator Lexow, of the senate investigating committee, said today that the investigation had

JAPAN DECLINES

While No Positive Declaration of Mediation Is Made It Amounts to the Same Thing.

Made It Understood an Acceptance Would Have to Be Based on Certain Definite Conditions.

It Is Likely President Cleveland Will Make Clear the Government's Position in His Message.

Will Urge That This Country May Aid in Maintaining the World's Peace and Progress.

WASHINGTON, Nov. 19.—The China-Japan incident so far as the United States' offer of mediation is concerned, is considered closed for the present by those in a position to understand the situation. At the state department and at the Chinese and Japanese legations there is only negative information to the effect that no positive answer to the American suggestion of mediation has been received.

While it is believed to be literally true so far as Japan's answering by a positive acceptance or declination of the suggestion, yet those well informed on the subject say Japan has made her position clear to this government in such a way as to avoid the embarrassments of a positive declination and yet to show that an acceptance would have to be based on certain definite conditions. It is said that Japan could state

that the Dutch troops stormed Tjakranegara as far as the palace of the rajah. The Balines fought desperately and 150 Dutch soldiers were killed or wounded. The Balines lost several hundred warriors killed or wounded. Neither the rajah nor his treasure was discovered.

WILL DEMAND A RECOUNT.

Nebraska Republicans Want a Recount by the Legislature.

OMAHA, Nov. 19.—A special to the Bee from Lincoln, Neb., says: The Republicans will demand a recount of votes by the legislature. Up to noon no notice of contest had been filed with the secretary of state, but a prominent Republican state official says that such notice will undoubtedly be filed within the limit which expires on the 26th inst.

He said that a legislative committee, consisting of two Populists, two Democrats and three Republicans, will be asked to proceed with a recount of the ballots for the purpose of quieting title and removing all doubts of the election of either candidate for governor. It will be necessary to serve notice on Judge Holcomb at the same time.

At independent headquarters matters are being put in shape by Attorneys Bryan, Leese, Broady and others to serve notice of contest on the entire list of Republican candidates for state offices immediately following the contest on governor. Judge Holcomb is expected to arrive from Broken Bow Wednesday and remain until the opening of the legislature.

BORNE TO THE TOMB.

The Remains of the Late Czar Alexander III Were Entombed Today.

ST. PETERSBURG, Nov. 19.—The entombment of the remains of the late Czar Alexander III took place today in the Cathedral of St. Peter and St. Paul.

A thick fog enveloped the city, but the populace was astir at the earliest possible hour, and at the same time the troops detailed to take part in the funeral ceremonies commenced moving toward the position of assignment of them.

The cathedral was packed with peo

that in the event of the failure of the Republicans to so declare a new party movement shall forthwith be sprung with a two-plank platform declaring simply for protection and free coinage.

"The management of the movement is largely in the hands of Senators Jones, Stewart and Pettigrew, and they are looking to Senator Cameron as a presidential candidate in the event of the birth of the new party. The results of the recent election have given the leaders renewed confidence, as they now believe they will be able to absorb the remnants of the Populists and secure through the protection plank the adhesion of the labor vote of the East. Thus they hope to centralize the entire free silver strength and much of the labor vote of the country.

"My informant is positive in the declaration that the Republican party will be forced to either adopt the silver plank or be destroyed, and that this intention to rule or ruin is a fundamental tenet of the movement, and it is even said that Senator Cameron has already consented to head the revolt."

been positively postponed until Dec. 1. When we resume, it will be just where we left off. We will continue in the even tenor of our way and on even keel, I hope."

ROCK ISLAND WITHDRAWS.

Probable Death Blow to the Western Passenger Association.

CHICAGO, Nov. 19.—What it is thought will prove the death blow to the Western Passenger association was administered today by the Rock Island, which announced its withdrawal from the organization.

The withdrawal is to take effect at the earliest date possible and will leave the association with a very slender support. The Rock Island's action is supposed to have been taken with a view to forcing a reorganization of the roads which comprised the old association.

The Harrison Telegram.

CHICAGO, Nov. 19.—A meeting of the directors of the Harrison International Telephone company was held at the company's Chicago offices today. The meeting was attended by the full board of directors and many other prominent stockholders. The object of the discussion was the laying out of a more aggressive campaign in the West against the Bell company, and the securing of a strong foothold in Chicago and other Western cities.

Defrauded an Insurance Company.

BOSTON, Nov. 19.—Hermann Mugget, alias Holmes, alias Howard, alias Howell, was discharged today by Judge Ely of the municipal court, on the charge of larceny preferred against him by Fort Worth, Texas, parties. He will be sent back to Philadelphia this afternoon to be tried there on the charge of conspiracy to defraud an insurance company.

this position with such expressions of good will for the kindly motives of the United States, and such hopes that the time might come in the future when the good offices of this country would be most acceptable, that it would rather increase the good feeling between Japan and this country.

The statement was made in congressional circles today that President Cleveland's coming message to congress would throw light on the China-Japan question and would forestall any resolutions of inquiry. As the secretary of state unlike other cabinet officers speaks no annual report to congress, the president's message ordinarily deals fully with foreign affairs in which this government has any part, and as the recent negotiations with China and Japan are the most important foreign questions the department has handled in some time, it is concluded that Mr. Cleveland will make clear the position of this government. Up to the present time there is no official information on the subject, and the state department has not even stated officially that negotiations with China and Japan are in progress.

The reading of the president's message is the first business of congress and it would precede the contemplated introduction of resolutions of inquiry by Representative Bellamy Storer. It is the belief of those familiar with President Cleveland's position against foreign entanglements, that such reference as he may make to the subject in his message will be on the ground of humanity, urging that while this government need not reach abroad for conquest and acquisition, it can well adopt an enlightened policy which will aid in maintaining the peace and progress of the world.

The Rajah Escaped.

AMSTERDAM, Nov. 19.—A dispatch to the Nieuw Vandaag from Batavia states

ple, including representatives of all the imperial and royal families of Europe. The funeral services were conducted by the metropolitan of St. Petersburg and by the metropolitan of Moscow. The former conducted the czarina to her place near the coffin which reposed in state in the center of the cathedral.

The czar and the grand dukes and the members of the royal families present took up positions on the right of the coffin, and the many military officers in attendance were grouped behind the bier. On the left were the foreign ambassadors and ministers and their staffs, while grouped around in different parts of the cathedral were countless delegations from Russian cities and elsewhere, including the numerous delegations from France.

The general services began at 10:30 a. m. and lasted until 4 o'clock. Over thirty members of the royal families of Europe attended by glittering suites were present. After the long service, the czarina, the czar and others present took a last farewell of the remains of Alexander III. The czar then laid the imperial mantle over the body, and the coffin was carried by the czar and certain of the princes to its tomb.

Buying a Gas Plant.

WABASH, Ind., Nov. 19.—William Dietrich and J. L. Sterrell, representing a New York syndicate, are here negotiating and will probably consummate a deal today for the purchase of the Wabash Natural Gas company. The Wabash company owns thirty wells and a vast amount of gas territory. The offer for this plant is said to be in excess of \$200,000.

Russian Ministers Resign.

BERLIN, Nov. 19.—The Frankfurter Zeitung says that M. De Giers, the Russian minister of foreign affairs, and Gen. Van Novski, the Russian minister of war, have resigned.

FREIMUTH'S

Getting Closer To the People!

So long as the store stands solely and solidly on

The Character of its Merchandise,
The Certainty of its Proper Prices,
The Candor of its Statements,
The faithfulness of its Service

It cannot fail to grow in favor. We never let our assortments run low or our prices run high, for that is against our methods of doing business.

Compare Our Prices With Those Elsewhere.

Dress Goods.

Prostate grows with our Dress Goods stock. The advanced season increases the crowds of ready buyers. The reason is plain—the right goods, the right prices.

19c the Yard
15 pieces of Colored Henriettas, all good shades, the 25c kind.

25c the Yard
17 pieces of Colored Henriettas in new shades, the 40c kind.

35c the Yard
12 pieces of Colored Cashmeres, all wool, the 50c kind.

50c the Yard
10 pieces 45-inch all wool Serge, all good colors the 75c kind.

48c the Yard
10 pieces of Charm Silk and Wool mixed suiting the kind that would sell readily at 75c.

Silks.

Match these values is all we ask. We know we are selling the best make of Silks in the city. If we're not selling for lower prices we would like to know it.

98c the Yard
24-inch black Armure Silk, real value \$1.25.

98c the Yard
24-inch black Satin Rhadomere, the kind that you considered cheap at \$1.25.

89c the Yard
Black Bengaline Silk, you pay \$1.25 for same quality elsewhere.

98c the Yard
Chevy Bros best quality of Fatto Francos, always sell at \$1.25, the price this week at 98c the yard.

Children's Cloaks.

This week we will offer great inducements in this department in order to clear out every child's garment in the house.

Here's Prices That Tell the Story:

\$4.00 Children's Cloaks
this week.....**\$2.75**

\$6.00 Children's Cloaks
this week.....**\$4.75**

\$7.50 Children's Cloaks
this week.....**\$6.00**

\$10.00 Children's Cloaks
this week.....**\$8.50**

Furs.

OF MORTGAGE SALE. MORTGAGE SALE NOTICE.

[illegible]

of 1891, with interest at the rate of 6 per cent per annum, and the said mortgage has paid the sum of \$2,000 and \$3,300 (2,300 dollars) in insurance premiums, and the said mortgage has paid properly, said mortgage having been paid by the terms of said mortgage, the sum of \$1,000 (one thousand dollars) in principal and interest, consisting of the non-payment of the principal and interest money claimed to be due, and there is now due and owing by the said mortgage to said \$2,000 and \$3,300 (2,300 dollars) paid for insurance premiums, and the sum of \$1,000 (one thousand dollars) of said attorney's fees, pro-
prietor's fees and other charges, and the sum of \$1,000 (one thousand dollars) or otherwise has been instituted in the County of St. Louis, Missouri, to enforce the payment of the same.

Now, therefore, notice is hereby given, that the said mortgage, which is contained in said mortgage and pursuant to the terms of said mortgage, the said mortgage will be foreclosed by the said mortgagee, the said mortgagee, the said premises described in said mortgage, to-wit: the premises numbered one (1) block of the city of St. Louis, Missouri, and the same are situated on the recorded plat on file in the office of the Recorder of Deeds for said county, together with the heretofore and hereafter to be made, or appertaining, to the highest bidder for cash, at the public sale, to be held in the city of St. Louis, in said county, on the first day of January, in the year of our Lord, 1904, to satisfy and pay the said mortgage, with interest, costs, taxes if any, and the sum of \$1,000 (one thousand dollars) or otherwise, which said time within one year, 1904.

Dated October 21st, 1891.

and hereinafter, will be
 liable to pay to the holder of
 said debt and interest, and taxes
 said premises and the said insur-
 ance, and the said mortgage, as
 stipulated in and by said mort-
 gage, of foreclosure, and the
 above, by the said mortgage
 to said court house, in the city of Duluth,
 in the county of St. Louis, Minn., on the
 1st day of December, A. D. 1884, at 10
 o'clock of forenoon of that day, subject to
 at any time within one year from
 the date of the date of the date of
 the 1st day of December, A. D. 1884,
 C. W. PALMER,
 Mortgagee.

OF MORTGAGE SALE.

default has been made in the condition mortgage which was duly executed and delivered by Harvey A. Wing and John C. Wing, the mortgagors, to Wm. C. Wing, the mortgagee, to wit: \$10,000 and which was duly recorded in the office of the recorder of deeds for the county of St. Louis and state of Minnesota, on or about the 1st day of April, 1936, at 8 o'clock a. m., in and to which said mortgage contains a provision, that if

the time the same shall become due, the said mortgages in each case shall be deemed to be in default, and the said promisor the said premises shall be sold by the said mortgagee in public auction, and the same to the purchaser thereof, and whereas default was made in the semi-annual installment of the said mortgage, the said premises were sold by the said promisor in public auction on the first day of October, 1981, amounting to the sum of \$1,000.00, and the said mortgagee in each case made and provided, the said mortgagor in each case was foreclosed by a sale of the premises, and the said mortgagee in each case sold the premises in public auction.

The northwest quarter (nw¼) of the section fourteen (14) of the township 36 north, range sixteen (16) east of the 4th P. M. containing sixteen (16) acres, or less, according to the United States Survey of the 1836, and the hereuntoforesaid premises, with the hereuntoforesaid mortgage thereon, shall be sold at public auction to the highest bidder for cash, to pay said mortgage and the interest thereon, and the balance of the purchase money, to the said premises, and two-hundred dollars attorney's fees.

of the sum of fifty-six (\$56) dollars and the sum of twenty-eight (\$28) dollars each, as evidenced by two promissory notes, each for the sum of twenty-eight (\$28) dollars each, said promissory note and which said promissory note said mortgagee have duly signed;

Whereas, said mortgagee have duly received of said mortgagor the sum of fifty-six (\$56) dollars and the sum of twenty-eight (\$28) dollars each, as evidenced by two promissory notes, interest at the rate of 8% per annum from the time the same were due until such time as the same are paid;

Whereas, there has been to and from said mortgagor and said mortgagee a full and complete discharge of the mortgage debt at the date of the date of April, six (\$6) dollars and interest, subject to redemption at any time, one year from the date of sale, as provided in said promissory notes;

Dated November 3rd, 1954,

FRANK WAGNER, Mortgagor
FRANK WAGNER, Mortgagor

ERIKS & HANES,
Attorneys for Mortgagee,

and interest on twenty
dollars, to wit: \$20.00
per annum, from the 1st
day of January, 1894, at the rate of 8 per cent
per annum, together with twenty-five (\$25) dol-
lars, to wit: \$25.00, as a penalty for the non-
payment of the same, in the event of default in the
case of foreclosure; and where-
as, the said mortgage is now in the power of the said
mortgagee, and the said mortgagor, his heirs, assigns
or assigns by the default herebefore made,
has become operative, and no action or
proceeding has theretofore been commenced
to enforce the same, and the said mortgagee has
consented to collect said mortgage
payment thereof.

Therefore, I hereby give, and
the power of sale contained in and
pursuant to the statute in such
behalf, to the said mortgagee, to

STATE OF MINNESOTA, }
COUNTY OF ST. LOUIS, } ss
I, the undersigned, a Just of the Peace and

DULUTH EVENING HERALD.

TWELFTH YEAR

TUESDAY, NOVEMBER 20, 1914.

5 O'CLOCK EDITION.

MINNESOTA
HISTORICAL
SOCIETY.

THREE CENTS

"THE HAND"

That Rocks the Cradle
Rules the World."

Some Comments Upon This Quotation Bearing
Upon Its Application to the End-
of-the-Century Times.

DULUTH, Minn., Nov. 15th, 1894.—What innocent object is more potent in awakening an intense train of thought or a tender or sad remembrance than an old cradle stored away in a web-covered corner of the garret.

We have all seen these quaint, old treasures and it is not many years since each sturdy husband and happy father delighted the heart of his loving wife by presenting her with a cradle hewn out by his own hands from the trees raised upon his own birthplace. But times are vastly changed now, and men haven't time to do this work themselves, so the sentiment expressed by his own rude work in former days is now expressed by the taste and judgment shown in selecting a cradle—or more often, a crib—from a regular stock of such goods.

It is surprising to see how much time and thought have been spent upon these comfortable nests for the little ones, and in a well selected stock you will find a great range—from a strong, plain cradle for \$1.50, to a handsome enameled brass-trimmed crib at \$18.00. Good swinging cradles come at \$2.50; large cradles with woven wire bottom, which later can have the rockers removed and serve as a crib, can be had for \$2.75. Attractive cribs in oak and mahogany finish are \$3.75; folding cribs with woven bottoms made to push under a large bed are also \$3.75; Wicker folding cribs are \$7.50; enameled iron cribs with brass mountings are \$10.00 and up; and some very ingenious little beds are made to fold up against the wall with a curtain in front with woven wire bottom for \$6.00.

Such a complete stock as this can be found at French & Bassett's store, First street and Third avenue west, and they will be glad to show you these or any other goods they handle.

DELAYS ARE DANGEROUS

More Than Ever Since
Election and With
the Return of

PROSPERITY PREDICTED.

In the making of human nature various gifts and endowments seem to be unevenly distributed; for instance, the gift of being thrifty is not by any means the least noticeable in this regard. It is said that many people do not develop money-making qualities until they are in debt or have obligations to meet—and this is true, for we see all around us men paying for snug little homes from their savings. They have an object to work for and to save for and they do it. Almost every man needs this incentive and it is perfectly natural and proper.

Of course, it is not meant by going in debt that one should go in over their ears, but a reasonable amount of just obligation will help any man who can earn a living.

For instance, a young man is engaged or in love, but keeps thinking he cannot afford to marry because he cannot furnish a home. This is a mistake, for in these advanced times he can buy his goods and pay for them from month to month and at the end of a year he will have been married a year to the woman of his choice and have a good home, with his household goods paid for. The same principle is involved when one replenishes the home or buys any piece of furniture.

There has been considerable criticism on the methods of many installment and easy payment dealers, and justly so, for their prices and business principles are such as to call for the utmost caution. But when you decide to save some money buying household goods on a just and honest plan, don't be afraid to go to French & Bassett's, First street and Third avenue west, Duluth, and buy; for they sell honest goods at prices from 10 to 20 per cent lower than others here and give you long time and use you square.

TERRIBLE CRASH

A Sixty-Foot Steel Smoke Stack Fell on the
Skylight of a Building in
Chicago.

Shower of Glass Driven Into the Offices
Below, Which Contained Over One
Hundred People.

H. H. Handy, a Millionaire, and C. O. Bost-
trick, a Clerk, Were Dangerously Hurt
by the Falling Glass.

Ex-United States District Attorney Milchrist
Narrowly Escaped Death and Many
Other People Were Cut.

CHICAGO, Nov. 20.—A 60-foot steel smoke stack was torn from the University Club building by the wind today, and crashing onto the skylight of the Handy Abstract building on Washington street drove a shower of 2-inch glass into the offices below, dangerously injuring two men and cutting and bruising almost every one of the 125 people in the offices. The dangerously hurt are: H. H. Handy, president of the Handy Abstract company; C. O. Bosttrick, a clerk.

Others who were seriously injured are: Ex-United States District Attorney Thomas Milchrist; Taylor H. Snow, a real estate dealer; G. A. Tallman, clerk; J. O'Connor, clerk, and M. H. Brown, an attorney. It was not thought that Handy's or Bosttrick's injuries would prove fatal, although both suffered severely from loss of blood.

The accident occurred just before noon when every desk in the abstract offices was occupied and while a large number of attorneys and clients were transacting business there. The big skylight, covering a large portion of the building, was protected by a strong and heavy steel netting and that alone prevented the heavy smokestack from going through the roof. Had this occurred a large loss of life would have resulted, as twenty-five or thirty clerks were bunched close together below when it struck.

Ex-United States District Attorney Milchrist narrowly escaped death. A large piece of glass struck him on the shoulder, cutting through his clothes and leaving a long ugly gash. As it struck he leaped to one side just as a piece of the skylight three feet square crashed down edgewise on the spot where he had stood. H. H. Handy, the millionaire president of the company, was cut in a dozen places. A large piece of glass grazed his head, tearing a large gash in the side of his head. Both hands and arms were cut and his right shoulder was cut to the bone.

The noise of the crashing glass and the cries of the alarmed clerks caused a small panic in the building, the tenants jamming the corridors and stairways in their rush for the street. Several young lady clerks and stenographers fainted and were pushed into the crowd and none were dangerously hurt. A score of physicians was called to dress the wounds, and carriages and ambulances were called out to carry away the injured.

It was rumored that a portion of the building had collapsed, but examination showed that the building was undisturbed except for the breaking of the skylight. A portion of the falling smokestack struck the roof of the restaurant of William Boyle, creating a panic among the people at luncheon there, but no one was injured.

The Handy building is a handsome structure with a 16-story front on Washington street, diagonally across from the city hall. The offices of the abstract company are situated in a 1-story addition running back to the alley in the rear. The University Club building, fronting on Dearborn street, is twelve stories high and the sixty feet of steel stack, falling from its height of 112 feet, struck the 1-story Handy addition with terrific force.

Ought the United States to interfere in
Cuba? Only through the agencies of
peace, such as Dr. Price's baking powder.

FIVE MEN WERE KILLED.

Miners Perished in a Wreck on the Penn-
sylvania Road.

PITTSBURG, Nov. 20.—It has been
definitely learned that there were five
people killed in the wreck on the Penn-
sylvania railroad at Larimer station,
twenty miles east of here last night.

Their names are George Rice, August
Thone and his son Fred Thone, and two
Italians whose names are not known as
they went by numbers. At noon today
the remains of Rice and Fred Thone
had been taken out. All were miners
employed by the Westmoreland Coal
company.

Stay of Execution.
GUTHRIE O. T., Nov. 20.—Judge Scott
has stayed the execution of R. J. Phillips
who was to hang on Nov. 23, until the
supreme court meets in December and
hears the appeal. He was convicted of
murder in the Seminole country.

Her Staff Broke.
BALTIMORE, Nov. 20.—The steamer
Lord Londonderry, of Belfast, Ireland,
Capt. Arthur, has arrived from St. Johns,
N. F. The Londonderry broke her tail-
end shaft Oct. 7 while bound from Ar-
drossan to Baltimore. The steamer
Maryland succeeded in taking the Lon-
donderry in tow and on Oct. 12 got the
disabled vessel into port at St. Johns,
where she received a new shaft.

A Sunken Wreck.
BALTIMORE, Nov. 20.—The pilot of
the steamer Bellucia reports that on Nov.
18 at 240 p. m., Barnegat lighthouse,
bearing north and ten miles dis-
tant, passed a spar about twenty feet
out of water attached to a sunken wreck.

THE W. C. T. U. CONVENTION.

Miss Jessie Acherman, Round-the-World Mis-
sionary, Given a Reception.

CLEVELAND, Nov. 20.—There was a
slightly decreased attendance at the
convention of the Woman's Christian
Temperance union today. Immediately
after the devotional exercises Mrs.
Campbell, of Wisconsin, gave notice
that at the next annual convention she
would move to amend the constitution
by the substitution of the words "vice-
president-at-large" after the word "pres-
ident."

At the convention today Mrs. B.
Sturtevant Peel, of California, rose and
announced that Miss Jessie Acherman,
round-the-world missionary of the union,
was seated with the California dele-
gation and Mrs. Peel desired that she be
given a seat on the platform. Miss
Acherman made a brief address, a member
of the convention and was escorted to
the platform.

At the evening party reached the
platform Miss Willard took a valise
from Miss Acherman's hand and said,
holding it up: "This is the baggage
that has traveled 150,000 miles in the
last seven years. These are not the
most interesting facts in regard
to her, but they are." She then
plunged from her and 1000 membership
certificates from women all around the
world.

The convention applauded the reports
from the Woman's Temperance Publi-
cations were called for. The
first given was that of Miss Margaret
Sudarth, managing editor of the Union
Signal, the official organ of the W. C. T. U.,
and after she had finished, Mrs.
Katherine Leat Stevenson reported for
"books and tracts," Mrs. Caroline F.
Crow next reported, also for the Union
Signal.

At the convention today Miss Francis
E. Willard was re-elected president, and
Mrs. Stevens vice president at large.

Then came the election of a corre-
sponding secretary. Of the 390 votes
cast Miss Katherine L. Stevenson, of
Iowa, was elected, and was declared elec-
ted. Her election was afterwards made unan-
imously directed assistant recording sec-
retary. Next came the election of treas-
urer, and Mrs. Helen M. Barker was re-
elected by a rising vote.

THE BIMETALLIC LEAGUE.

Treasurer Johnson Sees Little Hope of Free
Coinage at Present.

DENVER, Nov. 20.—Treasurer I. L.
Johnson, of the bimetallic league, looks
forward to the meeting of the national
executive committee of the league in St.
Louis Nov. 27 as an event of special im-
portance. He says it is probable that
the fate of the league will be de-
cided at the meeting. If new life cannot
be infused into the organization, its pro-
gram of the Democratic party will be
abolished.

"The lack of interest on the part of
the producing states is the most dis-
couraging feature about the work," Mr.
Johnson says. "It is possible that we
can arrange at St. Louis for a meeting
of the Democratic party to discuss the
situation, but it depends on the silver
men themselves. Unless silver pro-
ducers and large business men of Colo-
rado and other silver states come out
to the front at once, I see little hope for
the cause of free coinage for years to come."

Mr. Johnson says that the Republican
party is a gold monometallic party and
is bound by indissoluble ties to the Wall
Street policy. He regards President
Taft as bent on drawing as large a por-
tion of the Democratic party as pos-
sible into gold monometallicism. Mr.
Johnson prophesies that, as a matter of
fact, the Democratic party will be ob-
liged to declare for free coinage of
silver and show its sincerity by nomi-
nating an out and out free coinage man for
president.

"There is no use," he said, "to carry
the free coinage war into the East as
long as the West is divided on the best
means of carrying on the fight. The
West demands our attention now, and
not until silver advocates present a
cast iron front in this region can we hope
for relief east of the Mississippi."

Without a liberal supply of Dr. Price's
baking powder, no modern cooking
school is adequately equipped.

SOVEREIGN WAS RE-ELECTED.

Again Grand Master Workman of the Knights
of Labor.

NEW ORLEANS, Nov. 20.—Grand
Master Workman Sovereign was re-
elected today without any opposition by the
Knights of Labor general assembly.
Messrs. Bishop, of Massachusetts, and
foreman, Colorado, were nominated for
the place now held by Bishop, and
the latter was elected.

Secretary-Treasurer Hayes was elec-
ted, though there was some opposition.
At the session today the expenses of
delegates to the convention, amounting
to about \$2500, were ordered paid.

VICTORY FOR THE GERMANS.

Hot Fighting With the Wahehe Tribe in East
Africa.

BERLIN, Nov. 20.—News has been re-
ceived here of sharp fighting between
the Germans and the Wahehe tribe. The
governor of German East Africa, Von
Schele, telegraphed from Dar es Salaam
that on Oct. 30 Kilengwa, the capital of
the Wahehe territory, was stormed and
captured by the Germans.
In the engagement, which lasted sev-
eral hours, Lieut. Maass and eight As-
karis were killed. The losses of the
Wahehe were heavy. A large number
of cattle, much ivory and a number of
guns and rifles lost by the Zelewsky ex-
pedition were recovered. The Germans
captured large quantities of powder
and rescued 1500 women and children
who were held as prisoners by the
Wahehe tribe.

A Dutch Victory.
AMSTERDAM, Nov. 20.—Dispatches re-
ceived today from the islands of Lombok
and Sumbawa state that the Dutch troops
captured the palace of the rajah of Lom-
bok and the rebellious Balinese are in-
clined to submit. Two Dutch officers
and nineteen soldiers have been injured
by the explosion of a powder magazine.

BEDDIE GOES OUT

The United States Marshal's Office Will
Pass Into the Hands of W. M.
Campbell December 1.

There Will Probably be Many Changes in
the Clerical Force and the Deputy
Force.

Police Looking for Treasurer Roof, of the
Eau Claire Federated Labor Union,
for Embezzlement.

Minneapolis Flax Buyers Before the State
Commission With Grievances as
to Grading of Flax.

ST. PAUL, Nov. 20.—Of the first of next
month the United States marshal's of-
fice will pass from the hands of J. Adam
Beddie into the hands of William M.
Campbell. It has heretofore been an-
nounced that Jan. 1 would be the date of
the change, but it will, in fact, be a
month earlier. Mr. Campbell will then
be ready to assume control of the office,
and Mr. Beddie has no objection to inter-
pose. Just what changes will take place
in the clerical force and the deputy force
no one knows, and Mr. Campbell does
not expect to discuss the matter. It is
expected, however, that there will be
many changes.

As to Mr. Beddie's future work, he will
spend some time in closing up his ac-
counts and will then go South for some
time. When Mr. Beddie returns he will
devote himself to his budget.

GRIEVANCES OF FLAX BUYERS.

They Are Not Satisfied With the Grade They Are
Getting.

ST. PAUL, Nov. 20.—Col. Liggett,
Judge Mills and Secretary Teisberg, of
the state railroad commission, returned
this morning from an official trip through
the southeastern corner of the state,
visiting Simpson, on the Winona &
Western, where some minor complaints
were heard from shippers.

This afternoon a number of Minneap-
olis flax buyers appeared before the
state commission with some grievance in
reference to the grading of flax. The
late or second crop of flax, was not
nearly as good as the first crop, and the
grading has consequently been much
lower. The Minneapolis men are not
satisfied with the grade they have been
receiving.

IS WANTED FOR MURDER.

A Man Arrested in Michigan Accused of Mur-
der in Dakota.

BUCHANAN, Mich., Nov. 20.—A dis-
patch received by a deputy sheriff here
from North Dakota states that George
Swearing, who is under arrest for com-
mitting a deadly assault upon his father-in-
law, August Vetter, is also wanted in
North Dakota for a murder committed
there six years ago.

He will probably be surrendered to
Dakota authorities and stand a
chance of suffering the death penalty.

Almost Asphyxiated.
ST. PAUL, Nov. 20.—John Crumpton,
Mr. and Mrs. James McDonald and
John McDonald reside at 145 Custer
street. Last night, before retiring, they
filled the stove with coal and then turned
off the damper so the fire would keep all
night. They went to bed and to sleep.

The stove began to leak gas and by
morning they were unconscious. The
neighbors broke into the house. The
three inmates were found in the last
stages of asphyxiation and were restored
to consciousness and will recover.

Misapplied the Funds.
EAU CLAIRE, Wis., Nov. 20.—The
police are after William Roof, treasurer
of the Federated Labor union, here. He
is accused of misapplying the funds of
the union in his possession. He would
fix up the bank book to show deposits
credited, but the trustees became sus-
picious and began an investigation. He
is a man of a family and recently failed
on a contract to construct a sewer for the
city.

His Skull Fractured.
EAU CLAIRE, Wis., Nov. 20.—August
Voss had some heavy shuffling fall on
him in a paper mill yesterday. His
skull was fractured, his arm broken and
his hand smashed. He is still alive.

A Strike Ended.
GLENNWOOD, Wis., Nov. 20.—The
coopers employed by the Glennwood
Manufacturing company, who have been
on a strike for an advance of 2 cents for
eleven months, returned to work yester-
day. Differences having been satisfactorily
adjusted.

In the cuisines at all the fashionable
summer resorts Dr. Price's baking pow-
der is preferred to any other.

WILL BE BITTERLY FOUGHT.

An Illinois Insurance Company Charged With
Being a Lottery.

CHICAGO, Nov. 20.—The hearing of
the case of the Illinois Mutual Life In-
surance company, charged with con-
ducting a fraudulent business of the na-
ture of a lottery, was begun in the United
States district court today, Judge
Allen presiding. The case is a noted
one, derivatively additional interest from
the prominence of the president of the
company, ex-Governor J. L. Beveridge,
of Illinois.

The charges made by the government
are similar to those brought against the
Guarantee Investment company, whose
president, McDonald, is now under an
eleven months' jail sentence for using
the mails for lottery purposes. Promi-
nent counsel appeared for the defend-
ant company and the case will be bitter-
ly fought.

TO RECOVER THE MONEY.

Suit to Obtain Money Paid on a Fraudulent
Insurance Claim.

INDIANAPOLIS, Nov. 20.—Lawyer Al-
bert W. Wishard was instructed by tele-
graph from Philadelphia today to file
suits for the recovery of the money ob-
tained by H. M. Howard, now under ar-
rest at Boston, part of which is on de-
posit in a bank in this city. The title of
the complaint filed is the "Fidelity Mut-
ual Life association against H. M. How-
ard, alias H. M. Holmes, alias Herman
Mudgett, and Georgiana Howard."

The plaintiff alleges that he is engaged
in the business of life insurance, and that
he issued a policy on the life of one
B. F. Fittel, for \$10,000; that by a
mistake on the part of the plaintiff, the
deception and fraudulent representation
on the part of the defendant, said
Howard received the sum of \$1000;
that afterward the plaintiff discovered
that B. F. Fittel was still alive; that the
proofs of the claim were spurious and
fraudulent and made for the express
purpose of cheating the plaintiff out of
the insurance money; that the defendant
fled the country, turning over and pay-
ing to his co-defendant, Georgiana How-
ard, a large portion of the \$10,000, which
the defendant deposited in the bank in
this city. An affidavit for a writ of at-
tachment is also filed.

TO EXPEDITE BUSINESS.

A New Order Issued by the Commissioner of
Pensions.

WASHINGTON, Nov. 20.—Commis-
sioner Lochren, of the pension office, has
issued an order destined to expedite busi-
ness in the office and to especially re-
duce the amount of time taken up in
answering pension claimants and attor-
neys as to the status of certain cases. It
has also been decided not to furnish the
claimant or attorney information a sec-
ond time as to the status of the case.

The circular issued today provides for
a systematic manner of giving the in-
forming pension claimants and attor-
neys of the status of their cases. The
particular case inquired after into every
division where it is required to be con-
sidered. It is claimed that the new or-
der will result in largely expediting the
adjudication of pension claims, as the
commissioner can be readily informed as
to the progress of the work in the differ-
ent divisions.

DEPREATIONS BY INDIANS.

Three Women and Two Men Killed and Cattle
Driven Off.

URES, State of Sonora, Mex., Nov. 20.
—A courier from the town of Soyopa,
situated in the Yaqui river valley, south-
west of here, has just arrived bringing
information of daring depredations com-
mitted near that place by a band of
Yaqui Indians.

The ranch of Pedro Hernandez was
visited by a band of ten warriors, and
three women and two men belonging to
the Hernandez household were killed in
cold blood. Hernandez happened to be
in Soyopa at the time of the raid. The
Indians, after committing the murders,
burned the ranch buildings and drove off
several hundred head of cattle toward
their rendezvous in the mountains.

WESTERN BASEBALL LEAGUE.

St. Paul and Other Cities Want to Succeed
Sioux City.

CHICAGO, Nov. 20.—The adjourned fall
meeting of the Western Baseball league
was convened at the Wellington hotel at
noon today. The delegates were of di-
vided opinion as to what city would suc-
ceed Sioux City in the league. St. Paul,
Omaha and Columbus each had sup-
ports among those present.

There was some revival of the talk of
a Chicago Western League club, but
such action was considered improbable.
Owing to the differences of opinion exist-
ing, it was not thought that any definite
action would be taken before tomorrow.

Hogs Dying From Cholera.

JOLIET, Ill., Nov. 20.—The farmers in
Will and adjoining counties are suffering
a great loss by hogs dying from cholera.
There seems to be a great epidemic in
this section as thousands of hogs have
died the past week. Many of the farm-
ers are hauling their swine into the mar-
kets and selling them for whatever price
they can get.

The Hedgepeth Exposure.

ST. LOUIS, Nov. 20.—Late last night
an effort was made to see Jephthah D.
Howe and get his statement as to the
Hedgepeth exposure but he was not at
home and could not be found. Alphonse
Howe, his brother, reluctantly gave the
information that he had left the city soon
after being released on bail, but refused
to tell where he had gone.

Small savings make great fortunes.
No economy so helpful as that attained
by using Dr. Price's baking powder.

Runyon Takes Action.

BERLIN, Nov. 20.—The United States
ambassador, Hon. Theodore Runyon, at
noon today, had a conference with Fre-
derrich Marschall Von Bieberstein, the
imperial secretary of state for foreign
affairs, in regard to the prohibition
against the landing of American cattle,
fresh meat and German. It is under-
stood that the United States ambassador
submitted new expert proofs that there
was no danger to be apprehended from
Texas fever.

A Foreclosure Suit.

DENVER, Nov. 20.—Papers in the fore-
closure suit begun in St. Paul Nov. 17 by
George Gould and Russell Sage, trustees
for the bondholders, to foreclose the
mortgage on the Denver Pacific Railway
and telegraph company, have been filed
in the United States court at Denver in
order to facilitate court proceedings that
may be found necessary in the future.
This is the portion of the Union
Pacific system between Denver and
Cheyenne.

Would Like to Be Senator.

CHICAGO, Nov. 20.—Ex-Congressman
George E. Adams will be a factor in the
contest for the Illinois senatorship. In
an interview yesterday he said: "If the
Republican party takes the senator from
Cook county (Chicago) I shall be glad to
have my name considered."

Panton & Watson,
GLASS BLOCK STORE.

Popular Prices

Are the irresistible powers that move
the modern world more than the fabled
lever of Archimedes. They burden the
railways, through the theaters, and
crowd the Glass Block with multitudes
who know enough to know they are
getting more than value received for
their money. Old timers, relics of the
fossiliferous age of merchandise, whose
sole and only idea of profit is 100 per
cent, stare aghast at prices that seem
to them the acme of folly and the death-
knell of trade.

Here's For Tomor- row and Next Day!

Every Price we Make
Acts Like a Magnet!

HALF PRICE

Dress Goods!
After the immense
business done during
the past week we find a
large accumulation
of short ends and rem-
nants which we are com-
pelled to dispose of

WEST DULUTH ITEMS.

Improvement of Grand Avenue Under P. R. McDonnell's Contract Is Complete and Estimates Are Being Made.

It is the Most Elaborate Improvement Which Has Been Made in the City This Year.

Bridge is the Largest in the County and Cost \$15,000—Great Western Men Still Out.

The improvement of Grand avenue under the contract of P. R. McDonnell is practically complete and the engineering department is now busy figuring up the estimates of the work. The contract is the largest single one completed in the city of Duluth this year, the estimated cost amounting to about \$12,000. The bridge alone, which is the largest road bridge in the county, cost about \$1,000. It is 780 feet long, 66 feet wide and 40 feet high. The foundation rests on 350 piles. The structure contains 777,000 cubic feet of timber.

Grand avenue is eighty feet wide and the street where this latest improvement is made is macadamized for a distance of forty-four feet, with stone gutters, sidewalks 5 feet 4 inches, with grass plots of six feet on either side. From the Wheeler tract at Hazelwood Park where the street is now being gravelled to Spirit Lake, Grand avenue is now in good condition for travelling, the ravines all being bridged and an almost perfect level attained. With the exception of London road this thoroughfare is the prettiest drive leading out of the city and is destined some day, at least a portion of it, to be one of the main business streets. The attention of the park commissioners is called to this street as one worthy to be beautified with shade trees.

Want All Their Money.
The men are still out at the Great Western and there is nothing new in the status of affairs, except that the company offered to pay the men a certain per cent of their wages if they would return to work. This they refused to do.

West Duluth Briefs.
E. C. Stewart is down from Barnum. Christopher Murphy and wife, of Grand Marais, have been visiting in the city for a few days.

Hugh Brown, of Grand Rapids, Minn., is in the city looking over his business interests.

George A. Fay, the explorer, is again in the city.

The Bohemian club will give an entertainment at Great Eastern hall next Saturday evening.

Company H will hold an election for second lieutenant tomorrow evening to take the place of F. Roen, resigned.

Two good 7-room houses, for rent, cheap; city water and electric lights. Scott & Olafson, West Duluth.

John Galloway, of the Leisure mill, and his family, are stopping with Capt. Randall.

Bismarck has always been particular about the quality of his cookery, so is every one who uses Dr. Price's cream baking powder.

Winter Tourist Tickets.
The St. Paul & Duluth railroad have now on sale low rate excursion tickets to winter tourists points via San Diego, Los Angeles, Santa Barbara, San Francisco, California, Jacksonville, St. Augustine, Orlando, Winter Park and Indian River points, Florida and other southern and Texas points. For rates and full information call on or address city ticket office, 401 West Superior street, corner Palladio building.

R. B. Ross, Agent.

Through sleeping car service to Milwaukee via the Wisconsin Central leaving Duluth at 3:30 p. m., arriving at Milwaukee at 7 a. m. and Chicago at 9:20 a. m. For sleeping car reservations and tickets call on

F. E. DONAVAN,
C. P. and T. A., N. P. R. R.,
416 West Superior street.

Money on hand to loan on improved property.
WILLIAM MACRAE,
713-714 Torrey Building.

A Good House and Fine Lot Very Low in Price.
This house has eight rooms and modern in the best part of Duluth. \$800 will buy it. Easy terms if desired. The ground is worth \$7000. I mean just what I say. Do you want it? For sale by
GEORGE H. CROSBY,
314 Palladio Building.

They can't beat the Ohio steel range and is hard to try it, for its good qualities and operation we have 500 of the best citizens advertising the Ohio. Don't take our word, ask them.

DULUTH HARDWARE COMPANY.
For sale, atlas of Duluth and Superior, also letter press and stand. Apply at 714 Torrey building.

MADE LIFE A BURDEN.

Miss G. F. CLAWFORD, of Lincoln, Mo., writes: "For years I suffered monthly from periodic pains which at times were so acute as to render life a burden. I began using Dr. Price's Favorite Prescription. It gave me relief in a few months and benefited me so much that I was able to do my household and home-treatment recommended in his treatise on Diseases of Women, that I with every woman throughout our land, suffering in the same way, may be induced to give my money for a fair trial."

"Favorite Prescription" is a powerful, yet non-vigorating tonic and a soothing and strengthening nerve, purely vegetable, perfectly harmless. It regulates and promotes all the proper functions of womanhood, improves digestion, enriches the blood, dispels acids and pain, brings refreshing sleep, and restores health and vigor. For every "female complaint" it is the only remedy so sure to cure. B. W. SWINER, Duluth, Minn., writes: "I have cured my money back."

WINTER TOURS.
Low excursion rates now in effect via The Northern Pacific to all winter resorts in Georgia, Florida, Alabama, Louisiana, Texas, Arkansas, Mexico, Arizona and California.

As usual the accommodations are far superior and the time much quicker than via other lines. See that your tickets read via the "Omaha," thereby being assured of first-class service over direct routes.

Tickets, folders and full information at 405 West Superior street, Duluth.

B. W. SWINER,
City Ticket Agent.

WHEAT WAS WEAK TODAY.

Lack of Strength Caused by Lower Cables, Large Receipts and Smaller Demand.

Lower cables, large receipts and the lessening demand for cash wheat caused a weaker market here today. It started weak at 82 1/2c. The first trading in May was at 82 1/2c. It advanced 1/2c but slumped to 82c by 10 o'clock. Later it recovered to 82 1/2c, with dull, slow trading and the market closed with buyers of cash at 82c below yesterday and sellers of futures at 82c below. Trading in cash wheat was light. The mills were not in the market, the bulk of the wheat being shipped to arrive, and consequently the offerings were light.

Following were the closing prices:
No. 1 hard, cash 81 1/2c; November 81 1/2c, No. 1 Northern cash 81 1/2c, November 81 1/2c, December 81 1/2c, May 81 1/2c, No. 2 Northern cash 80 1/2c, No. 3 80 1/2c, No. 4 80 1/2c, No. 5 80 1/2c, No. 6 80 1/2c, No. 7 80 1/2c, No. 8 80 1/2c, No. 9 80 1/2c, No. 10 80 1/2c, No. 11 80 1/2c, No. 12 80 1/2c, No. 13 80 1/2c, No. 14 80 1/2c, No. 15 80 1/2c, No. 16 80 1/2c, No. 17 80 1/2c, No. 18 80 1/2c, HIGH-WATER MARK.

The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN.,
Nov. 20.—A low pressure area of moderate energy
has moved southeast from the Great Lakes, and
is now over the Gulf of Mexico. The barometer is high in
the Middle Atlantic states. Snow is reported in the
northern portion of the upper lake region, Northern
Minnesota, Manitoba and North Dakota, and the
weather is threatening in the Upper Mississippi valley
and lower lake region. It is much warmer in the lake
region, the Upper and Middle Mississippi, Lower
Missouri and Red River valleys, and elsewhere, with a
temperature of 5 degrees below zero. Duluth temperature
yesterday, 11 degrees; minimum yesterday, 6 degrees
below zero; precipitation for the twenty-four hours
ending at 7 p. m. today, .26 inch.SALT LAKE, UTAH, Nov. 20.—Depth of
water at Salt Lake falls about 14 ft. 4 in. Forecast
for the next thirty-six hours, rising.DULUTH, Nov. 20.—Local forecast for Duluth
and vicinity till 8 p. m. tomorrow: Snow today;
fair and colder tonight and Wednesday; light
easterly winds becoming brisk north and northwest
tomorrow.

JAMES KENEALY, Local Forecast Official.

CHICAGO, Nov. 20.—Forecast till 8 p. m. to-
morrow: For Wisconsin—Local snow today and
tomorrow; Wednesday light snow in east and fair
in west portion; colder; brisk easterly winds
shifting to northwest by Wednesday morning.
For Minnesota—Light snow today and tonight;
colder tonight; Wednesday fair with colder in
east portion; fresh to brisk northwest winds.

The Armenian Outrages.

The stories which come from Armenia
concerning the Kurdish atrocities are
shocking in the extreme. Thousands of
the Armenians have been massacred in
cold blood. Even defenseless women
and children were not spared. The
women and young children were sub-
jected to the most brutal treatment and
were stabbed to death by the bayonets
of the fiendish soldiers. Little children
were slaughtered before their mothers'
eyes. Sucking babies were impaled
upon their mothers' breasts. This is but
a mild description of the awful outrages
that were committed.This is not the first time that such ter-
rible atrocities have been perpetrated in
Armenia. It is an old story, which has
been told before, and without any de-
cisive action being taken to prevent
the recurrence of such awful
deeds. Under the treaty of Berlin
it is made the duty of the European
powers to see that the Armenians are
protected from such outrages, but so far
great powers have failed to intervene
and compel the Turkish government to
give these poor people the protection
they require and to punish those who are
guilty of the shocking crimes. An ap-
peal has been made by Armenians resi-
dent in this country to President Cleve-
land to send a protest to the great pow-
ers regarding their failure to perform
their duty according to the treaty of Ber-
lin. It is to be hoped that President
Cleveland will accede to the request of
this appeal and will make known to the
nations of Europe that America is
shocked at the perpetration of such hor-
rible atrocities and surprised that the
Christian nations of the Old World have
not taken steps to prevent their repeti-
tion.The sole offense of these Armenians
appears to be that they are Christians
and generally more civilized than other
people in the Orient. The Turk hates
them because they are Christians and he
robs and murders them on the slightest
pretext. Article 61 of the treaty of Ber-
lin, to which Russia, Great Britain,
France, Germany, Italy, Austria and
Turkey were parties, reads as follows:
"The sublime porte engages to realize
without delay those ameliorations and
reforms that local needs require in the
provinces inhabited by the Armenians,
and guarantees their security against the
Circassians and the Kurds. It under-
takes to make known, from time to time,
the measures taken with this object to
the powers, who will watch over their
application." The European signatory
powers are enabled by the last sentence
to enforce Turkey's guaranty for the pro-
tection of Armenia against invasion and
massacre by the Kurds. Instead of pro-
tecting the Armenians, there is good
reason for believing that Turkey has
encouraged the Kurds to commit these
frightful atrocities. And the European
nations have done nothing as yet to call
Turkey to account. In view of such a
state of affairs it is to be hoped that
President Cleveland will make known to the
great powers what the country thinks
of their inaction and shameless indiffer-
ence.In discussing this matter, the Chicago
Inter Ocean says: "The recent out-
rages in Armenia are more than barba-
rous. They are inhuman. A joint note
from all the signatory powers, or even a
joint protest by two of them, would bringTurkey to its senses. The hope of the
Turks, the dread of the Armenians, is
that the international jealousy of Britain
and Russia may lead the one to
prevent any action by the
other, and that each may draw
other nations into support of a
policy of disgraceful masterly inaction.
Nevertheless, the moral sentiment of all
Christendom calls upon the powers to
enforce the conditions of article 61 of the
treaty of Berlin. If they do not, war may
follow these atrocities in Armenia as it
followed the Bulgarian atrocities of 1876.
Russia will have as good excuse for in-
terfering in Armenia in 1894 as she had
for interfering in Bulgaria. The part of
Armenia ceded to Russia under the
treaty of Berlin has been peaceful be-
cause the Armenians on that side of the
line are treated just as are the Russians."The President's Riches.
Grover Cleveland is a wealthy man, ac-
cording to the stories of those who are
thought to be in a position to know
something about his possessions. The
declaration of Congressman-elect How-
ard, of Alabama, that President Cleve-
land is worth \$4,000,000 is undoubtedly
true, but the figure he gives is believed
to be too small. People connected with
Wall street assert that he is worth nearer
\$6,000,000. He made several very suc-
cessful deals in Washington real estate,
netting \$1,000,000 on the Kedtop transac-
tion alone.But all his wealth has not been made
in real estate. A Washington corre-
spondent says the bulk of the rest of his
wealth is supposed to have resulted from
successful speculation in Wall street.
He has not speculated in his own name
so far as is known, but according to re-
ports he has permitted his friends to do so
for him. This may or may not account
for certain of his friends knowing of
Cleveland's intention to issue another
\$50,000,000 of bonds before even the
secretary of the treasury was aware of it
himself. It is not hinted that President
Cleveland has made an improper use of
his position. It is simply thought that
he has taken the tide at its flood which
leads to fortune. Whatever the truth of
the matter, this much is regarded every-
where as certain—no public man ever
entered into national life so poor as did
Grover Cleveland and acquired a fortune
of such great proportions as he is said to
have done in so short a time. And then
the old question arises, can a man amass
a fortune of \$6,000,000 honestly in a few
years?The Tin Plate Industry.
A correspondent of the Philadelphia
Manufacturer asked that journal for spe-
cific information respecting the condi-
tion of the American tin plate industry.
He also asked if paying deposits of tin
have been uncovered in this country.
The Manufacturer says the answer to the
second question must be no. The latest
official information concerning American
tin plate brings the figures down to
March 31, 1894. From July 1, 1891, to
July 1, 1892, the total production of tin
and terne plates in this country was 13,
646,799 pounds. For the nine months
ending March 31, 1894 it was 2,622,053
pounds. At the same ratio the product
for the year ending June 30, 1894, would
have been about 275,000,000 pounds.During the first year of the operation
of the industry but 9,000,000 pounds of
domestic black plates were used. Dur-
ing the second year 41,000,000 pounds
were used. During the third year about
70,000,000 pounds were used. During
the whole period of two years and nine
months domestic and foreign black
plates were used in the following pro-
portions: American black plates, 105,
353,135 pounds; foreign black plates,
100,359,918 pounds.This is the record of an industry of
which it was said that it would not make
the black plates, and that we could not
coat them with tin. Had the higher duty
been continued no reasonable man can
doubt that, within a few years, we should
have supplied the total domestic demand
(three-quarters of all the tin plate used
in the world) from American mills.
Meantime prices have not advanced.President Cleveland's recent extension
of the civil service rules brings about
3000 government employees under them
for the first time. There are thirty-two
custom houses employing more than
twenty persons. Eleven of these are
already under civil service rules, and theMAIL

Big Snaps Again

In the Millinery Dept.

Have a Bird?

Here's a Flock Of a Thousand

Ranging in prices at \$1.50, \$2.00, \$2.50, \$3.00, \$3.50, \$4.00, \$4.50, \$5.00 and \$5.50;

All go on sale Tomorrow at

69c Each

Anything the matter with them, you ask?

We say they are perfect, it is merely our determination to out-do in our line. Now, anyone will sell things "old and out of style" cheap. But these Birds are most stylish right now; in fact, a Hat is not a Hat without its Bird, this season. So you see we do it for the good it does the Store.

Parrots, Swallows, Tangier Birds, Crested Birds, Birds of Paradise, Sea Gulls, French Owls, Mercury Birds, Yellow Paddies, East India Cranes, Humming Birds and Birds of all kinds.

THE WATER PURCHASE

The Council Will Meet Tomorrow Afternoon to Consider the Question in All Its Phases.

An Ordinance Accepting the Plant Will Be Presented and Will Be Discussed By the Aldermen.

Amendment to the Peddling Ordinance Introduced by Alderman Hale—Election Bills and Expenses Allowed.

When President Howard rapped the city council to order last evening, a little after 7:30 o'clock, only eleven out of the sixteen were on hand to answer to their names. They came straggling in during the evening until all were present save Aldermen Harwood, Lerch and Hale.

August Rabein, who claims that on Sept. 7 he had some bones in his foot crushed because of a defect in the steam roller which he was operating for the city, sent in a communication saying that in consideration of a speedy settlement and as a compromise, he would accept \$1250 damages and call off his suit against the city. Referred to the city attorney.

Election bills, judges and clerks' salaries, rent, etc., were passed to the amount of \$1880.75 while special police bills were passed to the amount of \$1750.

The bonds of the American Exchange and Security Bank, in the sum of \$50,000 each, as local depositories for city funds, not to exceed \$25,000 at any one time, were approved.

Fredrick Wilson, contractors, were allowed a final estimate of \$6000 on the new central fire hall. The building has been completed and the city has accepted it.

The board of fire commissioners received permission to advertise for bids for 2000 feet of new hose.

Mayor Lewis submitted a summons and complaint in a suit on sidewalk assessments, instituted by W. O. Winston et al. Referred to the city attorney.

High protection was endorsed by an amendment to the peddlers' ordinance, introduced by Alderman Hale, by proxy, as he was absent in person. This new wrinkle imposes an annual tax of \$500 on all such temporary institutions as fire sales, bankrupt stocks, a six months' license will cost \$500, three months \$200 and one day \$50. Read and referred.

Alderman Getty moved that when the council adjourn it to until 2 o'clock today. Alderman Patterson amended by proposing Wednesday evening at 7:30 o'clock as the hour. The amendment was lost by a vote of 6 to 5.

Alderman Goldsmith stepped into the breach and proposed Tuesday morning at 10 o'clock. That motion was lost by a vote of 6 to 7.

Alderman Getty moved Wednesday afternoon at 2:30 o'clock and his motion to that effect prevailed by a vote of 9 to 1.

The special meeting will be devoted to the water works purchase business. At the caucus yesterday afternoon Superintendent Craig and Attorney Squires of the gas and water company were present and for two long hours, the ordinance accepted by the council for disposition was discussed in detail. It was taken up section by section and the session did not close until 6 o'clock. That discussion will be continued Wednesday afternoon and it may be that it will close with some definite action on the part of the council.

An infallible guide to ideal results in cooking—Dr. Price's baking powder.

Week's Flour Figures.

The flour output last week at the head of the lakes was 92,213 barrels and of this 81,410 barrels were shipped. The stock on hand was 61,532 barrels. Rail receipts for the week amounted to 245,000 and shipments 75,000.

You Deserve a Good Shaking.

And chills and fever will give it if you don't take defensive measures to escape the periodic scourge in a region where it is prevalent. The best safeguard and remedy is Hostetter's Stomach Bitters, which is free from any objections applicable to quinine, and is infinitely more effectual. Wherever on this continent and in the tropics malarial complaints are most virulent and general, the Bitters is the recognized specific and preventive. It does not mitigate, but eradicates chills and fever, bilious remittent, dumb ague and ague cake. For rheumatism, inactivity of the kidneys and bladder, for constipation, biliousness and nerve inquietude it is of the greatest efficacy, and the unsolicited testimony in its behalf of eminent medical men leaves no reasonable doubt that it is one of the most reliable family medicines in existence. Use it continually, and not by fits and starts.

Wm. E. Lucas,

1 Exchange Bldg.

Fire insurance written in good, reliable companies.

I have today only one house unprovided for and this will go cheap to the first responsible applicant.

Money to loan on the usual security and at low rates.

Some desirable properties for sale in the best parts of Duluth.

AMUSEMENTS.

Nat C. Goodwin.

Tonight Nat C. Goodwin will appear at the Temple in "David Garrick." He has been playing this but a little over two weeks and has already won great praise for it. It has unquestionably lifted him several steps higher as a comedian. Goodwin has been taking great strides within a few years and the American public today has a far different idea of Nat Goodwin than it did three years ago. The farce, "Lend Me Five Shillings," will be presented also, and Mr. Goodwin's impersonation of Gough is said to be extremely funny.

Tomorrow night "In Mizouza" will be presented. "In Mizouza" is declared to be the great success of the present year. The play is beautifully staged, with every attention to detail, and admirably acted by a company unusually strong for the support of a star. There are several strong character parts besides that of Mr. Goodwin, and all the principal members of the company have something to do to worthy of their best efforts. That "In Mizouza" will duplicate here its success in New York and Chicago there is little ground for doubt.

Gen. Gordon's Lecture.

Gen. John B. Gordon will lecture Friday evening at the First Methodist church on "The Last Days of the Confederacy." He is thoroughly competent to speak on that subject having been Gen. Lee's chief of staff. He is now the United States senator from Georgia and a figure in the American history. His lecture is highly praised everywhere. In Brooklyn it was well received. The Citizen said of it:

"Tributes to American women on both sides, tragic incidents and trivial ones, with an element of pathos that made the audience in turn break forth in applause and tears and smiles, marked the lecture. The midnight inspections of picket lines, with half-humorous, half pathetic happenings; charges that rivaled that of the famous Six Hundred, hairbreadth escapes when inadvertently handkerchiefs in the enemy's lines, quaint phrasings of the reasons for the confederates for crossing into the North; romantic episodes of reunion after years of once opposing generals; and, in closing, the story of an eye-witness and participant of the last scene of all, the surrender of Appomattox. Such was the lecture."

The condemning of alum as an unwholesome ingredient in baking powders by the government authorities, as well as by physicians generally, has not deterred manufacturers of such powders from losing them on an unsuspecting public.

Following is a partial list of the alum powders found in the stores:

"Calumet," "Chicago Yeast," "Kentucky," "Grand's Baking Powder," "The One Spoon," "Climax," "Snow Puff," "Snow Ball," "Giant," "Milk," "Crown," "Sprig," "Silver Star," "Davis O. K.," "Forest City," "Monarch," "Loyal," "Manhattan," "Crystal," "Hatchet," "Home," "Echo," "Perfection," "White Rose," "Imperial."

It is safe to reject all brands sold with a price. All powders sold at 25 cents or less are poisonous.

Dr. Wiley, the government chemist, in his official examination of baking powders at the World's fair, threw out all "alum powders," classing them as unwholesome.

Slattery's Lecture.

Large Audience at the Lyceum Hear Roman Catholicism Attacked.

A large audience heard John Slattery, the ex-priest, at the Lyceum last night. His subject was "Why I Left the Roman Catholic Church and What I Saw There," and his talk contained the usual charges against the Roman hierarchy and the dogmas of the church. Slattery has a Hibernian tongue that gives a good deal of pleasure to his hearers, and he is at least heard with interest by those who attended.

His lecture was largely a recital of his own history. He told how he was educated for the priesthood, and incidentally gave a roast to the Roman Catholic moral theology, which he said was forced to study. He said it should be called immoral theology, and that if it was translated it would be suppressed as obscene literature.

He said that he was ordained as a priest in May, 1880, and continued in the priesthood for eight years. He had a silly words to say about the American priesthood, and that if there was a "tainted" body of men in the world it was the American priests.

As proof of this he told how his archbishop in Ireland refused to allow his young priests to go to America, although it had been the practice to dispose of a superfluity of priests in that way, because he feared the result of contact with American priests.

He said the people had no voice in the administration of the church, and that if the body of intelligent men who are in the church could have a voice and vote in the matter there would be less tyranny.

In telling of the reasons that induced him to leave the church he narrated several experiences which he said shocked him. He told of his experience in a parish containing a convent of the enclosed order of Carmelites, and said that the nuns were never allowed to see the light or the faces of their friends or relatives. He said that the people who freed the slaves should rise in their might and demand that every convert from Maine to California be opened to public or government inspection.

He said that people should not send their children to convents to be educated because he had known hundreds of nuns and not one of them was educated. He ridiculed the forms and dogmas of the church, and showed the waters used in administering communion. At the close he denounced the priest's vestments.

This afternoon Mrs. Slattery spoke to women only, and tonight Slattery speaks to men only.

I would like to express my thanks to the Metropolitan Life Insurance company of New York for the prompt payment of \$500 insurance on the life of my sister, Miss Sarah Woolcock, through their local superintendent, L. J. Wentz, of the Chamber of Commerce. I recommend this company to all who desire good insurance.

Mrs. JOSEPHINE GILLENLAD, 2401 Fourth street west.

We have a few thousand dollars to loan on unimproved property.

RICHARDSON & DAY, 35 Exchange building.

THE CHAMBER CONCERT.

Fine Musicale Given Last Evening at the High School.

The attendance at the chamber concert last evening at the High School was not as large as could have been desired but looked smaller than it really was because of the size of the auditorium. It was a musical treat and was heard with great pleasure, applause being freely bestowed. The musicians were not all as popular too greedy, they demand that every number be repeated.

J. Armour Galloway, the Chicago basso, easily carried off the honors of the evening. His "Mizouza" was a fine piece of music, and it is to their great credit that they recognized his talent and gave him a very high, and only a few years ago, it could have been had for the asking.

The situation of this town at the head of this great inland sea must secure its rapid growth. Passenger boats start from here down the lake. We saw one start on a journey of 1200 miles. Her owners claim that she is the fastest steamer afloat.

"Superior, a few miles away, is a town where the poet quanta grain is stored and shipped. The Great Northern elevator alone has a capacity for 2,000,000 bushels of wheat or corn. Ships as large as the ocean going steamers load here and carry loads to the different parts of the world. This is reshipped for Europe. The great bulk of the passenger boats start from Duluth. This boat was built to be one of the fastest in the world. She had a large number of passengers and crew. We visited this district, but time would not permit.

"On our return from Duluth we called at Clouet. This place is in the pine forests. There are several large lumber camps here, employing a large number of workers. A good deal of cleared land in this district, which grows good crops. We saw a man named John White, who had a farm which a few years ago was all timber. Now it is growing wheat, oats, potatoes and every kind of garden produce, including tomatoes. This produce he sends to Duluth and Superior, and he said he had a good deal of business there. He said he had a large land in market which he bought at 30 to 50 cents per acre. There is a large amount of labor in this land before it is cleared. We saw a man named John White, who had a farm which a few years ago was all timber. Now it is growing wheat, oats, potatoes and every kind of garden produce, including tomatoes. Come to our store and we will sell you one at half their price, and one we will guarantee will not crack with heat.

F. A. Parker Company,
28 West Superior Street.

DOES TWO MUCH TALKING.

One of the Canal Engineers is Liable to Be Called Down.

May, Sears was quite surprised to read in the morning paper an article taken from the Superior Leader on the Lake Superior-Mississippi River Canal company. The report evidently came from the engineer of one of the parties, which was sent out and if this proves to be true somebody is going to get a raking over the coals such as will make his hair stand on end. The government is quite particular in regard to the disclosures of results attained in any line by subordinates before reporting to their superior officers and does not countenance it in the least.

As to the correctness of the matters contained therein, May, Sears can say nothing, no report having been made to him. Anyway, it is only the report of one surveying party and three were sent out.

The first surveying party was sent out yesterday in charge of Quincy A. Thomas. There were seven or eight men in the party and they will go out along the St. Louis river. The other parties which have gone out have been only preliminary ones.

Awarded Highest Honors—World's Fair.

Davey, 1201 West Third street; Mary A. Borland, 416 Second avenue west. This is the way they go every day.

TO FACE THE CHARGES

George A. Elder Came in From Chicago This Morning to Answer the Indictments Against Him.

He Prefers to Have Nothing to Say Until He Consults J. L. Washburn, His Attorney.

The Trial of the Hulett Will Cases Was Begun in the District Court Today.

When the Omaha train arrived from Chicago today at 1:30 p. m.—three hours late—George A. Elder climbed off. He is here to answer to the indictments against him in connection with the management of the American Loan and Trust company. The charge is grand larceny in the first degree.

Mr. Elder was seen by a Herald reporter shortly after his arrival. He smiled pleasantly and did not seem to consider himself in a dangerous position. He said that while he would not be unwilling to make a statement he considered it best to wait until his attorney, J. L. Washburn, returns from St. Paul. He is indignant at the reports that he was trying to escape the officers in Chicago and says he does not believe they were after him, as he was on the streets there every day.

When Mr. Washburn arrives, which will probably be tomorrow morning, Mr. Elder will appear before the court to answer to the charges made. Mr. Washburn telegraphed from St. Paul last evening that Mr. Elder would be here today and said: "Whatever the transactions of the American Loan and Trust company may have been, there is nothing from which Mr. Elder will run. He will stand his trial and assume all the responsibility that is due to him, and will expect others to do no shirking."

The Hulett will case came up this morning before Judge Moer, Senator Davis and H. S. Nathan appearing for Mrs. Hulett and Judge Spencer again. The Hulett will case came up this morning before Judge Moer, Senator Davis and H. S. Nathan appearing for Mrs. Hulett and Judge Spencer again. The Hulett will case came up this morning before Judge Moer, Senator Davis and H. S. Nathan appearing for Mrs. Hulett and Judge Spencer again.

On account of a scarcity of juries Judge Moer was forced to adjourn court until 2:30, at which time the trial of the cases was begun. The property which is the subject of the litigation is quite large and consists of the trial of the cases was begun. The property which is the subject of the litigation is quite large and consists of the trial of the cases was begun.

Yesterday afternoon at 6 o'clock the jury took the case against William and Alfred Johnson, and at 6 o'clock a verdict of guilty was returned. On account of the youth of the defendant and the fact that it seemed from the evidence that she had not been a willing participant in her father's crime, the jury returned with the verdict a petition for mercy in her case, and a petition to the governor for pardon.

The next case was against William Matson, of Biwabik, who was accused of assault in the second degree. The case was given to the jury at 11 o'clock this morning and it took only fifteen minutes to find a verdict of guilty. The next case was that against Mat Johnson, of Biwabik, for assault in the second degree. He is accused of laying out one of his friends in a pool hall over a little social game. The case will be taken up by Judge Baxter, who and who will continue with the criminal cases to allow Judge Moer to hear the Hulett case.

Sentence was Suspended. This morning the plea of not guilty to grand larceny in the second degree in the case against Abe Finkelstein was withdrawn and a plea of guilty to petit larceny entered. Sentence was suspended on account of the prisoner's penitence and youth.

Before Judge Baxter this morning judgment was rendered in Pat Tracy against Ed Pikard by default. There being no appearance on the part of either party in the case of C. M. Hill against John Koski, the case was dismissed.

John Peterson et al. against F. L. Johnson et al., an \$87 promissory note suit, was on trial at noon before Judge Baxter. When that was concluded he expected to take up the criminal cases. The cases against Peter Rown were still on before Judge Ensign at noon. It was expected that they would be finished this afternoon some time, when the Levine insurance cases will be taken up.

Marvelous Results. From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the remedy. While I was pastor of the Baptist church, pneumonia succeeded in grippe. Terrible paroxysms of coughing would last hours with little intervals and I was unable to do my work. I was told that Dr. King's New Discovery was quick in its work and highly satisfactory in results. Trial box size 50 cents and \$1.

The Ladies' Aid society of the English Lutheran church will give a supper Thursday and Friday evenings at No. 8 East Superior street, Nov. 22 and 23.

Rouchleau-Ray Company Sells a Piece to the Fayal Iron Company.

One of the biggest iron deals of this year was closed today by Louis Rouchleau and Robert C. Ray for the Rouchleau-Ray Iron Land company. The property transferred is government lot 3, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

The result of Marion Osgoodby's return from Grand Rapids was the making of an assignment today by the Duluth Hospital association to George L. Kelley.

The debts of the association amount to about \$1000 and the creditors will be lucky if they get more than 10 cents on the dollar.

Mr. Osgoodby says that but for the attaching of the office of the association would have come out all right. He claims to have a fine scheme and said he would have made enough on this trip to Grand Rapids to clear up all matters and come out on top had not matters been precipitated as they were.

In regard to St. Mary's hospital he wishes to say that he never sold tickets guaranteeing to send the holders to that hospital. He says he simply agreed if they desired to be sent there to send them.

Anxious to Fight.
Joe Scheby is not having great success in drawing any of the heavyweights but is extremely anxious for a contest. He says he will undertake to knock out any man, black or white, in the North-west in four rounds, Jack Curtiss preferred. He agrees to lose the contest if he does not knock Curtiss out in four rounds and says that while he is heavier than most of the heavyweights he considers this a sufficient handicap.

Marine Matters Quiet.
There is no life whatever in the marine situation, and from all appearances the season is at an end. Nearly everything is shipped that will be and there is no demand for anything. One package freight cargo has been filled out with flour at \$1.05.

The whaleback barge 131 will load lumber at the Merrill & Ring dock. She is the first whaleback to load lumber and the experiment is an interesting one.

SWAMP LAND CASES.

Large Batch of Them on Trial in the Land Office Today.

Assistant Attorney General Andrew Erwin is here today representing the state in a whole batch of contests against state swamp lands. While all the hearings are set today from present indications it will probably take the remainder of the week to dispose of them all. The contests are as follows:

Edward Hutton, homestead entry, sw 1/4, section 10 1/2-22.

William Hancock, sw 1/4, nw 1/4, section 28 64-10.

James Smith, timber and stone entry, nw 1/4, section 32 64-18.

Edward A. Thompson, timber and stone entry, sw 1/4, ne 1/4, and se 1/4, nw 1/4, section 13 65-17.

John A. Birgin, sw 1/4, se 1/4, section 11-58-12.

Peder Friberg, ne 1/4, nw 1/4, section 22-57-18.

Jesse E. Scott, timber and stone entry, sw 1/4, section 4, nw 1/4, section 9 64-15.

Amasa H. Earle, timber and stone entry, e 1/2, ne 1/4, section 35-59-12.

James Delreux, timber and stone entry, sw 1/4, sw 1/4, section 20-58-12.

Jacob Dibble, timber and stone, sw 1/4, section 2, and nw 1/4, section 11-58-12.

Charles E. Williams, timber and stone, nw 1/4, section 35, and e 1/2, ne 1/4, section 34 59-12.

Hannah Mathews, timber and stone, sw 1/4, ne 1/4, section 25-68-22.

Louis Landahl, s 1/2, ne 1/4, section 27-60-19.

Charles E. Gregory, timber and stone, e 1/2, sw 1/4, and nw 1/4, section 5-58-12.

Lucy Hulbert, timber and stone, se 1/4, nw 1/4, and sw 1/4, section 20-58-12.

Amelia Bledlow, timber and stone, se 1/4, sw 1/4, section 33 62-22.

William A. McDonald, homestead entry, s 1/2, se 1/4, section 25 63-4.

Frank G. Tresise, homestead entry, nw 1/4, se 1/4, and sw 1/4, section 24 63-4.

Charles D. Campbell, homestead entry, n 1/2, ne 1/4, ne 1/4, and se 1/4, section 24 63-4.

Alexander Hill, homestead entry, e 1/2, nw 1/4, and nw 1/4, section 5-58-12.

Louis A. Ogaard, homestead entry, s 1/2, sw 1/4, and sw 1/4, section 34 71-24.

Edward L. Anderson, homestead entry, sw 1/4, se 1/2, s 1/2, section 24 63-4.

W. J. Powers, homestead entry, n 1/2, ne 1/4, section 25, se 1/4, section 24 47-20.

Herman P. Degler, homestead entry, n 1/2, nw 1/4, and nw 1/4, section 24 47-20.

Jan Wisell, homestead entry, lots 3 and 4 and s 1/2, nw 1/4, section 5-47-20.

Edward Klutznick, homestead entry, lot 7, section 2 47-20.

Peter Grauberg, homestead entry, n 1/2, se 1/4, sw 1/4, ne 1/4, section 24 47-20.

Frank M. Hewie, homestead entry, s 1/2, sw 1/4, section 13, ne 1/4, section 24 47-20.

W. J. Carlson, timber and stone, e 1/2, se 1/4, section 22 63-15.

JAPAN'S REPLY

The Japanese Cabinet is Willing to Treat Directly With Japan in Regard to Restoring Peace.

Any Proposal China Has to Offer Can Be Made Through the United States Minister.

Minister Dun's Skill as a Diplomat Has Scope for Service in Terminating the War.

Japan Understood the Entire Purpose of This Country Before the Offer to Mediate Was Made.

WASHINGTON, Nov. 21.—The state department has received a cable reply from Japan, through Minister Dun at Tokyo, to the United States' suggestion of mediation. The Japanese legation at Washington has also received from the foreign office in Japan a cable stating that the report has been made and giving its terms. Both were received here Sunday afternoon. The fact that they had been sent first became known through a dispatch to the Associated Press from Tokyo. This much having become known, the officials here make no further concealment of the details of the reply.

The cable to Secretary Gresham is accompanied by unusual dignity and formality, in having the imperial sanction of his majesty, the emperor of Japan. It is rarely that the emperor speaks in diplomatic negotiations, so that his action in this case is evidence of Japan's desire to express its appreciation of the course of the United States. The message is in two parts, the first giving imperial expression to a good will and saying that the success of the Japanese has been such that China should approach Japan directly. The second part is more direct, and says that the Japanese view of the Japanese foreign office, that as China has no minister at Tokyo to submit a direct proposition, it could be made by China through Minister Dun.

The cable to Minister Kurino is substantially the same as the foregoing. The fact that the replies were received Sunday and were not given to the public until now is in part explained by the fact that they were in cipher and of such importance as to require a summary of them was not deemed advisable.

The replies were decided on at a special meeting of the Japanese cabinet on Saturday and were transmitted Sunday night, but the transmission delayed until Sunday. The tone of the reply and the expressions of imperial good will gave much satisfaction to the officials here, and now that the facts are known no further reserve is maintained as to the terms of the negotiations which have hitherto been withheld. It appears that at the outset Secretary Gresham consulted Minister Kurino, as there was no one else to take action which would be otherwise than agreeable to Japan. At a conference between the secretary and the minister, at which Secretary Gresham was present, the entire purpose of this country was made clear. This was before Mr. Gresham had sent the message to Japan suggesting American mediation.

It was made clear that President Cleveland had no desire to mediate the trouble, but on the contrary felt that the exercise of the good offices of the United States might entail a serious burden and responsibility, and possibly excite ultimate feeling by one party or the other. Under these circumstances no action would be taken if Japan thought it would create an awkward situation. Particular stress was laid on the fact that Japan would be entirely free to act as she saw fit; that there was no pressure to have her accept American mediation and that the entire proceeding was due to the belief that this country was in a position to render a service to both belligerents.

These sentiments were cordially reciprocated by Minister Kurino, so that Mr. Gresham had the co-operation of the Japanese minister before the message was transmitted to Japan through Minister Dun. Since then the minister has further co-operated with the secretary and the kindly reply, with imperial sanction, was the result.

A new and important situation is now presented by Japan's proposition that China make a direct offer through United States Minister Dun at Tokyo. This makes Mr. Dun the interesting center of negotiations from this time forward, unless the United States should decline to allow him to act as a direct representative of China in submitting an offer. This is not anticipated, however. It is said that the usual course would be for the state department to notify Mr. Dun and also Minister Denby at Peking that they were at liberty to transmit from China to Japan such direct peace overtures as the former desired to make.

It would then be for China to formulate its offer to Minister Denby. He in turn would transmit it to Minister Dun as China's direct offer and not as an intermediary offer through the United States. The state department undoubtedly would be apprised of the action of Messrs. Denby and Dun, but would not be the channel of their communication, as it is the basis of Japan's new proposition that the offer come direct from China and not through the mediation of the United States. The reply of Japan is so conciliatory and receptive that it is pointed out that the Japanese minister is a diplomat has scope for conspicuous service in terminating the war.

A Test of Strength.
CINCINNATI, Nov. 21.—Ten thousand dollars a side was put up here today by the managers of Eugene Sandow and Irwin Montgomery for a test of strength to take place in Cincinnati within three months from date. This wager is an outgrowth of the suit against Montgomery for using Sandow's name.

THE CHIPPEWA INDIANS.

Nothing More Likely to Be Done as to Their Settlement.

WASHINGTON, Nov. 21.—One of the problems which Secretary Smith has to deal is the settlement of the Chippewa Indians in Minnesota. For more than six years a commission has been constantly employed trying to have the Indians settle in one place and if possible take lands in severalty and become of some use to themselves. The efforts have been most discouraging. The reason may be explained in a report received from Robert M. Allen, agent of the Chippewas at White Earth. He says:

"The Chippewas are composed of nine distinct bands, scattered over 200 miles of territory, and some of these bands have little or no communication or relationship with the others. All now wear citizens dress and live in houses of some character. When free from whisky they are generally peaceable and not hard to manage, but the long years of residence on the reservation have made much advancement. They are constitutionally opposed to work and refuse to do it, and it is simply a question whether the government will furnish them with supplies or allow them and their families to starve."

"During the long years of residence on this reservation the section of the country a great many whites have settled among them and married the Indian women, and their off-spring now comprises a large portion of the population, and especially this is true on the White Earth reservation. These mixed bloods are the prosperous Indians, who do most of the work and furnish the best examples of thrift, industry, the good showing and stock raising now to be seen. Here and there a full blood can be found who is educated, trying to live and prospering. But this is the exception, as most of the pure bloods remain in idleness and show little disposition to engage in labor of any kind, all the mental and physical reports to the contrary notwithstanding." He then discusses what he has tried to do in the way of farming in the reservation, offering every encouragement in this direction but the results are far from satisfactory because the Indians do not want to work. They only partially take advantage of the lumbering interests, to try and earn their own livelihood, and although there are thousands of acres of land which they could have, they are not interested in it. The Indians at White Earth have been given their allotments, but those from other reservations refuse every offer of the commission to remove thither. Secretary Smith has declared that he will abolish the commission unless something is immediately accomplished. From the reports received the impression prevails that nothing further can be done with the Chippewas.

AN ANARCHIST EXECUTED.

The Man Who Threw a Bomb in Barcelona Pays the Penalty.

BARCELONA, Nov. 21.—Jose Salvador Franch, the anarchist who threw a dynamite bomb in Liceo theater in this city on the night of Nov. 7, 1893, was executed this morning. Jose Salvador Franch was undoubtedly one of the most dangerous anarchists who has come under police notice of recent years. He first became generally known at the time of his arrest for conspiracy in the Barcelona outrages of Nov. 7, 1893, by which over twenty people were killed and about fifty others seriously injured by one of two dynamite bombs thrown into the Liceo theater at that place. Secret police arrested Franch at Saragossa, Spain, on Jan. 1, 1894, upon suspicion of having been connected in this outrage.

Jose Salvador Franch was about 35 years old, a native of Castelsar, province of Tarragona. He was tall, fair complexioned and came of a respectable family, but his personal antecedents were bad. At the age of 14 he left home and came to Barcelona, where he did no regular work, but gave himself up to the plots and designs of the anarchists, among whom he speedily became a leader, once by shooting himself and again by poison.

FIVE PEOPLE WERE HURT.

Collision Between Electric and Cable Cars in Pittsburgh.

PITTSBURGH, Nov. 21.—In a collision between an electric and a cable car on the Wylie avenue line at 10:30 this morning, five people were injured, one of whom may die. The injured people are: Mrs. C. Jones, head cut and bruised, dangerously; Gripman Harvey Rea, badly cut about the head and arm; Michael Koenbault, Miss Brown and an unknown lady.

The electric car was ascending the steep grade on Wylie avenue, followed by the cable car on the same track. On reaching Fulton street the electric car stopped, but the brakes refused to work and it began sliding backward. Gripman Rea, on the cable car, took in the situation and released his brake, allowing his car to slide back as fast as he dared, in order to break the shock which was threatened.

Soon the electric car became entirely unmanageable and gained speed. The passengers on both cars were panic-stricken and several leaped from the platforms before the collision occurred. Women fainted and the excitement was intense. At Logan street the cars came together with great force, derauling both and wrecking the colliding ends. Mrs. Jones was thrown against the stove in the cable car so violently that she was picked up unconscious and it is feared that she will not survive.

A Mysterious Suicide.

CHICAGO, Nov. 21.—The suicide of M. G. Linsley, a jeweler, is surrounded by mystery. Linsley, who came from New Haven, Conn., was prominent in social circles and commanded a large salary. A story of a \$30,000 robbery from Hyman Berg & Co. was circulated in connection with the suicide, but the members of the firm emphatically deny that any robbery had occurred. They declared that Linsley's accounts are straight.

WAS BETRAYED.

A Young Woman of a Highly Respectable Duluth Family Lured to St. Paul and Betrayed.

The Villain in the Case is an ex-Conductor Who Has Recently Been Located Here.

Took the Woman to the Merchants Hotel Under Promise of Marriage and Deceived Her.

Populists of the State Held a Meeting at Minneapolis and Effected a Temporary Organization.

ST. PAUL, Nov. 21.—The Dispatch has the following: On Thursday of last week a man and woman arrived from Duluth and registered at the Merchants as J. R. McKenzie and wife, of Duluth. The man was unknown to the proprietors of the hotel, but he appeared to have plenty of money and the couple lived in good style, though in a quiet manner, until Monday, when the man disappeared, leaving the woman without funds. She said nothing of the matter until this morning, when it became clear that he had deserted her for good, and she then reported the matter to the proprietors.

Detectives were immediately called in and set to work on the case, with the intention of bringing the man to justice without any delay. There appeared to be no question but what he was either in St. Paul or Minneapolis, and he will be landed behind the bars in one of the two cities before tomorrow morning. The man is an ex-conductor, who was formerly employed on the Northern Pacific and the Great Northern roads, running out of St. Paul, and is well known by sight in both cities. For some time past he has been located at Duluth, where he met the young woman whom he brought to St. Paul and betrayed under the promise of marriage.

She is a highly respectable family, a member of a highly influential family and having wealthy and influential relatives in the Zenith City and other parts of the state.

NEW POPULIST LEAGUE.

A Preliminary Organization Effected at Minneapolis Last Night.

MINNEAPOLIS, Nov. 21.—At a meeting of the Populists held last evening a preliminary state organization was formed by the election of the following officers, who will serve until a permanent organization has been effected: James S. Bowler, Bird Island, president; H. J. O. Reed, Minneapolis, first vice president; A. M. Gardner, St. Paul, second vice president; Leroy Bernier, secretary; Rev. John H. Pierce, assistant secretary; E. W. Bohan, Stillwater, treasurer.

A managing board of fifteen members was appointed, to consist of John W. Benson, Duluth, chairman; F. J. McGehee, L. C. Long, J. M. Bowler, F. H. Clarke, E. F. Clarke, K. H. Halvorson, H. E. Roen, W. S. Dobyn, Frank Wilmar, R. D. Tompkins, John Murphy, Judge Cochran, W. T. Smith, Thomas Ward. The organization when perfected is to be known as the Minnesota State Populist league. There were short speeches by Populist leaders. Sidney M. Owen accounted for his defeat by the money power of the Republicans, and called the People's party, as educators, to realize the necessity of breathing the breath of political life into the corpse of political liberty. Ignatius Donnelly entertained the crowd with a short speech.

The Hennepin Delegation.

MINNEAPOLIS, Nov. 21.—The members of the lower house of the Hennepin delegation met last evening to discuss proposed legislation and the speakership question. E. F. Smith was made temporary chairman. The proposed new city charter was discussed, and it was decided to ascertain as far as possible as to what changes are needed in the charter. No action was taken in regard to the speakership contest.

Killed by a Dump Car.

EAU CLAIRE, Wis., Nov. 21.—The body of William S. Preston, of Brunswick, this county, was brought home from Plum Valley, Vilas county, where he was fatally injured Sunday by the falling of a dump car which was loading on a flat car. He kept on working several hours after the accident, when, suddenly exclaiming, "I've got the blind staggers," he fell dead. The deceased was highly connected here.

A Skeleton Found.

ST. PAUL, Nov. 21.—A Winona special to the Dispatch says: The skeleton of Louis Anness, the Winona county farmer who disappeared last August, was found today in a grove half a mile from his home, a thick growth of leaves preventing a previous discovery. A rope around his neck showed that he had taken his own life.

Work in the Woods.

MARSHFIELD, Wis., Nov. 21.—Work in the woods is progressing under the most favorable conditions. The ground is frozen hard enough for all practical purposes, but very little snow remains to impede work. Wages are about the same as last year, with a slight increase in some instances. They range from \$18 to \$25 per month.

A Saw Mill Closed.

ANOKA, Minn., Nov. 21.—The lumber firm of Reed & Sherwood closed its mill for the winter. In eight months the firm sawed over 10,000,000 feet of lumber.

ber and manufactured nearly 2,000,000 lath.

Fire at Minneapolis.

MINNEAPOLIS, Nov. 21.—About 1 o'clock this morning fire was discovered in the lumber sheds of the Union Planing mill, owned by Hodges & Perry, at Twenty-third avenue north and river. A second alarm was turned in, and the fire was soon under control. The mill is in a very dangerous locality, immediately adjoining the large Bardwell-Robinson mill. The loss is placed at \$200, fully covered by insurance.

An Eau Claire Blaze.

EAU CLAIRE, Wis., Nov. 21.—A serious fire broke out in the block owned by M. S. Frawley here last night. The building was damaged \$500; insured. Darr Smith's bakery was damaged \$1500; Otto B. Oberg's drug store, \$2500; H. Fredrickson's saloon, \$500, and Dr. Williams' office, \$800.

Residence Burned.

HASTINGS, Minn., Nov. 21.—Alex Fairchild's residence, including contents, on Eighth street, was burned yesterday, the family narrowly escaping with their lives. The loss upon the house is \$1200; insurance \$1000, together with an insurance of \$1050 on contents.

Women Fatally Burned.

ST. PAUL, Nov. 21.—A Madison, Wis., special to the Dispatch says: The grocery and dwelling of Patrick Dorris, on State street, was burned early this morning. Mrs. Dorris and her son were fatally burned and the former will probably die.

Had a Narrow Escape.

MINNEAPOLIS, Nov. 21.—A Beresford, S. D., special to the Journal says: Hard work by the fire company, seconded by the entire populace, saved this town from destruction by fire last night. The loss amounts to \$18,000.

LUMBER DEALERS ORGANIZE.

A New Association Which Has Been Formed in New York.

NEW YORK, Nov. 21.—There has recently been organized in this city an association which is expected will have a large influence on the wholesale lumber trade throughout the country. It is called the National Wholesale Lumber Dealers' association. The organization is the outgrowth of a voluntary association which has been in existence for some months but never been legally incorporated. As now incorporated the association represents a capital of \$300,000 and the business done exceeds \$75,000,000 a year.

The officers of the association are President J. W. Robinson, of Robinson Bros. Lumber company, North Tonawanda, N. Y.; first vice president, Robert H. Jenks, of Cleveland, Ohio; second vice president, E. M. Price, of Price & Hart, New York; treasurer, A. C. Tuxbury, of the W. H. Sawyer Lumber company, North Tonawanda, N. Y.

As declared by the by-laws, which have been adopted, the object of the association is "the protection of its members against unbusinesslike methods of wholesale and retail lumber dealers, the debarring of scalpers, the regulation of inspection and credits and the arbitration of disputed matters."

Want Fellows Removed.

ALBANY, N. Y., Nov. 21.—Upon complaint of the Grand Government clubs of New York city, Governor Flower today notified John R. Fellows to show cause why he should not be removed from the office of district attorney of New York for neglect of duty. The complaint was made by Peble Tucker, Fulton McMahon, Charles Faber, R. G. Welling and Clarence Goadby, of New York.

The Pitzel Mystery.

PHILADELPHIA, Nov. 21.—The Pitzel mystery deepens as time wears on. Today many theories in regard to the mystery were knocked in the head by the announcement that E. F. Pitzel, the supposed murdered man, was seen in Chicago less than two weeks ago. President Fouse, of the Fidelity Life association, says today that it is his opinion that Pitzel will be produced in a few days.

Suicide in St. Louis.

ST. LOUIS, Nov. 21.—John F. Scharpe, president of the Enterprise Brick Works company, and for some years president of the extensive iron firm of Scharpe & Koken, suicided today at the office of the works in the extreme southwest portion of the city. Dependancy over recent domestic troubles is supposed to have been the cause.

A Big Falling Off.

FRANKFORT, Ky., Nov. 21.—The Democratic majority in the state as compared by secretary of state in the congressional election is 2173. This is a falling off in the Democratic vote of 50,528. This is not taking in consideration that 6000 votes given Koves (Pop.) in the First district were Republican.

Chinese Would Not Fight.

LONDON, Nov. 21.—A dispatch from Hiroshima says that Admiral Ito reports that he cruised off Wei Hai Wei for two days, during the Chinese to come out. He adds the Chinese failed to accept his challenge.

O'Malley in Luck.

CHICAGO, Nov. 21.—State Senator O'Malley is in luck. The Greek waiter, Varalos, whom the senator shot election night, failed to prosecute today and the case was dismissed.

Drowned While Skating.

Charles J. Pieroni, a young man 18 years of age, who resided here for some time, was drowned Monday in Lake Kegonsa, near Hawthorn, Wis. He was skating across and broke in about seventy-five feet from the shore. The body was recovered. The boy's parents lived here until last fall, and the funeral will take place in Duluth tomorrow afternoon at 2 o'clock at the Swedish Bethel Baptist church, corner of Ninth avenue east and Third street, the pastor officiating.

Land Office Gossip.

C. P. Macmillan left for St. Paul yesterday. He will be out of the city for about ten days and gossip on the land office floor says that he will go to Washington to let Grover see if he is the right man to make register of the local United States land office.

Panton & Watson,

GLASS BLOCK STORE.

Attractive Prices!

Are the irresistible powers that move the modern world more than the fabled lever of Archimedes. They burden the railways, through the theaters, and crowd the Glass Block with multitudes who know enough to know they are getting more than value received for their money. Old timers, relics of the fossiliferous age of merchandise, whose sole and only idea of profit is 100 per cent, stare aghast at prices that seem to them the acme of folly and the death-knell of trade.

DULUTH EVENING HERALD.

TWELFTH YEAR

THURSDAY, NOVEMBER 22, 1914.

THREE CENTS

FRENCH & BASSETT

First Street and Third Avenue West.

Dramatic.

SCENE 1.—(In a car of miscellaneous goods bound for Duluth.)
First Bureau Driver—You look pretty rocky this morning.
Second Bureau Driver—I feel so, for I am tight all the time and my whole frame is rickety.

First Bureau Driver—Why don't you have your frame in good shape and run easy as I do.

Second Bureau Driver—I don't have to. I am going to Ketchum, Quick & Skinnum's, and they don't care.

First Bureau Driver—Well, French & Bassett wouldn't have you where I am going.

We have on exhibition a stock of goods the equal of which is seldom seen in any store.

We cordially invite the public to visit and inspect our goods and prices with or without reference to purchase.

A LARGE LINE OF

Brass and Iron Beds

Enamelled Brass Mounted Beds, \$7.50, \$8.50, \$9.50, \$10.00, \$12.50, \$14.00 up.
All Brass Beds, \$18.00, \$25.00, \$35.00 and up.

Partial Payment Plan.

All Goods sold on this improved credit system at a saving to the customer of 10 to 20 per cent part down and balance arranged on weekly or monthly payments to suit purchaser's convenience.

French & Bassett.

2
2
4

This is a simple sum and if anyone should tell you that twice two were five, would you believe them?

Yet some people are continually making similar statements and when anyone asserts that they have the largest stock of Furniture, Carpets, Rugs, Drapery or other goods in our line in Duluth, they are saying (to put it mildly) that twice two are five.

We challenge any such statements as untrue and will make the public the judge.

Let any person look over our stock in any line, count the number of styles and prices, then visit other stores and they will find we carry in every case more, and in most cases, double the number of others.

We boldly assert that we can save a purchaser from 10 to 20 cent average upon any fair-sized purchase and upon almost any article.

Of course, certain goods are sold close by all dealers; for instance, a kitchen chair is sold in most stores for 50 cents, but take a lot of goods—say \$20.00 up—and we can save a customer 10 to 20 per cent every time and we are here ready and willing to demonstrate it every week in the year.

If people will resort to untruths about the size of their stocks, will they not do the same thing about the quality of their goods, about the methods of their business, and in fact, about anything pertaining to their business.

We stake our business reputation upon our statements and methods and invite your inspection, criticism and patronage.

We are bound to please every customer and to give them the benefits we enjoy of a low rent and large convenient plant.

Yours truly,

French & Bassett,

Reliable Dealers.

TAYLOR'S SCALP.

Maj. Baldwin Has Asked for the Removal
of Register Taylor of Duluth Land
Land Office.Request M.
Smith
is Afternoon and Secretary
Not Decided What He
Will Do.Minneapolis L.
men on the Upper Mis-
sissippi Fe
Re
Expenses.Several Country Members of the Legislature
Booming Fred A. Hodge of Pine
City for Senator.

WASHINGTON, Nov. 22.—(Special to The Herald.)—Representative Baldwin has asked for the removal of A. J. Taylor, register of the Duluth land office, on the ground of complaint of patrons of the office, of his incompetency. This request was preferred to Secretary Smith this afternoon. Maj. Baldwin was asked if he believed his removal could be effected, and replied that he thought that his request for Taylor's removal was entitled to as much consideration as was his request for his appointment. Secretary Smith has not yet decided what action he will take.

MAY BE A LIVELY CONTEST.

St. Paul Candidates for Legislative Places
Becoming Numerous.

ST. PAUL, Nov. 22.—There is every prospect of a lively contest in the Ramsey county delegation over the question as to whether they shall present a candidate for sergeant-at-arms or one for assistant sergeant-at-arms of the senate. Frank Dayton, who made a gallant fight against P. H. Kelly for representative from the Second ward, is a candidate for sergeant-at-arms and W. R. Satch is a candidate for assistant.

The matter will probably be settled by the delegation at its meeting before the assembling of the legislature, as there are a number of candidates for positions both in the senate and house, and if Ramsey county is to have any of them, the delegation must necessarily have reached a decision and acted together before the caucuses are held.

A BIG LOG POOL.

It is Being Formed by Lumbermen on the Upper
Mississippi.

MINNEAPOLIS, Nov. 22.—The lumbermen of Minnesota, who are cutting on the Upper Mississippi and its tributaries have decided to form a big log pool and a committee is now working out the details. The firms will subscribe stock in the pool in the amount of the logs they want to get out of the cut. The pool will then buy all logs by scale at the bank and attend to driving and sorting them, reselling them to the mills as wanted for cutting. The plan will do away with branding the logs and sorting them as is now necessary, and in other ways will save the lumbermen much expense. The pool will cut a total of 513,000,000 feet.

Fred Hodge for Senator.

ST. PAUL, Nov. 22.—Several members of the legislature from up the country are endorsing Fred A. Hodge, of Pine City, as a candidate for United States senator, and they are encouraged in this by their constituents. Mr. Hodge has been an auditor of Pine county for the past sixteen years and is the newly elected senator from that district.

Felig for Speaker.

ST. PAUL, Nov. 22.—Henry Felig, of Atwater, is making an active canvass for the speakership of the house. He has already sent out letters to many of the members, announcing his candidacy. He is the only candidate from the northern part of the state thus far.

Burke Still at Large.

ST. PAUL, Nov. 22.—M. S. Burke, the gay conductor who was wanted for jumping his board bill and leaving a young woman in the lurch at the Merchants' hotel, has not been caught.

Large Flour Mill Burned.

ROCKFORD, Ill., Nov. 22.—The Salmon Milling company plant at Beloit, the largest flour mill in Wisconsin, burned to the ground today. Loss, \$50,000; well insured.

THE CHIPPEWA LAND BILL.

Maj. Baldwin Says It Will Pass the Senate
Next Session.

WASHINGTON, Nov. 22.—(Special to The Herald.)—Representative Baldwin had a conference with Secretary Smith today in regard to his bill for the sale of the Chippewa pine lands. A plan was formulated for securing the passage of his bill through the senate, and Representative Baldwin is now confident that he will secure its passage through the senate in the early days of the coming session.

Unrest in Samoa.

APIA, Samoa, Nov. 7, per steamship Mariposa, via San Francisco, Nov. 22.—While there have been no recent native outbreaks, a state of political unrest continues, without any prospect of termination. The native rebels are so far from subduing that many close observers believe King Maitia's government is doomed.

Will Not Reopen.

SPOKANE, Wash., Nov. 22.—The Citizens National bank will not reopen for business. This decision was reached at a directors' meeting. The bank will go into liquidation. Its assets are \$425,000; liabilities, \$240,000.

A DOUBLE TRAGEDY.

A Man Shot and Undertakers Had a Fatal
Fight Over the Body.

ST. JOSEPH, Mo., Nov. 22.—A special to The News from Ottawa, Kans., says: Charles and Henry Lathrop, Ottawa business men, who were out for a time this morning, struck the wrong house and kicked in the door. Charles was shot dead and Henry was seriously wounded. The coroner gave the corpse to Undertaker Sessions, which so enraged an opposition undertaker that he stabbed Sessions, Sessions' wound is serious.

It was the home of Mrs. Sherman, near the river, that the Lathrops tried to enter. Young Ben Sherman warned them to leave or he would shoot. They paid no heed and Ben Sherman blazed away.

Mrs. Lathrop wanted Miller & Chalmers, undertakers, to erect the funeral but Clark & Sessions, having gotten possession from Dr. Erving, corner, refused to give the body up. Hence the second tragedy.

A WARLIKE ARTICLE.

The Mexican-Guatemalan Trouble Promises to
Become Serious.

CITY OF MEXICO, Nov. 22.—The Universal newspaper today contains a very warlike article regarding the Mexican-Guatemalan trouble. It says: "In consequence of the continued attacks against Mexico and her government made by the official Guatemalan press, it was rumored yesterday that this country would declare diplomatic relations with Guatemala at an end."

Continuing, it makes the following observations on Mexicans and Mexican fighting qualities: "In Guatemala they say the Mexicans always fled before the Americans and the French. The world knows that the Mexican soldier does not turn his back. Churubusco, Chapultepec, Puebla, etc., are witnesses of that. With Guatemala we do not expect glory in the gaining of laurels. We have offered them friendship and they return black ingratitude, and our men and our people are not in a humor to listen to the diatribes of the Guatemalan press."

A WIDOW'S LARGE CLAIM.

Claims an Eighth Interest in the Rich Little
Johnny Mine.

DENVER, Nov. 22.—Mrs. May Davis, widow of James Brown, has brought suit against the Ibox Mining company, owner of the Little Johnny mine at Leadville, for \$200,000, her share, she alleges, of the mine taken from the mine in which she claims to own an eighth interest.

Mrs. Davis' claim is based upon the fact that she is sole heir of her late husband, who was the defendant in the case. She alleges that the defendants have obtained possession of her husband's interest in the mine after his death by foreclosing a mortgage without obtaining permission from the probate court to do so. This fact, it is claimed, nullifies the sale.

The output of the Little Johnny is fabulous. If Mrs. Davis succeeds in establishing her claim she will become one of the richest women in the United States.

DESPERATE NAVAL BATTLE.

Fight Between Chinese and Japanese Fleets
But the Results Unknown.

YOKOHAMA, Nov. 22.—The Chinese Pic Yang squadron is reported to have shelled the Japanese troops marching on Port Arthur. A desperate battle between the Chinese and Japanese fleets is said to have followed. The result of the engagement is not known.

APPROVED BY HOKU SMITH.

Northern Pacific's Selection of Lands in the
Duluth District.

WASHINGTON, Nov. 22.—(Special to The Herald.)—Secretary Smith today approved as basis for a patent clear list No. 9, submitted by the Northern Pacific Railroad company, as a portion of their indemnity grant. The list embraces 23,333 acres in the second indemnity belt and is situated in the Duluth district.

Thirty Dead Bodies Found.

MEXICO CITY, Nov. 22.—A hideous discovery has just been made near Churubusco, state of Michoacan. The finding of thirty human bodies in advanced decomposition, piled up on one another in a cave. Cofios Gomez was robbed and murdered for his money recently. Pascual, a brother, while searching for him, made the discovery, which explains many mysterious disappearances.

Wanted to Buy Everything.

LITTLE ROCK, Ark., Nov. 22.—M. Moscovitz, of Hot Springs, has been taken to the St. Vincent hospital at St. Louis. He owns valuable property at Hot Springs including a large hotel. Moscovitz had been subjected to a lunatic inquisition and pronounced mentally unbalanced. It seems he had been seized with a mania for buying everything in sight, no matter what its cost.

Sentenced for Life.

LOUISVILLE, Nov. 22.—A special from Stanton, Ky., says: Goodloe Coombs, charged as accessory to the murder of John A. Rose, in Powell county, five years ago, was yesterday sentenced to the penitentiary for life. Several of the jury were for hanging Coombs. Three other men who were implicated in the murder received life sentences.

Rich Gold Mine Found.

SIERRA MOJADA, Mex., Nov. 22.—Frank Payson and George Brill, two American prospectors, have discovered an old Spanish gold mine sixty miles north of here, and from samples of the ore, it is believed the mine is one of fabulous richness worked a century ago.

Ray W. Jones' Lease.

WASHINGTON, Nov. 22.—(Special to The Herald.)—Secretary Smith today listened to arguments against the lease to Ray W. Jones, of Minneapolis, for a saw mill set on the Thief river in Minnesota. His decision is reserved.

Gen. Gibson Dying.

TIFFIN, Ohio, Nov. 22.—Gen. Gibson is just alive today and his death is expected at any hour. His physicians think he cannot live throughout the day.

OFFER BY CHINA

China Willing to Pay an Indemnity of 100,-
000,000 Taels and All Japan's
War Expenses.This Would Make the Whole Payment About
One Hundred and Seventy-Five
Million Dollars.As the Japanese Are at the Walls of Port Ar-
thur, Negotiations May be
Hastened.Ministers Dun and Denby Have Been Not-
ified to Transmit Any Chinese
Offer to Japan.

WASHINGTON, Nov. 22.—In accordance with the suggestion of Japan, the state department has notified Minister Dun at Tokio and Mr. Denby at Peking to transmit such direct information, etc., as China may wish to make to Japan. As the cable directions were sent Tuesday, sufficient time has not elapsed to determine whether China will continue to make an offer direct and definite as Japan insists must be done. The Chinese legation here has not been notified as to what course its government will take. An Associated Press cable from Japan states, however, that China has intimated her willingness to pay an indemnity of 100,000,000 taels and in addition pay all the war expenses incurred by Japan. As the war expenses are 150,000,000 taels, the total offer of China would be 250,000,000 taels. The tael is the Chinese silver coin worth about 75 cents at the present exchange, so that the whole payment would be approximately \$175,000,000 American money.

The amount is regarded here as quite large, and it is believed arrangements between the two nations could be effected on terms proving for a smaller war indemnity. Diplomats here say that under ordinary circumstances it would take some time for China to formally present its offer to Minister Denby, but owing to the fact that the Japanese are now at the walls of Port Arthur about to make the last blow at China's greatest fortress, it is anticipated that China may hurry the negotiations to a conclusion.

It is expected that Minister Denby will transmit the offer by telegram to his superior, Mr. Denby, and thence by cable to Yokohama. The understanding is that China and Japan will pay the expenses of the American ministers incident to the negotiations.

The advance on Port Arthur is regarded as having an important bearing on the peace negotiations. Lieut. Myoka, naval attaché of the Japanese legation here, says the advance movement has been most cautious, as the ground for forty miles around Port Arthur has been found fairly alive with powder mines connected with electric wires to Port Arthur. Three days ago the Japanese were within a day's march of the fortress, but it was necessary to send ahead small scouting parties to pick a route away from the mines and electric wires.

The regular roads could not be used for the artillery, as it would have been blown up, and accordingly the big guns have had to be moved in circuitous routes through woods and morass. It is regarded as likely this cautious march will have been completed today, and the Japanese legation is hourly expecting word that the decisive blow has been struck, though a long siege may be necessary as the fortress has one of the strongest defenses of modern times. It is believed that a Japanese success would quickly close the peace negotiations, but the repulse would impel China to hold off further.

Officials and diplomats are scanning the records of Messrs. Dun and Denby to ascertain their capacity to deal with the large question committed to them. Mr. Dun has had unusual experience in Japan. Gen. Capron, who built the Japanese legation in Washington, wished to assign a consignment of fine mutton sheep to Japan. The Duns had a stock farm in Ohio, and furnished the sheep, young Dun going to look after them. He remained in Japan some time and finally married a Japanese lady of high family, by whom he had a daughter. This attached him to the Japanese and made him a fixture there.

President Arthur first appointed him as second secretary of the United States legation at Tokio. When President Cleveland's administration began two years ago, California made an effort to secure the appointment of the minister to Japan for one of her favored sons. At an opportune time, however, Judge Thurman, who had been on the presidential ticket with Mr. Cleveland four years ago, asked the president as the only favor he had to request that Mr. Dun be promoted to minister. The request was complied with. Mr. Dun's Japanese wife is dead, but his relations with the Japanese are very cordial, which, with his long experience, well fits him for the present negotiations.

Minister Denby is a lawyer of ability who has served through three administrations, being appointed during Mr. Cleveland's first term, retained by Mr. Harrison owing to their personal associations in Indiana and the objection of China to Senator Blair, and again retained by Mr. Cleveland. He has an outward austerity which has not, however, prevented his being most acceptable to China.

Arrange Peace
TIEN TSIN, Nov. 22.—The chief of the imperial customs here, De Tung, who was recently summoned to Peking in order to confer with the government as to ways and means for raising money for the war, has left for Japan in order to arrange terms of peace.

A Philanthropist Dead.
BALTIMORE, Nov. 22.—W. T. Walters, the noted art collector and philanthropist, died at 10:15 this morning.

THE SECRET SERVICE

Annual Report of Chief Hazen Showing the Number of Arrests for Making Counterfeit Money.

Of Those Who Fell Into Uncle Sam's Clutches Five Hundred Were Convicted or Pleading Guilty.

Coin Counterfeiters More Numerous Than Formerly and an Unusual Number of Arrests is Reported.

WASHINGTON, Nov. 22.—William P. Hazen, the chief of the secret service of the treasury department, in his annual report shows that during the year the total number of arrests made was 687, nearly all of which were for violations of the statutes relating to counterfeiting United States money. Of these arrests about 500 were either convicted or pleaded guilty, and 120 are now awaiting the action of grand juries. The fines collected amounted to \$597. The number of altered or counterfeit coins captured during the year was \$21,300; coins, \$10,750.

There were also captured 134 plates from which counterfeit notes had been printed, thirty-three dies, 150 molds and a large quantity of tools, melting pots, etc. Chief Hazen states that the events of the last year furnished evidence of great activity among counterfeiters, the number of arrests reported for counterfeiting both notes and coins largely exceeding that of any previous year in the history of the service. In commenting upon the large number of counterfeit notes discovered, Chief Hazen says:

"The art of photolithography, although seemingly in its infancy, has made it comparatively easy to imitate the most skillfully engraved designs of our notes, so that the danger from this source is not only very grave, but increasing, and to meet these conditions the designs and execution of government notes should be such as would make their reproduction most difficult. One safeguard still remaining, however, is the secret process of making distinctive paper.

"Coin counterfeiters are more numerous than formerly, and more than the usual number of arrests and captures of material has been reported. This branch of counterfeiting, however, is more serious in its results to the community than that of making spurious notes and much less difficult of detection. No evidence of advancement in the art of manufacturing counterfeit coins has been shown. Of the numerous counterfeiters of the silver coins which happened during the past year, none can be classed as especially dangerous.

"The figures show a decided increase in the receipt of altered notes during the fiscal year. The arrests of persons charged with altered and passing notes are largely in excess of any previous year, and are due to the promptness of the agents of this service in thoroughly investigating all cases reported to them.

"Among the most important arrests of this class of operators were M. T. Paulson at Denver, Col., on Sept. 16, 1893, and S. J. Freeland and his wife, Belle, at Chicago, on Nov. 15, 1893. These people were artists in this line of work and the community is to be congratulated that they are now serving terms in prison.

"On Feb. 1, 1894, I found the banking interests deeply concerned over the great number of light weight, gold coins in circulation. These coins had been impaired by a new and ingenious method, namely: The milled or corrugated rim of the coin had been removed, decreasing its value about 5 per cent. New milled was then put on and the coin to all appearance made perfect. I immediately sent agents to work with the results that all the guilty persons are now serving terms in prison. One man was arrested in Sioux City, Iowa, on March 10, 1894, and after trial was sent to imprisonment for eighteen months; another and his wife were subsequently arrested in Baltimore and sentenced to four years and six months, respectively. In both instances a large and complete set of tools were captured. Since these arrests were made, coins lightened in a manner above described have ceased to appear.

"In the prosecution of these cases I

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Yeast Powder

ABSOLUTELY PURE

was greatly surprised to learn that there is no law to punish uttering or passing such lightened or debased coins, knowing them to be such. I therefore earnestly recommended the passage of an act making it a felony to mutilate United States coins, or to utter, pass or attempt to pass such coins.

Busts of Vice Presidents Stevenson, George M. Dallas and Elbridge Gerry have been placed in the vice presidential niches in the senate gallery. The Aaron Burr statue has been placed in one of the gallery corridors preparatory to the transferring to its permanent quarters inside the senate chamber.

Citizens who apply to the fish commission for goldfish will be doomed to disappointment in the future. The commission has found it necessary to curtail the generous and gratuitous distribution of these fish, which has come, during the past five years, to be a large part of the institution. In the future gold fish will be furnished only to state commissions, to parks and for public uses generally, and will not be given to private applicants.

This step has been forced upon the commission by the steady increase of the demand for goldfish, which has grown until it overtaxes the forces of the bureau, and interferes with more important work. There is no special law authorizing or compelling the commission to handle goldfish. The custom of giving them away has grown from small beginnings some ten years ago until being furnished only to state commissions, to parks and for public uses generally, and will not be given to private applicants.

Many complaints have been made by dealers in goldfish that the commission has ruined their business by its destructive free competition. As the bureau was established principally for the propagation of food fishes, rather than to encourage the esthetic tastes of the community by dissemination of piscatorial specimens merely for household ornamentation, and more important work was interfered with, it will give away no more goldfish.

FOR A SOCIAL REFORM.

Important Convention to be Held in St. Louis Next Month.

ST. LOUIS, Nov. 22.—There seems to be a misunderstanding throughout the country as to the date of holding the seventh national convention of the Boys' and Girls' National Home and Employment association. It will convene in this city on Dec. 2, and from previous indications there will be a good attendance of delegates.

It is expected that each state will be represented by a delegation of the governors, mayors, chiefs of police and other state and municipal officials, as well as many prominent men, will be present. Each railroad and express company has been invited to send an employee as a delegate for the purpose of ascertaining certain statistics in regard to the trade.

The direct object in having delegates sent from every state is to discuss and adopt the most practical plans of municipal and social reform and to agree upon uniform action for the consideration by each state legislature at its next session.

ATTACKED BY THIEVES.

Two Muncie Men Assaulted and Robbed and One is Missing.

MUNCIE, Ind., Nov. 22.—Late last night Alissa E. Bright was coming to Muncie and two miles from the city on the Wheeling road found Peter Wolf lying along his roadside unconscious, with a gash in his head and one arm mangled. A short distance away stood a Wheeling hack unoccupied and the driver, David Landers, gone.

Wolf was taken to the city hospital, and when he regained consciousness said that Landers and himself left Muncie together and both had a considerable amount of money. The police are searching for Landers, and believe that he has been robbed and probably murdered. Wolf was probably knocked from the wagon and run over by a wheel. He is a well known citizen. It is believed that thieves from Muncie followed the men.

WATER HEATER EXPLODED.

Several Persons Were Injured in a Chicago Barber Shop.

CHICAGO, Nov. 22.—By the explosion of a water heater in the basement below the barber shop of J. S. Stout, on West Taylor street, last night, several persons were injured though none of them fatally.

The injured are: E. W. Holmes, colored porter, badly scalded; J. S. Stout, proprietor of the shop, shoulder dislocated; J. Miller, gas fitter in left side of face; P. J. Fleming, marine underwriter, cut about hands by falling mirror; J. B. Murphy, carpenter, gash in the forehead; Mrs. J. E. Stout, wife of proprietor, cashier in shop, slightly cut and bruised; Fred Barry, face cut by glass. Damage amounting to \$2000 was done to the building.

HE ASKS FOR TROOPS.

The United States Attorney in Indian Territory Wants Troops to Catch the Cook Gang.

Half a Dozen of the Bandits Were In Muskogee Last Night and Caused Alarm.

Citizens Armed Themselves for the Fray and the Bandits Speedily Skipped Out of Town.

MUSKOGEE, I. T., Nov. 22.—Last night a half dozen members of the Cook gang were recognized on the streets by citizens of this town. The news was quickly communicated and the town was in the wildest uproar. Citizens came from every part of the town armed with Winchester, shotguns and revolvers. But that is all that came out of it. The outlaws made themselves scarce and no harm came of it.

About 7:30 last night James French, widely known as a daredevil of the Cook gang, rode into Muskogee and put up at a dive for the night. At 8 o'clock Tom Cordy, one of the marshals who has been hunting the bandits, organized a posse of ten men and returned to the dive, went through every room and outdoors but Jim had disappeared.

Officers who followed the two bandits last night came in about dusk and reported that they had chased the bandits to the bottoms and there lost their course. Cherokee Bill was seen six miles north of Muskogee today. He had two Winchester attached to his saddle and two six shooters on his person.

The people are fearful that owing to the propinquity and phantasmic movements of the bandits, some devils will soon take place here. United States Attorney Olney that all the officers have returned to the chase, and that is his opinion there is left but one thing to be done—to send troops.

WILL SEND END DA GAMA.

Minister Mendonca Discusses the Rebel uprising in Brazil.

WASHINGTON, Nov. 22.—Minister Mendonca, of Brazil, says the report that the rebel admiral, Solimena da Gama, has assumed the leadership of 7000 rebels against the new government of President Moraes is the last expiring gasp of the monarchists in Brazil. The minister has not received official confirmation of the report but he says it is true. It will be a good thing for the government.

The latter had been disposed to treat da Gama and other rebels with leniency, and there was prospect of general amnesty to them. In that case they would have returned to Rio Janeiro to resume their monarchist plots. But with da Gama in an open rebel, he can be easily dealt with than as a secret plotter. Minister Mendonca says the government will make quick work of the da Gama case, and will thereby exterminate the last vestige of monarchy in Brazil.

The Rockefeller Indictments.

NEW YORK, Nov. 22.—Regarding the indictment of Flagler, Rockefeller and others by the grand jury of McLennan county, Tex., yesterday, S. C. T. Dodd, attorney for the Standard Oil company, said to a newspaper correspondent: "The same thing has been done before and the indictment was dismissed, as it undoubtedly will be in this case. The Standard Oil company does no business in Texas anyway, but sells to St. Louis parties, who supply the trade in the Southwest."

Archbishop Chappelle III.

SAN FRANCISCO, Nov. 22.—Archbishop Chappelle III, who is suffering from pneumonia contracted by exposure on his recent trip to Washington, where he attended the national conference of Catholic bishops.

New Comet Seen.

BOSTON, Nov. 22.—A telegram to Harvard college observatory from Lowe observatory, California, announces the discovery of a comet by Edward Swift. It is faint, with a short tail, and has a slow easterly motion.

Bomb Lying at the South Bend Police Station For Several Weeks.

SOUTH BEND, Ind., Nov. 22.—It has just come to light that a bomb has been lying in the office of the chief of police for several weeks. It appeared to be a giant firecracker and was brought there by a German delinquent who fled near the Oliver child glow works.

It excited so much comment that Capt. Cassidy opened it and found that it contained powder and a stick of dynamite four inches long. Had it from any cause exploded, it would have destroyed the station and other property, and killed a number of people. The intention may have been to blow up the station, but this is unlikely.

Acquitted of Robbery.

PORTLAND, Ore., Nov. 22.—Otis Savage and Ralph Gibbons recently arrested at the Dalles upon the confession of a kidnapping them in a robbery of \$1000 from the Pacific Express company's office at that place have been exonerated by the county grand jury on account of lack of testimony corroborating the man's confession. They will be brought to this city to answer to the charge of robbing the St. Paul mails previously to the express robbery.

An Appeal Granted.

WASHINGTON, Nov. 22.—The court of appeals of the District of Columbia today granted the motion of counsel for Messrs. Chapman and Macartney, the indicted recalcitrant sugar trust investigators, for an appeal from the recent decision of Judge Cole holding that they are liable to punishment for refusal to answer questions put by the same committee. The date for bearing arguments on the appeal has not yet been fixed.

A Slip at Grover.

PORTLAND, Ore., Nov. 22.—Governor Penney, speaking in reference to Japan's reply to the offer of mediation by this government, said: "I see that the Japanese government has followed my example by reminding President Cleveland to attend to his own business. For the sake of the country, the president really ought not to have allowed himself to be snubbed the second time."

One Man Killed.

CHICAGO, Nov. 22.—A collision between a car of the Cicero & Proviso electric street railway and a lumber wagon in Austin last night resulted in the instant death of one man and the serious injury of another. The dead man was Harry Boston. The injured man was Michael McGarry.

Six Years for Perjury.

LONDON, Nov. 22.—At the Old Bailey today H. L. Winter, of Denver, Col., an organizer, was sentenced to six years penal servitude for perjury.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria cures Croup, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."

NOTICE OF CONFIRMATION

OF Commissioners' Report

For Obtaining an Easement for Slopes for Cuts and Fills and for Retaining Walls on Both Sides of Fourteenth Avenue East from Fourth Street to South Street.

Office of City Clerk, Duluth, Minn., Nov. 13, 1894.

Notice is hereby given that the assessment of damages made by the board of public works of the city of Duluth, ex-officio commissioners in condemnation proceedings for obtaining an easement for slopes for cuts and fills and for retaining walls on both sides of Fourteenth avenue east from Fourth street to South street, as shown by the plat of the same on file in the office of the city clerk, has been returned, and the same will be confirmed by the common council of said city at a meeting of said common council of to be held at the council chamber on Monday, November 25, 1894, at eight o'clock p. m., unless objections thereto in writing by persons interested in any land required to be taken.

The following is a list of the supposed owners, a description of the property in which said easement is proposed to be obtained, and the amount of the award of damages to each place for parcel of said property for the taking of said easement:

Division. Name of Supposed Owner. Loc. Block. Amount Award.

Endion Division. John O'Brien, Charles E. Evans, Alexander Miller, City of Duluth, Chas. Antonson, John J. Howard, Wm H. Magle, the block 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Endion Division. John O'Brien, Charles E. Evans, Alexander Miller, City of Duluth, Chas. Antonson, John J. Howard, Wm H. Magle, the block 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

DISCUSSED DETAILS

Aldermen Talked Over the Water Purchase Ordinance for Several Hours Yesterday Afternoon and Evening.

Some Had Gained the Idea that the Company Had Agreed to Refund the Bonds.

Time of Making the Cash Payment Was the Only Other Matter Which Was Considered.

The special session of the council meeting held yesterday afternoon to make an attempt to close the deal for Mr. Belknap's water works in Duluth, hung on like the toothache and was about as interesting.

President Howard called the body to order at 2:45 o'clock. Of course, Superintendent Craig was there. With him, was President Belknap himself and he had about his person a smile that looked suspiciously like one loaned him for the occasion by Mr. Craig. All the city fathers were there save Aldermen Lerch, French and Mitchell. A few citizens and patriots formed a shadowy background outside the railing.

The regular order of business was followed and after a few committee reports, came resolutions. That opened up the ball, for the water works question came in the form of a resolution accepting Mr. Belknap's proposition to sell the plant. The meeting, on the whole, was good natured, but several times, the aldermen got badly tangled up and apparently did not know where they were at. Several insignificant points, through the obtuseness of some of the aldermanic minds, were given a needless amount of time and attention. But, on the whole, the meeting was governed by a spirit of fairness and a desire to do just what was right and fair to the city and to the company.

At the afternoon session the chief hitch was over the clause in the resolution requiring the company to refund \$750,000 of its 5 per cent bonds for 4 per cent bonds.

Wanted to Compel Refunding. Some had the idea that Mr. Belknap had agreed to do that in his own proposition. Others took the position that he had simply indicated that a saving could be made to the city by funding the bonds and that he was simply in a belief that to assist to that end. It was finally shown to the satisfaction of all that Mr. Belknap's proposition did not include that agreement, but that it was simply a free advice and information gratuitously written on a separate sheet and unsigned.

Some held that if the company should be required to fund \$750,000 worth of bonds, something important would be required, for as soon as such a resolution should pass, the holders of the bonds would put a price on them that would be either exorbitant or even beyond the reach of the company. Those holding that belief also expressed a belief that were the clause left out, Mr. Belknap would willingly and honestly try to bring out such a funding for the benefit of the city.

Alderman Howard's motion, however, to strike out that clause was defeated.

The cash payment. The original resolution produced yesterday afternoon provided that the cash payment to the water company should not be made until extension bonds in the sum of \$300,000 had been accepted by purchasers. That was open to the objection that the city would either have to sell all of the \$300,000 and begin paying interest on the whole amount at once or else the deal could not be closed with the company until the disposition of the last installment of the bonds.

The clause was changed so as to allow the deal to be closed and the first money used to make a payment after the council has accepted bonds for the first issue, which will be \$500,000.

A clause was also inserted providing that the bonded indebtedness shall not exceed \$1,000,000. Other changes were made, in fact, at the session yesterday afternoon and the one in the evening, the work done simply amounts to a revision of the resolution. The revision has ended, it is open to acceptance or rejection as a whole.

Last evening's session closed at 9 o'clock and adjournment was taken until 2:30 this afternoon.

Proctoring Officials. At Proctoring yesterday, the following village officers were elected: President, William S. Doyle; trustees, William H. Hambley, Rice Harper, M. H. Paddon; treasurer, John Culbransen; recorder, P. F. Keating; justices, R. J. Harper, W. L. Carrs; constables, M. P. Doyle, E. Gabrio.

The Altona Scheme. President E. C. Gridley, of the Duluth chamber of commerce, was in Minneapolis yesterday in the interest of the gigantic water power and canal enterprises of the Altona Canal company. An important meeting was held at the Commercial club, representatives of the principal commercial bodies in Minneapolis and St. Paul having gathered there to meet Mr. Gridley and discuss the plan as to its possible bearing on the commerce of the Northwest.

Wm. E. Lucas, 1 Exchange Bldg.

Fire insurance written in good, reliable companies. I have let the houses I advertised two weeks ago, but I now have some others which will also go cheap to responsible tenants. It costs nothing to inspect them.

Money to loan at low rates on the usual security. Duluth almost justly the inference. It is worth your while to learn what bargains there are in the market, even if you don't want to buy yourself.

AMUSEMENTS.

"In Mizoura."

The Temple dusted off the "Standing Room Only" sign and hung it out last night, for the house was packed from top to bottom. Nat Goodwin in "In Mizoura" proving to be a great drawing card. Mr. Goodwin was again given an ovation and was forced to make a speech which he did gracefully. "In Mizoura" is a homely play but one which appeals to the heart. It is a picture of Missouri life and just such characters are presented as could be found in the interior towns of that state. The humor and comedy of the play is not so much in the lines or situations as in the style and habits of the people. In the hands of anything competent company "In Mizoura" would be the broadest of burlesques, but as portrayed by Nat Goodwin and his company it is a simple and natural picture of one class of American people.

As the quiet and deliberate sheriff, Jim Radburn, Mr. Goodwin is a great success. There is a touching sympathy and rough delicacy in the part which is most admirably emphasized by Mr. Goodwin. Homely though it is, there could not be a more beautiful scene than that at the close of the second act when Kate rejects Jim Radburn's love. He knows that her education, obtained, too, through love and generosity, is the barrier between them. He utters no complaint but bows to her will and turns silently and stoops down over a little wounded sympathy of the animal which answers his caress.

Clarence E. Holt's Jo Vernon was a fine piece of character acting. Louis Payne as Dave had an eccentric part which he made one of the most conspicuous of the play. Robert G. Wilson as Col. Ballinger presented an excellent portrait of a type of Missouri lawyers.

Miss Minnie Duffee as "Elizabeth Vernon" was the most prominent of the women in the cast. It was a fine piece of comedy of a peculiar sort and was very amusing. Miss Mortimer as Kate, to our minds, was perfect. The actress, Miss Vane as the wife, was excellent. Miss Vane was not entirely satisfactory as Kate Vernon, but the part does not admit of very much. Nearly every part in the play is a character part.

The staging was fine, nothing but special scenery being used. The interior of Jo Vernon's home was realistically presented. The stage shop was also a true to life and to add to the realism, tire was set in the wheel of the broken stage coach. The view of Jim Radburn's house was the prettiest scene in the play.

The Bohemians. The Bohemians will appear in black Monday evening at the Temple. Kind patrons by giving a roaring, side-splitting minstrel show with the best specialties to be procured, in addition to the are the Arion quartet, whose reputation for the best of music has already been so well established; the Duluth Banjo son, late of Chicago, who is established in Duluth; Messrs. Corcoran and Marvin, of St. Paul, playing the banjo and guitar; Ned Parker, banjo specialist, in a whole new show in himself, doing everything imaginable and most laughable under the name of the "Bohemians." The show will be given at 8 o'clock. The show will be given at 8 o'clock.

The club itself will crack the latest jokes of every description and render the most popular solos and songs. The club will be given at 8 o'clock. The show will be given at 8 o'clock.

NEW DYES FOR COTTON.

BEAUTIFUL AND BRILLIANT COLORS THAT DO NOT FADE

Scientific Discoveries That Lighten Labor—A Weaver's Experience in Dyeing—Carpeters Where the Color Stays as Bright as When New.

Within the last few years science has been at work in the matter of dyeing, and the results are the fast diamond dyes for cotton—turkey red, pink, purple, orange, olive green, brown, etc. These dyes make colors so fast that even washing in strong soap suds will not start them. If a woman is sure to get the fast diamond dyes for cotton when she wants to dye cotton, she will be able to dye absolutely fast non-fading colors which will stay until the goods are worn out.

A practical dyer, writing in the Weavers' Herald, says: "I used to dye with roots and barks, but after all my work (and it was a tedious job) I was not satisfied, for the colors were homely and often faded. At last I commenced to use diamond dyes, and the difference was just as good, but the work is a pleasure. I have used carpets made of rags dyed with diamond dyes three years, and the colors are still as bright as when new."

Many of the diamond dye fast cotton colors are superior to other dyes which they are used by dyers everywhere, even in the big mills and the large dye houses. Initiators of these reliable dyes may claim that their cotton dyes are "just as good," but practical tests prove the diamond is the only kind that makes colors which soap will not wash out or sunlight fade.

The diamond dyes come in nearly fifty different colors, for silk, wool and cotton, and will dye anything, from a pair of stockings to a dress or cloak.

WENT DOWN IN THEIR POCKETS.

State Relief Commission Furnish Money to Finish Their Work.

In the closing up of the work of the state relief commission appointed to look after the sufferers by the big Hinckley fire, it was found yesterday that \$30,000 more money was needed to finish. Without making any further appeal to the public members of the commission, C. A. Pillsbury and W. G. Norton, of Minneapolis, Kenneth Clark and H. H. Hay of St. Paul, and the latter, Gray, of Duluth, went down into their own pockets for the entire amount, leaving it to the legislature to reimburse them when it meets, if it so desires.

FARR WAS DISCHARGED.

Judge Winje Declined to Hold Him for Stealing a Dog.

A. C. Farr stood a preliminary examination yesterday afternoon on the charge of stealing a Gordon setter dog belonging to Col. A. K. Jones and was acquitted.

Col. Jones and W. T. Bailey testified for the prosecution, the latter having found the dog in the possession of Farr at a lumber camp near Virginia.

Farr swore that he purchased the animal of a man whom he met at Superior street and Lake avenue. A cook named Lorenz, who lives at Virginia, substantiated Farr's story.

The prosecution attempted to show that Farr was running a dog stealer's joint at a lumber camp near Virginia, where he is watchman. Lorenz, the cook, admitted that on several occasions Farr had been several dogs in camp but the testimony against the defendant was not strong enough to cause Judge Winje to hold him.

Four Big Successes.

Having the needed merit to more than make up all the advertising claimed for them, the following four remedies have reached a notable sale. Dr. King's New Discovery, for consumption, coughs and colds, each bottle guaranteed—Electric Bitters, the great remedy for liver, stomach and kidney troubles. Dr. King's New Life Pills, the best in the world, and Dr. King's New Kidney Pills, the best in the world. All these remedies are guaranteed to cure. Trial bottles are sent free. Write for them. Trial bottles are sent free. Write for them.

W. A. McGuire, a well-known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having a gripe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine, and to his delight it soon effected a permanent cure. 25 and 50 cent bottles for sale by all druggists.

Henry Wilson, the postmaster at Welsch, Pa., says he had a case of diarrhea of long standing in six hours with one small bottle of Chamberlain's Remedy. What a pleasant surprise that must have been to the sufferer? Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by all druggists.

Stoves set up, 118 East Superior St.

Special Sleeping Car Service To Moorhead and Fargo via Great Northern railway, every night. To and from St. Paul and Minneapolis leave Duluth and Eastern Minnesota railway at 1 p. m., arrive Minneapolis 6:25 p. m. Leave Minneapolis 7:10 p. m., arrive Moorhead 1:25 a. m. This car will remain at Moorhead until 7:30 a. m., when it will be switched over to Fargo, so that passengers for either Moorhead or Fargo will not be disturbed until that hour. This will enable passengers to obtain a full night's rest. Returning, leave Moorhead 3:40 p. m., arrive Minneapolis 6:55 a. m. St. Paul 7:30 a. m. Leave St. Paul 1:05 p. m., arrive Duluth 7 p. m. For tickets and reservations call on or telephone W. S. WHITTEN, P. O. & T. A., 432 West Superior street, Duluth.

For a pan in the side or chest there is nothing so good as a piece of Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back. For sale by all druggists.

Pure, Harmless, Satisfying, CHEW IT. SMOKE IT.

ANTI-NERVOUS; ANTI-DYSPEPTIC.

To the Ladies of the City...

Do not be imposed upon by anyone [man or woman] who may call at your home with an inferior stone stew kettle, representing that they are in our employ, as we have no one acting in that capacity. Come to our store and we will sell you one at half their price, and one we will guarantee will not crack with heat.

F. A. Parker Company, 28 West Superior Street.

TOOK HER PICTURE.

Lizzie Wethers' Face Will Go Into the Rogue's Gallery.

Detective Benson ordered out the patrol wagon early this morning and offered Lizzie Wethers, the Biwabik "yellow gal," so well known in sporting and criminal circles, down to Thiel's studio where an attempt was made to take her photograph. She twisted her tongue and made all manner of faces, but a couple of shots were secured just the same. She acted fully as cranky as possible and attracted all the attention she could on the trip. On the stairs she kept saying to the detective, "Don't touch me! Don't touch me! Don't touch me! Don't touch me!"

On the way back, the wagon stopped at headquarters and took on a petty offender. He was much incensed to think that he was compelled to ride up in the same wagon with the wench and bowed a disgusted and mocking farewell to the officers.

Two United States Senators.

Tomorrow evening will be an interesting occasion at the First Methodist church, when the United States senators will be on the platform. Gen. John B. Gordon, United States senator from Georgia, will lecture on "The Last Days of the Confederacy." Hon. G. K. Davis, who is in the city on the Hulet case, has consented to preside and will introduce Gordon, his warm friend and colleague.

Bede's Warm Plans.

Marshal Bede said to a St. Paul reporter that he is not sorry he resigned. Of his future movements he said: "When I have settled my accounts I will go South for the winter and take a rest as well as time to decide just what I shall do in the future. I don't think I shall go back to Duluth, as I have become quite infatuated with St. Paul. So far as I know I will settle in this city and bring my paper, the Budget, here too. I have settled in the Budget and take it as a matter of general and literary paper. It will have a strong tone of Democracy, for above all things I am a Democrat. The paper will be very assuming and will be a weekly, perhaps only a monthly publication."

The Minnesota Canal Company.

The Minnesota Canal company today filed its survey of eighteen miles into the city, making eighty-seven miles from the St. Louis river to under condemnation proceedings. This opens the upper part of Lake country and the central portion of the eastern division of St. Louis county for timber traffic to the harbor of Duluth.

Marvelous Results.

From a letter written by Rev. J. Gudermann, of Minneapolis, Minn., we are permitted to make the following statement: "I have in my possession Dr. King's New Discovery, for consumption, coughs and colds, each bottle guaranteed—Electric Bitters, the great remedy for liver, stomach and kidney troubles. Dr. King's New Life Pills, the best in the world, and Dr. King's New Kidney Pills, the best in the world. All these remedies are guaranteed to cure. Trial bottles are sent free. Write for them. Saturday's Specialties:

Is surely right for the best dinner of the year. Isn't he ready sauced in season for the table? Our stock, by the way, is in season with everything for Thanksgiving day, and any other day for that matter. It bristles with temptations to the appetite as irresistible as hunger. The veriest epicure would wish to eat two dinners on the 20th, if the menu were made up from our procession of delicacies from every clime. We climb to the top of the list with a food exposition that cannot be excelled in this country, because it comprises the choicest production of farm, garden, dairy, orchard, and with everything in canned goods, etc., at the lowest prices. Your mouth will water when you look at it.

KENT MUST DIE.

Jury in the Kent Murder Case at Mandan, N. D., Found a Verdict of Guilty Today.

Decided That He Should Be Punished by Death and Sentence Will Be Passed Tomorrow.

Aaron Hirschfield, the Plaintiff in the Divorce Case at Fargo, on the Stand Today.

Congressman Haugen Does Not Think a River and Harbor Bill Will Pass Next Session.

St. Paul, Nov. 23.—A Mandan, N. D., special to the Dispatch says: Early this morning the jury in the Kent murder case brought in a verdict of guilty and they decided that the defendant should be punished by death. In this state the punishment is fixed by the jury when they find a verdict of guilty. The defendant heard the verdict, apparently unmoved. Sentence will be passed tomorrow.

Kent was accused of wife murder having offered a big sum to an accomplice to commit the crime. His wife belonged to a prominent Minneapolis family.

CELEBRATED DIVORCE CASE.
Aaron Hirschfield, the Plaintiff, on the Stand at Fargo Today.

MINNEAPOLIS, Nov. 23.—A Journal special from Fargo, N. D., says: In the Hirschfield Hogan divorce case today the plaintiff, Aaron Hirschfield, was on the stand. He testified to having been over-worked as cashier at Helena during and since the panic of 1893, and that he could not concentrate his thoughts upon any one subject.

He told of the defendant's visiting him at the bank, having a check cashed, and asking him to obtain a situation for her sister as stenographer, and said she next called at his rooms over the bank on Sunday and asked about the situation. She stayed about an hour and at that time he became criminally intimate with her.

She frequently visited him after that time. He paid her from \$200 to \$2000 during six months' time. She charged him with being the father of her unborn child, made threats as to what her brothers would do, and one night two men jumped out of an alley on a side street and told him that they would kill him unless he married the girl. He agreed to do so and afterwards fulfilled his promise.

They made an agreement of settlement at that time, but he lost his pocket book during that trip, and it contained this paper among other things. Feeling is running high here and the defendant has many sympathizers, while the plaintiff has some strong supporters. The case is exciting the city far more than any ever tried here before.

CONGRESSMAN HAUGEN TALKS.
Does Not Think a River and Harbor Bill Will Pass Next Session.

St. Paul, Nov. 23.—Congressman Nels P. Haugen, of River Falls, Wis., was at the Merchants yesterday comparing notes with Congressman Tawney. Mr. Haugen was not a candidate for re-nomination, so his term in congress will terminate with the coming session. In relation to matters of importance to the Northwest which will come before congress during the session, Mr. Haugen said:

"The only thing likely to be of special interest to Minnesota and Wisconsin is the river and harbor bill, which would provide for the improvements in the waterways of the great lakes, as suggested at the deep waterway convention. The time of the short session is so limited that a general river and harbor bill is never passed, so the chances of getting one through before March 3, are very slight.

"There may be considerable pressure will be brought to bear on congress to have the government guarantee the bonds of the Nicaragua Canal company. I doubt whether it will pass in that shape, as it is a question whether or not the majority of the senators and representatives will favor any measure which might result in placing the government in the same position it occupies in relation to the Pacific railroads. Personally I would be willing to vote for a bill giving the government ownership and control of the canal, even though it might be compelled to pay the present company a large price for its property and rights. I am not in favor of the government becoming security for any private corporation.

"There may be an effort this session to revise the federal banking laws, but there is such a vast difference of opinion that it is scarcely possible for them to agree upon any definite plan. I am a member of the committee on banking and currency and thus far the Democratic members of that committee have not been able to agree. My impression is that the Republicans on the committee would endorse some legislation in the line of the so-called Baltimore plan.

"In Wisconsin the Populists did not develop much strength, polling only about 25,000 votes, mostly in the cities. There are few Populists among the farmers, and those in the cities are the result of the labor troubles last summer. In the state legislature the Democrats have had a majority the last two sessions and have each time elected a Democrat to the United States senate. Senator Vilas' term expires in 1917 and we expect then to elect a Republican to succeed him. We now have a majority in each branch and will undoubtedly have a majority on joint ballot two years hence."

Suicide of a Farmer.
LACROSSE, Wis., Nov. 23.—Henry

Weideking, an elderly and well-to-do farmer, committed suicide Wednesday night because he could not agree with his wife. He left her a month ago, but later they tried to harmonize the differences. When this failed he became very downcast. The suicide was by hanging with a small rope, which would not have supported his weight but served, by bearing his neck heavily upon it, to strangle him.

RICE COUNTY COURT.
Simon Tretout Given a Five Years' Sentence for Grand Larceny.

FARIBAULT, Minn., Nov. 23.—The November term of the district court for Rice county has finished its work. Simon Tretout, alias Simon Legraw, was found guilty of grand larceny in the first degree and was sentenced to the state prison for five years. He broke into a clothing store in this city a month ago and took a large amount of clothing. He has been sentenced a number of times for burglary, and it is generally supposed that he is one of a gang of thieves that has been operating in certain parts of this city and county.

R. E. Kingman, Thomas Jefferson and Adam Phillips were acquitted on the charge of throwing stones, and a shooting at a passing train in Northfield last June. The jury disagreed in the case of the city of Northfield versus John Fryling, charged with assault. The jury acquitted J. C. Bullock and Ada Sanford, both of Morrisville, who were charged with adultery.

ARREST OF A FIREMAN.
Charged With Setting Fire to a Northern Pacific Bridge.

KALISPELL, Mont., Nov. 23.—Deputy United States Marshal Waite, of Helena, arrived here Wednesday evening and placed Thomas D. Wheeler under arrest on the charge of having set fire to a bridge three miles east of East Grand Forks, Minn., about July 15 last. The complaint charges that Wheeler is in contempt for interfering with the operation of the road.

Wheeler has been working on this division of the Great Northern as fireman. He was taken before United States Commissioner Gray today. Ex-Governor Toole of Helena appeared on behalf of the Northern Pacific. Wheeler waived examination and was bound over to await the action of the United States grand jury ordered committed in the Lewis and Clark county jail, for which place the marshal left with his prisoner last evening.

A NEW LEASE OF LIFE.
Governor Rickards, of Montana, Granted a Respite to a Murderer.

KALISPELL, Mont., Nov. 23.—Governor Rickards notified Sheriff Gagner yesterday that a further respite had been granted to Charles J. Black, alias Christie, the St. Paul boy, until Dec. 21, as the supreme court has set Dec. 3 as the date for hearing motions for a new trial on appeal from the district court.

Black was to be hanged today, having been convicted of the murder of Mrs. Cunningham and sentenced last August. This is the third time he has been respite, the date of execution having first been set for Sept. 2. His mother and stepfather are both here making desperate efforts to save his neck. Black takes the proceedings with apparent indifference.

New Minneapolis Reservoir.
MINNEAPOLIS, Nov. 23.—The special committee of the city council on the proposed reservoir has voted to accept Thomas Lowry's offer of forty-five acres on Columbia heights and recommends an appropriation of \$75,000 out of the water-works fund to begin the preliminary work.

A Minister's Wife Killed.
DELANO, Minn., Nov. 23.—Mrs. Powell, wife of J. W. Powell, pastor of the Methodist Episcopal church of this place, was thrown from a buggy and injured so that she died in about half an hour from the effects yesterday afternoon. Mrs. Wilder was in the buggy with her and was also thrown out and slightly bruised. Mrs. Powell was about 70 years of age.

Gillilan Will Soon Resign.
St. Paul, Nov. 23.—There is little, if any doubt, that before another month has passed Chief Justice Gillilan, of the supreme court, will tender his resignation, and that Judge Starr, the newly elected chief justice, will at once be called upon to take his seat. Mr. Gillilan is in poor health.

Henry Sidle Assigns.
MINNEAPOLIS, Nov. 23.—Henry G. Sidle, formerly president of the First National bank, has filed a voluntary deed of assignment to A. H. Noyes. The assets will probably be slightly less than \$100,000 while the liabilities exceed that sum by a small amount.

Verdict for Durnen.
FERGUS FALLS, Minn., Nov. 23.—After forty hours of deliberation the jury in the case of Mrs. Samatha Wood versus T. H. Durnen found a verdict for the defendant. Mrs. Wood sued for \$1000 damages for being raped by defendant.

Suffocated by Smoke.
MINNEAPOLIS, Nov. 23.—Fire broke out in the frame dwelling house in the rear of 187 Second street north about 3 o'clock this morning and one of the inmates, C. F. Lind, a lumberman, was suffocated by smoke.

Was Not Successful.
LONDON, Nov. 23.—Judge Wiedman, who was sent on a mission to England by ex-Queen Liliuokalani, has finished his visit here and has gone to Germany from which country he will return to Hawaii via Bremen and New York. The judge has not met with success.

Dr. Sim Dead.
MEMPHIS, Nov. 23.—Dr. F. L. Sim, one of the most eminent physicians in the country, died at his home in this city this morning, aged 60 years.

Lynchling Trial Postponed.
MEMPHIS, Nov. 23.—The lynching trial was not on today. Court adjourned until tomorrow on account of a death in family of one of the state's attorneys, which prevented his attendance.

Panton & Watson

Cloak Department.
Tomorrow will be a red letter day in our Children's department. Every Cloak will be sold at less than manufacturer's price. Bring your little ones to the Glass Block tomorrow. We will save you money.

WEST DULUTH ITEMS.

Thrilling Experience of Eli Clement, the Frenchman, Who Broke into the Bay a Few Days Ago.

He Was Unconscious and Believed to Be Dead When Rescued, But Was Afterwards Resuscitated.

His Shoulder Was Broken and His Whole Body Badly Cut by the Sharp Ice.

The name of the Frenchman, notice of whose narrow escape from drowning was given in The Herald last evening, is Eli Clement, and he is a West Duluth lumberman. His experience in his fight for life in icy waters and his subsequent resuscitation was very thrilling. With two companions Clement started on Wednesday afternoon from the banking camp of Mitchell & McClure for West Duluth. While on the way Clement attempted to cross the river at a place where the others wanted him not to go. He persisted, however, and had not gone far when the ice gave way and let him down. His friends tried to assist him, but they could not get near him.

For over two hours Clement struggled to save himself swimming and throwing himself again and again upon the ice, which was too weak to support his weight. Finally by cutting some branches off with his jack-knives, just as he had become unconscious and given up the struggle, his comrades fished him out and brought him to shore.

After attempting to resuscitate him they half carried and half dragged him to a shanty near the bay and sent for Dr. Burnside. It was about 3 o'clock when the doctor arrived and commenced the almost hopeless task of bringing the man back to life. After a vigorous rubbing and the application of restoratives, to the surprise of those present signs of life returned and Clement appeared to be truly snatched from the dead. He was taken to St. Mary's hospital yesterday morning. The man's shoulder was broken and his body badly lacerated in his struggle.

West Duluth Briefs.

Ed Hurlbut has returned from Barnum, where he was employed on the Barnum Advocate.

The New Duluth Military band has issued invitations for a ball to be given on Thanksgiving. The St. Louis hotel opposite New Duluth has been engaged for the occasion.

Louis Davitt, of New York, is visiting his uncle, M. Kastner.

William Healy, left for Bismarck yesterday, after receiving intelligence of the death of his mother.

Mr. and Mrs. Fred McDonald have moved to Aitkin.

Fred Stevens is down from Grand Rapids on a business trip.

N. M. Little leaves shortly for Cincinnati to spend Thanksgiving with his sister. He will then go to Washington and spend Christmas with his parents.

Miss E. Bates, teacher at the Longfellow has gone to Iowa, called home by the death of a sister.

Mr. and Mrs. Eugene Smith have taken up their residence on Fifty-seventh avenue west near Bristol street.

Secured a Rebate.

PITTSBURGH, Nov. 23.—In the United States district court here today a verdict was rendered against the Standard Underground Cable company, of this city, in favor of the Consolidated Electric company for \$36,045. The Denver company sued for \$52,000 rebate on defective cables furnished them.

Greek Catholic Church.

PITTSBURGH, Nov. 23.—Bishop Nicholas, of San Francisco, is in the city and will dedicate a new Greek Catholic church tomorrow, one of the few in this country. The bishop wears a crepe veil, out of respect for the late czar, Alexander.

New Swiss Minister.

BERNE, Switzerland, Nov. 23.—The bunderath has appointed Dr. Pioda Von Locarno to be Swiss minister to Washington. He is now councillor of the Swiss legation at Rome.

The Ladies' Aid society of the English Lutheran church will give a supper Thursday and Friday evenings at No. 8 East Superior street, Nov. 22 and 23.

Notice.

OFFICE OF BOARD OF FIRE COMMISSIONERS, City of Duluth, Minn., Nov. 23, 1894.

Sealed bids will be received at this office up to and including Saturday, Dec. 1, 1894, at 12 o'clock noon of said day, to furnish the city of Duluth, for use of the fire department of said city, with 2000 feet of 2 1/2 inch steam fire engine hose, said hose to stand a pressure of 100 pounds to the square inch and to be guaranteed to last four years.

We reserve the right to reject any and all bids.

Board of Fire Commissioners,
FRED A. LEWIS,
Secretary.

CURES OTHERS.

For over a quarter of a century, Doctor Pierce's Golden Medical Discovery has been effecting cures of Bronchitis, Throat and Lung affections, Weak Lungs, Bleeding from Lungs, Bronchitis, Asthma, all lunging Coughs, Consumption or Lung Scarcia and kindred maladies, are cured by it.

REDUCED TO A SKELETON.

Mrs. MIRA MILLS, of Sardinia, Big Stone Co., Minn., writes: "One year ago I was given up by my family physician and friends; all said I must die. My lungs were badly affected and I was reduced to a skeleton. My people commenced to give me your Medical Discovery and I soon began to mend. It was not long before I became well enough to take charge of my household duties again."

WHEAT WEAK AND LOWER.

All the Prominent Features of Today's Market Were Bearish.

The wheat market here today was weak and lower than yesterday for May at 80 1/2c. The market ruled steady and dull during most of the session and the greater portion of the trading in May was done at 80 1/2c. There was considerable buying of December at 81c difference, and more offers were made than were taken. The market firmed up a little in the last hour and closed at the decline for May, 1c lower than yesterday for December and unchanged for cash stuff. The elevators took most of the cash stuff, but the bulls got \$2,000,000 at a premium of 1c for track stuff delivered.

The prominent feature of the market was bearish. Liverpool cables were lower, the bull never over there having originally subdivided and New York reported that forecasts were free sellers there. Domestic markets were weak, the receipts in the Northwest large and there were many indications of a large increase in the visible supply next week. One of the most important factors of weakness was the continued depression of buyers of December as there delivery day. The continued weakness in corn and other speculative articles also helped to weaken wheat. Following were the closing prices:

No. 1 hard, cash, 80 1/2c; November, 80 1/2c; December, 81c; May, 80 1/2c. No. 2 hard, cash, 79 1/2c; November, 79 1/2c; December, 80 1/2c; May, 79 1/2c. No. 3 hard, cash, 78 1/2c; November, 78 1/2c; December, 79 1/2c; May, 78 1/2c. No. 4 hard, cash, 77 1/2c; November, 77 1/2c; December, 78 1/2c; May, 77 1/2c. No. 5 hard, cash, 76 1/2c; November, 76 1/2c; December, 77 1/2c; May, 76 1/2c. No. 6 hard, cash, 75 1/2c; November, 75 1/2c; December, 76 1/2c; May, 75 1/2c. No. 7 hard, cash, 74 1/2c; November, 74 1/2c; December, 75 1/2c; May, 74 1/2c. No. 8 hard, cash, 73 1/2c; November, 73 1/2c; December, 74 1/2c; May, 73 1/2c. No. 9 hard, cash, 72 1/2c; November, 72 1/2c; December, 73 1/2c; May, 72 1/2c. No. 10 hard, cash, 71 1/2c; November, 71 1/2c; December, 72 1/2c; May, 71 1/2c. No. 11 hard, cash, 70 1/2c; November, 70 1/2c; December, 71 1/2c; May, 70 1/2c. No. 12 hard, cash, 69 1/2c; November, 69 1/2c; December, 70 1/2c; May, 69 1/2c. No. 13 hard, cash, 68 1/2c; November, 68 1/2c; December, 69 1/2c; May, 68 1/2c. No. 14 hard, cash, 67 1/2c; November, 67 1/2c; December, 68 1/2c; May, 67 1/2c. No. 15 hard, cash, 66 1/2c; November, 66 1/2c; December, 67 1/2c; May, 66 1/2c. No. 16 hard, cash, 65 1/2c; November, 65 1/2c; December, 66 1/2c; May, 65 1/2c. No. 17 hard, cash, 64 1/2c; November, 64 1/2c; December, 65 1/2c; May, 64 1/2c. No. 18 hard, cash, 63 1/2c; November, 63 1/2c; December, 64 1/2c; May, 63 1/2c. No. 19 hard, cash, 62 1/2c; November, 62 1/2c; December, 63 1/2c; May, 62 1/2c. No. 20 hard, cash, 61 1/2c; November, 61 1/2c; December, 62 1/2c; May, 61 1/2c. No. 21 hard, cash, 60 1/2c; November, 60 1/2c; December, 61 1/2c; May, 60 1/2c. No. 22 hard, cash, 59 1/2c; November, 59 1/2c; December, 60 1/2c; May, 59 1/2c. No. 23 hard, cash, 58 1/2c; November, 58 1/2c; December, 59 1/2c; May, 58 1/2c. No. 24 hard, cash, 57 1/2c; November, 57 1/2c; December, 58 1/2c; May, 57 1/2c. No. 25 hard, cash, 56 1/2c; November, 56 1/2c; December, 57 1/2c; May, 56 1/2c. No. 26 hard, cash, 55 1/2c; November, 55 1/2c; December, 56 1/2c; May, 55 1/2c. No. 27 hard, cash, 54 1/2c; November, 54 1/2c; December, 55 1/2c; May, 54 1/2c. No. 28 hard, cash, 53 1/2c; November, 53 1/2c; December, 54 1/2c; May, 53 1/2c. No. 29 hard, cash, 52 1/2c; November, 52 1/2c; December, 53 1/2c; May, 52 1/2c. No. 30 hard, cash, 51 1/2c; November, 51 1/2c; December, 52 1/2c; May, 51 1/2c. No. 31 hard, cash, 50 1/2c; November, 50 1/2c; December, 51 1/2c; May, 50 1/2c. No. 32 hard, cash, 49 1/2c; November, 49 1/2c; December, 50 1/2c; May, 49 1/2c. HIGH-WATER MARK.

The Weather.
U. S. WEATHER BUREAU, DULUTH, MINN.,
Nov. 23.—The barometer is lowest in Manitoba
and Ontario. A high pressure area which is
centered in Kansas, extends over the Rocky
mountain districts, the central valleys and
upper lake region.
Fair weather prevails in all districts, except
rain in the Ohio valley; the lower lake region
and Tennessee.
The lowest temperature reported is 8 degrees
in Manitoba; the highest, 31 degrees, at Mem-
phis.
Duluth temperature at 7 a. m., today, 22 de-
grees; maximum yesterday, 31 degrees; mini-
mum yesterday, 11 degrees above zero.
SALT LAKE, Utah, Nov. 23.—Depth of
water at St. Mary's falls canal at 7 a. m., today,
14 ft 6 in. Forecast for the next thirty-six
hours, rising.
DULUTH, Nov. 23.—Local forecast for Duluth
and vicinity till 8 p. m., tomorrow: Fair;
slight changes in temperature; light to fresh
southwest winds.
JAMES KENNELLY,
Local Forecast Official.

CHICAGO, Nov. 23.—Forecast till 8 p. m., to-
morrow: Fair; light to fresh southwest winds.
SALT LAKE, Utah, Nov. 23.—Depth of
water at St. Mary's falls canal at 7 a. m., today,
14 ft 6 in. Forecast for the next thirty-six
hours, rising.

Another Manchester Canal.
St. Paul and Minneapolis will not be
pleased with the opinions expressed by
the Chicago Times concerning the
scheme of a canal from Lake Superior
to the Mississippi river. Says the Times:
"So far as is known to the world at large
there is but one thing on which these
disputatious twins, Minneapolis and St.
Paul, agree. They have fought for the
last score of years on every question
ranging from fraudulent census returns
to the relative positions their respective
citizens will hold in the bright beyond, at
at one time going so far as to maintain
in each town rival prize fighters that in
the war of words there might not be even
a momentary armistice. But they are
in dove-like harmony on that one point—
they are solidly for anything that will
overthrow their hated common rival at
the head of the lakes, Duluth. That city
is to Minnesota and the Dakotas what
Chicago is to the great middle West. It
is the head of lake navigation, and is
slowly but surely gathering to itself the
commerce and industry of the disconso-
late twin towns."

The Chicago paper adds that so long
as St. Paul and Minneapolis carried on
this fight at their own expense the gen-
eral public could look on and enjoy the
scrimmage with much amusement but
no particular degree of interest, but in
view of the fact that the twins are about
to demand that Uncle Sam take the dis-
cussion off their hands and fight it out to
finish the Times concludes it is time
the general public, who pay the freight,
look into the matter. Congress made an
appropriation of \$10,000 for a survey of
a canal connecting with Lake Superior,
and one surveying party has reported
that a canal can be constructed at a cost
of about \$90,000,000. This causes the
Times to remark:

"It is encouraging to know that 'it is
thought' the cost will not exceed a mere
bagatelle like \$90,000,000. But even that
little amount would be considerable for
to put into a toy, a useless plaything for
the twins to amuse themselves with.
There is no more need for a ship canal
to connect the headwaters of the Missis-
sippi with Lake Superior than there is
for a trolley system to the moon—no
one would use either. Manchester, Eng-
land, betwought herself a few years ago
of a water route to wealth and greatness.
All that was needed to make Liverpool a
way station and Manchester the greatest
port of entry on earth was a ship canal
to the latter town. The more they
thought of it the more the simple Man-
chester folk believed in it, and at last
the necessary millions were subscribed
by the unsophisticated citizenry, for the
general government washed its hands of
the whole affair, and the canal was built.
And there it lies today, with scarce a
ripple upon its bosom made by passing
ships—a complete failure and a dead
loss to its builders.
"If St. Paul and Minneapolis, emulating
the example of Manchester, want to
build a ship canal in face of such natural
obstacles as present themselves here—
lifts of nearly 500 feet on either side the
divide, requiring thirty locks with lifts
of thirty feet each—well and good; that
is no business of the federal government
save to grant the twins the privilege.
But the expenditure of \$10,000 already
made is an inexcusable piece of folly
which may not be too strongly character-
ized, and any attempt to rob the federal
treasury in further interest of this flag-
rant and scandalous scheme should
meet with prompt and emphatic refusal
even to consider it."

The Chicago paper will certainly make
itself disliked in the decaying towns on
the Mississippi. All that it says is true
every word of it—but the Duluth pa-
pers have refrained from criticizing the
scheme, because the Twin City papers
would have immediately declared that
such criticisms were prompted by a fear
that the proposed canal would benefit
St. Paul and Minneapolis at the expense
of Duluth. They were confident that
the wild, visionary and impracticable
scheme would attract the attention of
other cities and that a vigorous protest
would be made against congress wasting
any more of the public's money in this
manner. The Chicago paper has a very
correct idea of the cause of the move-
ment to commit the country to this need-
less and enormous expense—the com-
mon desire of St. Paul and Minneapolis
to overturn Duluth's commercial su-
premacy.

Duluth, as the Times well puts it, is
to Minnesota and the Dakotas what
Chicago is to the great middle West.
The Twin Cities must yield to the in-
evitable. Duluth's geographical location
will be the great commercial center
of the Northwest. Already it has made
amazing progress. Its advance in the
future will be still more rapid. Almost
daily the Twin Cities see their commerce
and industry slipping away to Duluth.
They cannot prevent it. It is the in-
exorable law of trade and commerce
that causes this diversion of business to
Duluth. They would stop it by building
a canal to connect them with Lake
Superior, but the scheme is impracti-
cable and must fail. Duluth is filled
with people who, appreciating these
facts, have removed here from St. Paul
and Minneapolis. Thousands more are
preparing to follow suit. Not even this
brilliant canal scheme can keep them
away.

The Imperial Holds the Record.
The Minneapolis Journal claims that
Pillsbury flour mill made "a test run"
of 9551 barrels last Wednesday, thus
beating the record of the Imperial at
Duluth. Then it is said that "the Pills-
bury run was made under the direction
of the head miller, without the knowl-
edge of the Pillsbury company and with-
out the knowledge of the Duluth run."
This was brought out when the head
miller turned in his report, without sup-
posing that he had made a record for the
mill that was of special interest. A
very pretty story this, but it hardly
agrees with the opening statement that
it was "a test run." However, there is
no evidence whatever that the run of
9551 barrels, which is claimed, was
ever made. No announcement of the
"test run" was given and no precau-
tions were taken for verifying either
the time occupied in the run or the
size of the output. The only author-
ity for the story is "the head miller."
No record in any sport is accepted
that is not made under conditions that
preclude the chance of any deception.
The same rule must be applied in this
case. The record of the Imperial mill
was made under strict inspection by dis-
interested outsiders and it will stand.
The Pillsbury figures cannot go on re-
cord, because they are unconfirmed. The
record is with the Imperial, which is the
greatest flour mill in the world.

A great load of care has been taken
off the mind of the Boston Journal by
the news that in the new steamship
North West the United States has a
merchantman on the great lakes which
can speedily be turned into an armed
vessel for the circumvention of Cana-
dians bent on conquest. "It remains
now for the government," says the Bos-
ton paper, "to establish depots of arms
and munitions for these vessels at con-
venient ports, so that wherever they
might be the fitting out would be done
with dispatch. Then the safety of the
lake front will be assured."

The New York Sun, referring to J. E.
Addi, k's senatorial aspirations in Dela-
ware remarks that the United States
senate "is not an asylum for campaign
contributors." There are not a few
members of that body at present, with-
out having anybody added to the un-
savory list, who could probably give in-
teresting evidence on the point, if they
would. The Sun might more correctly
have said that the senate should not be
an asylum for campaign contributors.

Mr. Platt agrees to all the reforms ad-
vocated by the committee of seventy in
New York, with a single exception. He
does not favor a single-headed police
commission. He wants a bi-partisan
commission, same as at present, because
of its supervision of the elections, which
the reformers think should be no part
of the board.

And now several New York taxpayers
have applied for the removal of Judge
Paddy Divver, who was promoted by
Mayor Grant from keeper of a saloon to
be police justice at \$8000 a year. Divver
never even read law until he became
judge and his subsequent course does
not indicate that he has read much law
as yet.

St. Paul is to have a professional-ball
team next season. Unless there is a
great improvement in the patronage
usually given to baseball in the Saintly
City, the manager will have more ex-
perience and less money at the close of
the season.

If it turns out that there are really 400
Mr. Hydes in America to come into that
\$350,000,000 fortune discovered in Eng-

the Mississippi. All that it says is true
every word of it—but the Duluth pa-
pers have refrained from criticizing the
scheme, because the Twin City papers
would have immediately declared that
such criticisms were prompted by a fear
that the proposed canal would benefit
St. Paul and Minneapolis at the expense
of Duluth. They were confident that

The Store Plays Proudly Tomorrow.

Extraordinary Low Price Givings on "Now" Needed
Wares in the Millinery, Dress Goods, Cloak, Un-
derwear, Hosiery, Veiling, Notion and Handker-
chief Departments.

Saturday
Is the Big Shopping Day
In the store and one of the
fast selling articles, Hand-
kerchiefs. Consequently we
will sell a 200-dozen assort-
ment of dainty styles to-
morrow at

15c EACH.
All of much higher values.

In the Millinery Dept.
We will sell a superbly styl-
ish lot of "Toques" and
other modernly trimmed Hats.
All those ranging in price
up to \$4.50 will sell at

\$2.25.
Those ranging in price up
to \$8 we will sell tomorrow
\$3.90.
500 More
Exquisite Birds for Hat or-
naments ranging up to \$4
each go on sale tomorrow at

69c.
A most unusually cheap
selling of first class stylish
goods.

20 Pieces
Point Laces ranging in
price up to 40c at 20c to-
morrow.
We will also sell a dozen or
so Lace Collars cheap.

Howard & Haynie

land by their agent, other four hun-
dreds in America will make ready to ac-
knowledge accessions from their ac-
crued ranks.

What's this? The St. Paul Globe says
that "Duluth has been mentioned as
likely to present the name of J. M.
Smith" for speaker of the house.

An Unusually Doubt.
When an eminent reformer gets elected to a
place
Which the public is assured that his abilities
will grace
And he tackles the position
There arises a suspicion
For suspicion in these days is never easy to
displace.

It is just a simple question that gets up to take
the floor:
A weird intersection that has bothered men of
yore!
When he tackles the position
Will he be a politician
Or remain the good reformer that he was in
days of yore?
—Washington Star.

To Benefit the Twins.
Minneapolis Times: Mr. Gridley
when asked by a Times reporter to state
some of the reasons why the Twin Cities
should be interested in the proposed
canal, said: "The Twin Cities are inter-
ested in bringing the ore of the Mesaba
range by water to those cities to meet the
cheap coal brought by water from the
Lower Mississippi. They are also
interested in the proposed plan to bring
electric power from the city of Duluth,
which will enable the Twin Cities to
have all power needed at one-quarter of
the expense of the power now used here;
also the carrying out of the proposed
plan will open a canal system in the
Northwest that will give to the Twin
Cities equally with Duluth the ore of the
Northwest, the grain of the Northwest
including the Canadian Northwest by
water transportation in such a way as to
give the three principal cities of Minne-
sota the monopoly of wheat and flour
manufacturing therefrom and the con-
trol of the steel and iron and the manu-
facturing of this locality and the terri-
tory tributary thereto.

Good news to holders of B. & M. B.
coupon books. The reliable firms of
Silberstein & Bondy, dry goods, and the
Big Duluth, clothing, will both gladly
accept your coupons on every purchase.
Howard & Haynie and Woodward will
both refuse your coupons now.

REAL ESTATE TRANSFERS

STORAGE.
WE HAVE THE CHEAPEST, CLEANEST
and best storage space in the city. Steam
heat and good fire always on hand and places
for the storage of furniture, trunks, etc., for
25 cents. Duluth Van company, 210 West
Superior street. Storerooms 10 East Superior
street.

EMPLOYMENT OFFICE.
I ADIES CAN ALWAYS FIND GOOD GIRLS
and good girls can always find places.
also the best and cheapest hair goods, articles
and cheap. Mrs. M. C. Seibold, 235 East Su-
perior street.

Will Have a Hard Time.
Anoka Union: It begins to look as
though Washburn would have a hard

time in getting elected United States
senator. The opposition is concentrat-
ing and he is likely to be laid out cold.

He Talked Too Much.
Elk River Star-News: Congressman
Baldwin is reported as expressing sur-
prise over his defeat in this district.
That's the chief trouble with Baldwin, he
is always "expressing" himself and it is
that very fault which aided to make his
defeat so overwhelming. If he had put
a padlock on his mouth and thrown the
key down the well during the campaign
he might have made a better showing, at
any rate he would have had some sym-
pathy in his defeat.

Cheap Lands! Low Rates.
On Dec. 4 and 18 a home seekers' and
business men's excursion will be run by
the Minneapolis & St. Louis railroad
from St. Paul and Minneapolis to Texas,
Indian territory, Oklahoma and other
points. Rates, half fare for the round
trip. Excursion will go in through tour-
ist cars, with porter and conductor in
charge. Berth rate, only \$2.50. The
farming lands in Oklahoma are the best
and cheapest to be had anywhere at
present. For further information ad-
dress A. B. Curtis, G. T. & P. A., M. &
St. L. R. Co., Minneapolis, Minn.

IS STILL UNSETTLED

Aldermen Spent All Yesterday Afternoon in Discussing the Contract for the Water Plant Purchase.

Are Divided on the Question of Compelling the Company to Refund Some of the Bonds.

Judge Hale Says Nothing Can Be Expected of the Company After the Agreement is Closed.

The members of the city council met yesterday afternoon and continued their wrestling with the question whether or not to accept President Belknap's proposition to sell the city the water-works plant. The resolution was taken up and all the clauses accepted, with slight modifications in one or two cases.

Before a motion to accept as a whole, lay on the table, postponed indefinitely or adjourn could be made, Alderman Howard arose and moved a reconsideration of the vote whereby what was for convenience known as section 4 was adopted. Howard's motion prevailed and he then followed with another to the effect that the section be cut out. That started the music, as it were, and for the next half hour amendments, substitutes, motions to adjourn and even some sharpness of expression and feeling came thick and fast.

Alderman Hale moved a substitute to the effect that the water company either guarantee to refund \$750,000 worth of bonds or else accept \$90,000 less in the cash amount expected for the plant. The substitute, by some peculiar rule of parliamentary usage, not heretofore known to the aldermen, was declared out of order. On the other hand, Alderman Howard did not have support enough to carry his motion to strike out.

A motion by Alderman Olafson to indefinitely postpone further consideration of the resolution and Mr. Belknap's proposition failed to carry. A motion to adjourn also failed.

Alderman Hale's motion to amend the so-called "section 4" so that the company be required to either refund bonds in the sum of \$750,000 or accept a sum \$90,000 less was voted for by 7 to 7. Aldermen Evans, Getty, Goldsmith, Hale, Mitchell, Olafson and Patterson voting aye, and Aldermen Christensen, Cox, Harwood, Oie, Trevillion, Howard and Nelson voting no.

A motion to adjourn at length prevailed and the aldermen went home apparently not much nearer city ownership of water-works than several days ago.

T. W. Hugo's Idea. Said ex-Alderman T. W. Hugo: "This council is just where the council was four years ago, when I was a member and when this same matter came up. Things today were in a similar shape to what they were then. There is a feeling among these aldermen that there is a nigger in the woodpile and that they must go slow or see the city get the worst of it. The city council now ought to say to the representatives of the company, 'Gentlemen, now talk business to us.'"

Another gentleman expressed himself as follows: "I am glad to see this cautiousness on the part of the aldermen. It seems to me that they are doing the welfare of the people and taxpayers at heart. I think Alderman Hale's idea a fine one. There is no doubt but that the council would for the purchase thought that Mr. Belknap or his company would and could furnish bonds in the sum of \$750,000, to be refunded. It seems to me that they are not, over his signature agree to do so, but simply, from the goodness of his heart, offered a free little advice as to how a saving could be made by just such a step."

"This idea of Alderman Hale makes it an object to take the company to bring in that quantity of bonds. It makes a good thing either way. It either saves \$90,000, or it brings up to par bonds that were sold at a loss. It seems to me that a few men have an option on all these bonds, or nearly all, and a huge fortune will be made if this resolution passes in its present form. My own of the aldermen seem to fear that the city will get the worst of this deal, I endorse their caution."

JUDGE HALE'S POSITION. Company Can Be Compelled to Do Nothing After Closing the Contract.

Judge Hale talked with a Herald man today on the water purchase question now pending before the council. He said:

"While the people have voted to purchase the plant, we are not compelled to pay the price asked. The issue of bonds to the amount of \$2,100,000 was authorized, but it was not necessarily stipulated that we must pay that amount. There is no question but that the price is too high and many people claim that they voted to purchase with the idea that the council would use its discretion in closing the deal. The main point of contention now is as to the refunding of the 5 per cent bonds with city bonds at 4 per cent. The gas and water company bonds run four-

MOST PERFECT MADE. A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

teen years. The difference of 1 per cent would be a total saving of \$105,000 for the city.

"Now Mr. Belknap, at the meeting with the committee of citizens, said that he believed he could secure \$750,000 of the company's bonds which could be refunded and gave the committee to understand that he would use his influence to do so. While he did not guarantee to do this he nevertheless gave the committee the idea that he thought he could and used it in giving figures arguing in favor of purchase."

"I believe the time to settle this matter is before we close with the company. An implied agreement will count for nothing after the contract is signed and delivered. The company will not then be compelled to do anything for us and may perhaps not be disposed to do so. It may be that Mr. Belknap was taken more seriously than he intended but I am quite positive that much weight was attached to his suggestion that he probably could assist the city in that way."

"It means \$105,000 to the city whether we can make this matter a part of the contract or not and I maintain that as aldermen of the city it is our duty to secure it if possible. That I think is a good common sense policy. Once this contract is closed it is settled for all time and the company cannot be compelled to do anything it does not feel like doing."

AMUSEMENTS.

Gen. Gordon's Lecture.

Tonight Gen. John B. Gordon will lecture at the First Methodist church. His subject is "The Last Days of the Confederacy," and no other man probably can talk more confidently upon this subject, for he was Gen. Lee's chief of staff, and knows of all the trials and struggles of those few days before Appomattox. He is a pleasant and eloquent speaker, and is one of the good talkers in the United States senate, he being a member from Georgia.

To make the occasion more interesting, Hon. C. K. Davis, the Minnesota senator, will preside and introduce his friend and colleague, Gen. Gordon. Two United States senators on the same platform is something that one does not see at this distance from the nation's capital.

"In Old Kentucky."

The second tour of Jacob Litt's very successful drama of blue grass life in "Old Kentucky," has been auspiciously inaugurated, and another season of prosperity is undoubtedly in store for this capital play. The seven months stay at the New York Academy of Music last season prevented the production from visiting many cities, and therefore it will be entirely new to a great majority of theatergoers, especially in the West. Its prime features, however, have been made more or less familiar through the general attention given to them by the dramatic writers of the country. The striking novelty of a brass band, composed entirely of diminutive darkies, and the genuine racing scene will particularly arouse interest among theatergoers, and the general excellency of the play itself will doubtless combine to attract large audiences everywhere. "In Old Kentucky" will be seen at the Temple tomorrow.

Bohemians in Black.

When the Bohemian entertainment, which occurs at the Temple Monday evening next, was mentioned to a gentleman yesterday, he remarked: "What! Has that high-toned organization descended to minstrelsy?" He was informed that the club had not lowered its standard but intended to raise minstrelsy up to its level. This is to be accomplished by giving a thoroughly genteel and artistic entertainment. The first part will be a sparkling musical comedy, replete with wit and song gems; the second part a delightful variety of numbers, and the conclusion the high-grade but absurd farce "Box and Cox."

The fact that each participant is a gentleman of high social standing in Duluth is sufficient guarantee for the character of the entertainment. Over fifty of the latest songs published have been sent the club for its selections and everything is bright and new. Such soloists as Fred Maynard, Arthur Lahey, Harry Gearhart and W. M. Barrett and such comedians as J. M. Davis, Elmer Holling, Ernest Hannan, J. F. Martin, John Noyes, Jack McDougall and others, and the club chorus, the most tasteful are sure of a pleasing entertainment.

This will be the only chance this year to see the Bohemians in darktown comedy, as several bright comedies and at least one opera and a burlesque are booked for the balance of the club's theatrical season. The scope of the club actually shows great versatility and the organization should be encouraged by a large attendance.

First Curling of the Season.

Last night at Glen Avon rink the first curling match of the season was played between the following rinks: George Duwood, P. P. Hall, Will Collins, C. R. Henegar, skip; A. MacRae, John Gibson, Donald MacLeod, R. J. McLeod, skip. The former rink won by a score of fourteen to eight. The ice at the rink is ready for curling, but is scarcely suitable for skating yet. It will probably be opened for skating Thanksgiving.

Death of Henry Doney.

Henry Doney, who was for a number of years bookkeeper for the Scott & Holston Lumber company, died last Saturday at Boulder, Colo., of consumption. He had gone to Colorado in the hope of improving his health but could not recover. He leaves a wife and one child, a daughter 5 years of age.

Engineer's Lecture.

The stationary engineers will have a course of lectures this winter. The first one will be given tomorrow evening in Hunter's hall, by T. W. Hugo, and his theme will be "Heat and Coal." All the marine engineers of the city will be most welcome. In fact, their stationary brethren have extended to them a special invitation to be present.

More Election Work.

Spring Election is Already Beginning to Agitate Some People. It is some two or three months before the spring election, but now that the state contest is over those who seem to live and breathe by politics alone are already talking of it. There is, perhaps, more discussion over the judgment of the municipal court than any other office.

Judge Powell, it is understood, does not desire a re-election. Among those most anxious to secure his place is said to be Judge Winje, the special judge. Judge Himebaugh, of West Duluth, is another man who is mentioned, especially by West Duluthians, who still make the old idea for recognition. Others whose names are heard are John H. Boyle, John H. Norton, Elsworth Benham, H. B. Dibble, R. P. Edson, A. L. Agatini and A. H. Crasswell.

There is no particular hurry about securing a candidate, and there will undoubtedly be plenty of names suggested. The position is one which pays a pretty good salary, and many good lawyers will be willing to take it.

MORTGAGE FORECLOSURE SALE. Default having been made in the payment of the sum of one hundred and fifty-five dollars, which was claimed to be due in the date of this notice upon a certain mortgage duly executed and delivered by Charles F. Forsall, mortgagor, to Theodore Hudson, mortgagee, bearing date the 25th day of May, 1894, and with a power of sale therein contained duly recorded in the office of the register of deeds in and for the county of St. Louis and state of Minnesota, on the 11th day of June, 1894, at 10 o'clock a. m., in Book 44 of mortgages, on page 388.

Which said mortgage together with the debt secured thereby, was duly assigned by said Theodore L. Hudson, mortgagee, to Edward Parker by written assignment, dated the 19th day of June, 1894, and recorded in the office of said register of deeds on the 2nd day of November, 1894, at 10 o'clock a. m., in Book 47 of mortgages on page 3, and no action or proceeding having been instituted at law or otherwise to recover the debt secured by said mortgage, or any part thereof.

Now, therefore, notice is hereby given that by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: Lots numbered thirteen (13) and fourteen (14) in block numbered twenty (20) in Hunter's Grassy Point Addition to Duluth, Second Division, according to the recorded plat thereof, being in St. Louis County, and state of Minnesota, within the hereditaments and appurtenances, which said lots will be made by the sheriff of said St. Louis County, at the front door of the court house in the city of Duluth, in said county and state, on the 15th day of October, 1894, at 10 o'clock a. m., of that day at public vendue to the highest bidder for cash, copies and specifications on file in the office of said board.

A certified check or a bond with at least two sureties in the sum of thirty (\$30) dollars must accompany each bid.

The said board reserves the right to reject any and all bids.

NOTICE

Of Application for an Order Confirming Assessment on Certain Property on Garfield Avenue to Take the Place of a Portion of the First Assessment, Which Was Cancelled.

Office of the Board of Public Works, City of Duluth, Minn., Nov. 14, 1894.

Notice is hereby given that the board of public works of the city of Duluth, St. Louis County, state of Minnesota, has completed its assessment of the property of one thousand and four hundred and forty-four (1444) dollars and four (4) cents upon the real estate situated on Garfield avenue in said city from Michigan street to the established creek line, in proportion to the lot area, for the purpose of raising money to defray the cost of the expense thereof; and that the board of public works of said city of Duluth will, on the first day of December, A. D. 1894, at 9 o'clock in the forenoon of said day, make application to the district court in and for St. Louis County, Minnesota, at a special term of said court to be held at the court house in said city of Duluth, at said time, for an order of said court confirming said assessment roll, at which time and place parties interested in said assessment may appear and make objections to the same; all objections should be made in writing, and said assessment affects all parties or persons of land situated in said city and mentioned or referred to in the following descriptions, viz:

1. Lot 22 of the First Sub-Division of Rice's Point, on that avenue, which was imperfectly described as follows: Beginning at a point on the easterly side of Garfield avenue 30 feet distant, southwesterly corner of the intersection of Birch and Garfield avenues, running thence easterly along the northerly line of Birch avenue 25 feet more or less, to the right-of-way of the Superior Street, Lake Railway or Railway Company, thence northerly along the westerly line of said right-of-way to the intersection of said line of Birch avenue, thence westerly along said line of Birch avenue 25 feet more or less, to the intersection of said line of Birch avenue with the line of said lot 22 of the First Sub-Division of Rice's Point, according to the recorded plat thereof, described as follows: Beginning at a point on the easterly side of Garfield avenue 30 feet distant, southwesterly corner of the intersection of Birch and Garfield avenues, running thence easterly along the northerly line of Birch avenue 25 feet more or less, to the right-of-way of the Superior Street, Lake Railway or Railway Company, thence northerly along the westerly line of said right-of-way to the intersection of said line of Birch avenue, thence westerly along said line of Birch avenue 25 feet more or less, to the intersection of said line of Birch avenue with the line of said lot 22 of the First Sub-Division of Rice's Point, according to the recorded plat thereof, described as follows: Beginning at a point on the easterly side of Garfield avenue 30 feet distant, southwesterly corner of the intersection of Birch and Garfield avenues, running thence easterly along the northerly line of Birch avenue 25 feet more or less, to the right-of-way of the Superior Street, Lake Railway or Railway Company, thence northerly along the westerly line of said right-of-way to the intersection of said line

HULETT'S SIGNATURE

Testimony Going to Prove Whether the Marriage Agreement Is Forged or Genuine Being Introduced.

Several Witnesses Pronounced It Spurious But Failed Considerably When Cross-Examined by Senator Davis.

Some Persons Testify That Hulett Was in Duluth About the Time the Agreement Was Made.

Yesterday afternoon the case for the Hulett heirs was opened by Judge Spencer. Henry Pomeroy, brother-in-law of Mrs. Pomeroy, was called to the stand and testified that he worked for Hulett about a year and during that time he saw nothing unusual in the relations between Hulett and Mrs. Pomeroy. He was in Duluth on the night of Jan. 6, the night before the marriage contract was alleged to have been signed, and he saw Hulett coming out of Fogelson's store at 5 o'clock. The last train for Stony Point left at 3:15.

His testimony was somewhat shaken by the cross-examination, as he could not show that he had a very clear memory of the occasion. Ernest B. Gates testified that he occupied Hulett's residence at 501 East Second street for about a year, and that Hulett had a room there which he frequently occupied. He was there Jan. 2, and J. and witness thought he was there the night of Jan. 6, though he was not positive. He was sure that he was there the night after that.

When shown the note accompanying the pistol, he said: "I saw that the night after Mr. Hulett's death. There was no word 'Mrs. Pomeroy' in the note. Hulett then, I found it in a trunk and did not consider it important enough to take it away."

Edward McHugh came down on the train from Tower on the morning of Jan. 7, and Hulett was not on the train. He met him in Duluth at 2 o'clock that afternoon, Jan. 2. Mrs. Pomeroy was introduced to him by Hulett as Mrs. Pomeroy. On the day of Hulett's funeral Mrs. Pomeroy said to the witness: "If he could have lived to get to Duluth and back today, he would have brought a paper that would have fixed everything. We were to be married next fall."

The signature of Hulett on the contract was a forgery, as well as the clause purporting to be in Hulett's writing, but he could not show the difference between that and a signature admitted to be genuine.

This morning August Gustafson, who worked for Hulett on his farm, was placed on the stand and testified that Mrs. Pomeroy moved downstairs in the October preceding the date of the alleged marriage contract because it was too cold upstairs. Mrs. Pomeroy testified that she did not occupy any room there the one upstairs until after the contract was signed. He also testified that he got a check from Hulett in Duluth on Jan. 4.

Mrs. D. H. Morgan testified that she came to the farm two weeks after Mr. Hulett's death and stayed there seven weeks. Mrs. Pomeroy told her during that time that they were to have been married soon, and she said something about having lost an important paper. While she was there a letter came, addressed to Mrs. N. Hulett. Clara Morgan testified in the same strain.

W. G. Hegardt testified that he was assistant cashier of the American Exchange bank, that Hulett did business there during his life, and he was familiar with his signature. The alleged marriage contract was shown to him.

"Will you please note the signature of N. Hulett on that document and state whether or not it is genuine," asked Mr. Washburn.

"I don't think it is." "Is the part of the body of the document purporting to be in Mr. Hulett's handwriting in fact his?" "I don't think it is."

Senator Davis—You base your opinion on your familiarity with Mr. Hulett's signature to his checks. Did you ever see him write any other documents? "Not that I know of."

"Do you recollect that some photographs of Mr. Hulett's signature were shown you?" "Yes, sir."

"Were you not asked to pick out the genuine signatures of Mr. Hulett, and did you not reject the twelfth as spurious and pick out number six as genuine?" "Uncertain as to Signatures."

"I don't remember which one I picked out." "Is not number six a copy of the signature to the marriage contract?" "It seems to be."

"Isn't number six the one you thought genuine?" "I didn't specify that one."

"Didn't you pick out number six as genuine?" "I remember that I picked out one as genuine which was not, but I don't remember which one, I picked out the last as spurious."

"Didn't you say all the rest were genuine?" "Yes."

It was developed in cross-examination that the signature condemned as spurious by the witness was taken from a cover of a check book admitted to be genuine. Witness explained that by saying that the rough surface of the check book would make the writing look different.

On redirect examination the witness said that a photographic test was not a good one. The "pistol" episode, as Mr. Washburn calls the note accompanying the revolver, was shown. Mr. Hegardt testified that the "Mrs." attached to the address on the back was not Hulett's writing. The other might be.

Edward H. Burger, chief clerk of the First National bank, testified against the genuineness of the signatures. From a remark let drop by the respondent's counsel, Mr. Burger's testimony had been counted on for quite a good deal by the respondents. He was about to compare the signature on the agreement with certain documents introduced by the respondents, when an objection was made by the appellants on the ground that the witness was not shown to be qualified as an expert.

"We offer to prove by this wit-

ness," said Judge Spencer, "not only that the writing is not Mr. Hulett's, but we offer to prove by comparisons whose writing it really is." The offer caused a sensation, but Judge Moor held that the objection was well taken and ruled the testimony out.

A. K. Macfarlane was the last witness this morning. When he was placed on the stand he was asked by Mr. Washburn about a certain document executed by Mr. Hulett which he had in his possession. A mortgage deed was produced. Appellant's counsel gathered around it for a few minutes, and then Senator Davis interposed an objection.

Rejected the Deed. The objection was that there were features about it which made it incompetent to go to the jury. Mr. Washburn was about to proceed with his argument, when Judge Moor dismissed the jury until 2:30, and cautioned them to leave the room at once. The deed was in the usual form, and in it, under a date subsequent to the alleged marriage contract, it was said that Nehemiah Hulett declared himself an unmarried man. Mr. Washburn argued that exhibit so, the pistol episode, was a declaration by deceased to the effect that he was a married man, and he thought that this should be introduced to throw light on the case, though it was a declaration that he was an unmarried man.

The formal offer to prove that subsequent to the date of the alleged marriage contract Mr. Hulett went on and transacted his business as an unmarried man was made and refused by Judge Moor, who held that any declaration of deceased could not be admitted. An exception was taken.

The Levine insurance cases are still on trial before Judge Ensign.

Lizzie Nichols Acquitted. The jury in the case against Lizzie Nichols for keeping a house of ill fame at Biwabik this morning returned a verdict of not guilty. The jury in the case against Joseph Fredette yesterday returned a verdict of \$1 for the state.

Mat Johnson, convicted of assault in second degree, was sentenced by Judge Lewis to Sullivan for the reformatory plan. Judge Baxter adjourned court this morning and returned to his home at Fergus Falls. Judge Lewis is expected back tomorrow.

The cases against Coleman and Corey, the boys accused of breaking into box cars in the West End, were dismissed by the county attorney on the ground of insufficient evidence.

Default judgments in promissory note suits have been filed in favor of the Chapman Bank company as follows: Against Edwin Ward and S. M. Chandler, \$509.12; against E. T. Blowers, S. M. Chandler and L. D. French, \$536.20; against James Billings, J. W. Ball and S. M. Chandler, \$1172.10.

HENRY HAMMERED HIM. Haskins Pounded Some Humanity Into a Man Who Tackled Him. In police court this morning, Dan Connors and John Tracy, charged by Charles Mack with the theft of a pair of shoes, pleaded guilty when lined up before Judge Fowell. Connors paid his fine while Tracy went to jail. Yesterday, right after his arrest, Henry Haskins stepped into the jail to look at Connors. The sneak thief centered the attentions bestowed upon him by Duluth's most officer and reached for him with vicious lunge. Haskins dodged and in turn assaulted. The scrap then went merrily on, with the well-known resident of Huron street steadily and successfully hammering business into the jail bird. The city detectives happened in after a couple of rounds had been fought and stopped the mill. It will be a long time, however, before Dan Connors tackles another humane officer. He knows when he has had enough in that direction.

Morris Foley, Frank Erickson and Joseph Kaster pleaded guilty to drunkenness and received ten days each on the bill.

The case of Peter Monson, charged with failure to support his family, in the absence of the complaining witness, J. Miller, was postponed until 2 o'clock tomorrow afternoon.

Proved Up on Farms. Yesterday afternoon several bona fide farmers from near Barabun, in Carlton county, made final proofs on homesteads. They were Geger Zelnska, Andrew Banach, John Sobczak and Andrew Kowalski. Their lands are in 40-20 and each has lived on his claim for about six years. From eleven to twenty acres are in cultivation on each claim and the improvements on the four will average \$1000 in value.

Capt. Hector Ill. This morning, near 9 o'clock, while standing in front of La Vague's wall paper store, Capt. J. Hector, of the steamer Dixon, was taken with some kind of a fit. He clenched his hands in a spasmodic manner and fell to the pavement. Being taken into Meinig's hardware store, he was given such attention as was possible, and recovered in about fifteen minutes, when he was taken to his home.

Death of Peter Baitcock. Peter Baitcock died last evening at his residence, of typhoid fever. He has been sick for the past two weeks, but was not thought to be serious. He held the position of letter carrier in the post office and was well known. Being carrier No. 6. He was a member of Division No. 1, A. O. H., and that organization will have charge of the funeral.

Winter Tourist Tickets. The St. Paul & Duluth railroad have now on sale low rate excursion tickets to winter tourist points viz San Diego, Los Angeles, Santa Barbara, San Francisco, California, Jacksonville, St. Augustine, Orlando, Winter Park and Indian River points, Florida and other southern and Texas points. For rates and full information call on or address city ticket office, 401 West Superior street, corner Palladio building.

TALES OF THE TOWN.

Thrilling Tale of Western Railroad Life Related by an Old Timer.

The other evening a little group of men were sitting in a comfortable corner of the lobby of one of the hotels when the talk turned on railroad and one of the men told a thrilling story of railroad life in Dakota.

It was in the winter of 1892," he said, "that the incident took place which has occurred. Old Joe Blank, an engineer well known throughout the state had the run between a small town in North Dakota and Grand Forks. I have forgotten the name of the town.

"Joe was a big, fat, healthy looking fellow, with a luxuriant growth of whiskers reaching almost to his waist, and those whiskers were a source of great pride to him. Well, he started out one afternoon and took his little boy with him to visit an aunt residing in Grand Forks. When he started there was a few flakes of snow falling, and before the train had gone a dozen miles a terrible blizzard came on. The cab windows were closed and the engineer and fireman prepared for a nasty night.

"When the storm was at its height the fireman had to climb back over the engine for something. He had no sooner reached his destination than he heard a scream. Turning he saw the engine reeling. In a moment his heavy weight fell across the cab door. As he fell he clutched at something to hold himself, and catching hold of the throttle, he fell he pulled it wide open. The engine gave a mighty bound and crashed ahead at a terrific speed. The fireman saw that something must be done as his chief did not rise again. The boy was stricken with fright and was running wildly about the cab.

"The fireman hastily clambered back over the tender. As he went the train was crashing on through the gathering darkness of night. The engine was swaying from one side to the other, and it seemed that each minute it must leave the track. Hastily gathering in the situation an idea struck him and he immediately put it in practice. He thrust open the cab window. Tenderly picking up the form of the engineer, who was still unconscious, he placed him on the seat. Then he put poor Joe's head out of the window into the howling blizzard and the wind blew through his whiskers."

The story tells, the auditor who had been listening with open mouths to the story, looked at each other and, with one accord, the crowd proceeded solemnly to the bar.

STAND UP FOR DULUTH.

A Just Criticism of Men Who Are Lying About the City.

To the Editor of The Herald: I read with interest a communication in The Herald of Nov. 17, signed "A Citizen." He complained, evidently with much reason, of the lack of local loyalty and patriotism. We take it that the article was written by a merchant. I would join with Mr. Merchant or Mr. Board of Trade Man, or Mr. Banker, or any other class of business men, in demanding a higher standard of loyalty to our splendid city. It seems incredible that anyone should be against their own city and its interests. Lack of loyalty to one's own city is almost reprehensible as lack of loyalty to one's own family. And such a city as Duluth! Why, any man who speaks of Duluth does not deserve to be well spoken of himself, and ought to be rebuffed to live in some out-of-the-way God-forsaken place all his life. And yet, strange as it may seem, there are men in Duluth who haven't sense and decency enough to stand up for this city and its interests.

To illustrate: A few weeks ago a man came from the East to buy Duluth real estate. He knew something of the city, of its splendid past and its future, and like a man of sagacity and good judgment, believed this the best place and now the best time to invest in real estate. He had large means and was able and willing to buy and thereby leave many thousands of dollars here to go into our banks and help increase all the channels of our retail business—for that is what such deals mean. He consulted Mr. Merchant (not Stephen L., for if he had he might have invested his last dollar in Duluth), and to be "conservative," you know, Mr. Merchant said: "Don't don't buy Duluth real estate, for it isn't worth anything and it will soon be worth less. Why, people can't sell lots for \$12 apiece, cash." Of course Mr. Merchant lied, and he knew he lied, and the man he told it to knew he lied. But he was willing to lie against his own city and its greatest interest, if he could thereby create the impression that Duluth was "conservative." What does "A Citizen" think of that? What do Duluth people think of such loyalty and patriotism? If Mr. Merchant or anyone else should slander the city and about an individual he would have to answer in heavy damages.

But this is not the only case. Men are coming to Duluth from all over the country to buy our real estate, but few of them buy. Why? Simply because we have so many men in Duluth who are like Mr. Merchant—rather slander the city and its interests than tell the honest truth about the situation. A prominent judge of Chicago was here a few months' ago and after looking the city over for several days said: "Duluth is the only city in the country to invest money in. Why don't the bankers and board of trade men and merchants talk that way? It is the truth and nothing but the truth, and after a while when outside capitalists come in and buy heavily these people, who are always looking behind them, will sell in and buy at greatly advanced prices."

People who talk down any branch of business in Duluth talk against their own interests. If the facts justified such talk no one could object. But there is no city in the country that deserves to stand as well, and does stand as well, as Duluth. That is one of the coming great cities of the world there can be no question. Eastern financial journals published columns upon columns of facts and statistics to show the wonderful growth of our commerce, manufacturing and population. The ablest financial writers and shrewdest business men throughout the country see clearly the great future in store for this city. Why, there ought to be such a spirit of loyalty to Duluth among us that any man who dares dare to slander or speak ill of it would be hoisted. The loyal Duluthians are a vast majority of the people and they ought to "get together" and promote a spirit of local patriotism.

E. H. C. Duluth, Nov. 23.

What are You Going to Do

On Thanksgiving Day? The weather bids fair to be cold and bright; that is, if we may trust the Clerk of the Werther so far. We hope you will enjoy a pleasant holiday, and show your thankfulness for the prosperity of the year in such a manner as may seem to you most fitting. We do not for one instant suppose you will forget that whilst it is necessary to dine every day, "Thanksgiving Day" should be celebrated with rather a greater effort in catering for a "Thanksgiving Meal." We have, not been unmindful of your probable requirements, and remind you that we have provided an unlimited supply of every necessity and luxury in the market. We have made extra efforts to get some of the finest, fattest and best dressed poultry that ever came to this market and the prices will be the Lowest. We also shall have:

Florida Strawberries,
California Tomatoes,
Havana Pine Apples,
Florida Wax Beans,
Almeria, Ualaga and Catawba Grapes,
Fancy Bananas,
Florida and Mexican Oranges,
New Nuts,
D-hesa Cluster Table Raisins,
Pure Sugar Candy,
Full line of imported and domestic Cheese and every kind of table delicacies.

In Fresh Vegetables

Elegant Cauliflower, Cucumbers, Radishes, Spinach, Water Cress, Celery, Oyster Plant, Jersey Sweet Potatoes.

It is not necessary to quote you a long list of prices. We guarantee that they shall be the lowest, and that quality shall be a leading feature. We hope to extend a liberal share of our patronage, and can guarantee satisfaction. Goods promptly delivered everywhere. West 14th, Monday, Wednesday, Friday, Saturday, Sunday, Tuesday, Thursday, Friday and Saturday; Duluth, Tuesday and Friday.

Krojanker,

LEADING EXPERT FURRIER.

The Place That Sets the Pace in Furs

If you should ask anyone in Duluth—the purchasing public, dry goods merchants, or any retail furrier—if they are honest enough to tell the truth! Who sets the pace in Furs in Duluth, or even the whole Northwest for that matter? there can be but one answer—"KROJANKER!"

THE MAGNIFICENT SUCCESS

Of our business this season has been beyond our most sanguine expectations, and the results are an array of as fine a line of Fur Capes, Coats and Fancy Furs as you can wish to see. We shall have a

Special Sale Saturday,

Tomorrow, of Capes, Astrakhan Coats, Muffs, Scarfs, Etc., at prices (considering quality) that will surprise even the dealers in "Sweatshop and Tenement makes" of Furs. Come down town Saturday and look around, everybody says his stock is "The Best, the Largest, the Cheapest," etc. It's a little nauseating, each fellow sells for \$12 what the other sells for \$15—if you believe the ads. Well, all I have to say is, start out and look around, visit Pantton & Watson, Freimuth's, Howard & Haynie, and Silberstein; then come to us. If we cannot sell you then on the merits of the goods and prices, you can (and undoubtedly will) buy where you please.

We do not know what the others have got, and have no doubt they have good stocks and lots of things we haven't got (and would not have.) We do know we have a fine assortment and many Furs and styles nobody in Duluth has got, we think our name on a garment is surely as good as anybody else's, and our prices Bed Rock.

Our force of employes has been augmented by the best workmen that money can hire and we are now prepared more than ever to get out orders on very short notice.

Special Fur Sale Saturday!

DULUTH EVENING HERALD.

TWELFTH YEAR

SATURDAY, NOVEMBER 24, 1894.

THREE CENTS

FRENCH & BASSETT

First Street and Third Avenue West.

Dramatic.

SCENE I.—(In a car of miscellaneous goods bound for Duluth.)

First Bureau Drawer—You look pretty rocky this morning.

Second Bureau Drawer—I feel so, for I am tight all the time and my whole frame is rickety.

First Bureau Drawer—Why don't you have your frame in good shape and run easy as I do.

Second Bureau Drawer—I don't have to. I am going to Ketchum, Quick & Skinnum's, and they don't care.

First Bureau Drawer—Well, French & Bassett wouldn't have you where I am going.

We have on exhibition a stock of goods the equal of which is seldom seen in any store.

We cordially invite the public to visit and inspect our goods and prices with or without reference to purchase.

A LARGE LINE OF

Brass and Iron Beds

Enamelled Brass Mounted Beds, \$7.50, \$8.50, \$9.50, \$10.00, \$12.50, \$14.00 up.

All Brass Beds, \$18.00, \$25.00, \$35.00 and up.

Partial Payment Plan.

All Goods sold on this improved credit system at a saving to the customer of 10 to 20 per cent part down and balance arranged on weekly or monthly payments to suit purchaser's convenience.

Yours truly,
French & Bassett,
Reliable Dealers.

French & Bassett,
Reliable Dealers.

To the Ladies of the City....

Do not be imposed upon by anyone [man or woman] who may call at your home with an inferior stone stew kettle, representing that they are in our employ, as we have no one acting in that capacity. Come to our store and we will sell you one at half their price, and one we will guarantee will not crack with heat.

BAD COLLISION

A Northern Pacific Passenger Train and a Great Northern Freight Train Collided at St. Cloud.

Three Men Were Badly Hurt and Conrad Schafer, News Agent, Is Probably Fatally Injured.

Great Northern Engine Hit the Northern Pacific Smoker and Lifted It From the Track.

A Young Thief and an Amateur Detective Nearly Drowned in the Mississippi at St. Paul.

MINNEAPOLIS, Nov. 24.—By an early morning collision between Northern Pacific Passenger Train No. 2 and the Great Northern eastbound freight at St. Cloud crossing, near St. Cloud, three men—M. T. Starr, of St. Paul; William Somers, of Jamestown, N. D.; and Conrad Schafer, news agent, residence unknown—were badly hurt, the latter probably fatally. Five others were slightly injured. The Northern Pacific train is said not to have stopped before reaching the crossing, as it is compelled to do by the rules.

The Great Northern engine hit the Northern Pacific smoker and lifted it from the track. Had it hit two car lengths farther back, the casualty would have been great, as the cars were crowded.

BROKE THROUGH THE ICE.

Plight of a Young Thief and an Amateur Detective.

ST. PAUL, Nov. 24.—Two St. Paul lads, aged 14 and 16, had an exciting experience yesterday. One of them is Jasper Arbutkale, a son of ex-lieut. Arbutkale, of the Central police station, who lives on the West Side, and the other is George Vipond, of 351 Fort street.

Jasper was in Yerxa's grocery, at Seventh and Cedar, when, so George says, he saw him snatch a box of cigars and skip out of the store and run down Cedar street towards the ice skating house. George gave chase, and on reaching the river, which was frozen, Jasper started across. George following, Jasper was still some distance ahead, but he soon came to an abrupt stop and his legs and body disappeared from view.

George noted this fact and halted before venturing on the thin ice, but, fearing Jasper would be drowned, he crept gently forward to assist him. When within two feet of the hole Jasper had made, the ice George was standing on also broke and let him down up to his neck in water. A man saw them and planks were laid on the ice and the boys rescued.

Yours truly,
French & Bassett,
Reliable Dealers.

WAILING AMONG SPORTS.
All the Gambling Rooms in St. Paul Are Closed up Tight.

ST. PAUL, Nov. 24.—There was weeping and wailing among the sports last night. The sinister resolution adopted by the assembly, expressing the belief and conviction that there do actually exist certain rooms where gambling is carried on in the city, and appointing a committee to investigate the same, has had a bad effect on the industry and last night it was reported that all gambling rooms were closed, or, as one of the gay sports expressed it, "the game is blown."

Drowning or Murder.
GLENWOOD, Minn., Nov. 23.—Last Sunday morning Carl Steen started from Starbuck for Glenwood on skates over Lake Minniewaska. He has since not been seen or heard from. It is feared that he has broken through the ice and been drowned. Having on his person quite a sum of money the theory is also advanced that he has been foully murdered. He is a young Finn, and his home is at Dassel, Minn.

A Newsboy Killed.
MINNEAPOLIS, Nov. 24.—Frank Dvorik, a newsboy 10 years of age, was struck by a westbound interurban car at Twelfth and Washington avenue south last evening and so badly crushed that he died fifteen minutes later in a drug store. The boy ran in front of the car, apparently not seeing it, after waiting for a car going in the opposite direction to pass.

His Skull Fractured.
ST. PAUL, Nov. 24.—Henry Kordell, who lives out on the Reserve, became involved in a quarrel a week ago Thursday with one Louis Peterson, of Minneapolis, who works in a livery stable at Kittsondale. As a result of the altercation Kordell is now laid up with a broken jaw and slight fracture of the skull.

Swindled at the Capitol.
ST. PAUL, Nov. 24.—Another man who does not read the newspapers has been separated from his coin. Upon the representation of a perfect stranger he parted with \$280 hard cash, in return for which he accepted a check for \$500, not worth the paper it is written upon. His name is Vincent Karlove and he hails from Winnipeg. The swindle was perpetrated in no less a place than the state capitol.

A Bryant Anniversary.
PRINCETON, Ill., Nov. 24.—The 100th anniversary of the birth of William Cullen Bryant will be celebrated in that city, the home of the only living brother of the famous poet today. A meeting will be held in the Grand Opera house and will be under the auspices of the Women's club of this city.

Dustin to Handle Directum.
SAN FRANCISCO, Nov. 24.—Orrin Hickok will no longer handle Directum. The fastest trotting stallion in the world has been turned over to James Dustin

and is now at the Oakland Driving Park. Directum is owned by John Green, of Dublin, Gal., but his racing qualities have been leased to C. C. McIver, a wealthy vineyardist of Mission San Jose.

BIRTH IN A COAL MINE.
A Remarkable Incident Which Occurred in an Illinois Mine.

BELLELEVILLE, Ill., Nov. 24.—A remarkable incident occurred at the Lenz coal mine, near Belleville, John Schmidt, a miner was at work 100 feet below the surface. He had worked his regular time, but the company was behind in its orders and Schmidt with other miners concluded to work extra time. He sent word to his wife to have some lunch brought to him.

She filled a basket with eatables and walked a considerable distance to the shaft with it. Arriving there she concluded to go down in the cage, a thing she had frequently done before, as she desired to speak with her husband. She was lowered safely in the cage into the bowels of the earth, but almost immediately Mrs. Schmidt gave birth to a bouncing boy baby.

The mother and child were tenderly cared for by the grim-faced miners with candles in their caps, and they went on to work again. A messenger was sent for a doctor and another for a carriage to take the young miner and his mother home, but before he arrived Mrs. Schmidt gave birth to another boy baby, by the side of the coal shaft.

The mother and twins, after some delay, reached home safely and the doctor says they are all doing well.

EATEN BY A WILD HOG.
An Infant Killed in Oklahoma and Its Mother Severely Bitten.

GUTHRIE, Okla., Nov. 24.—At Sacred Heart, a hamlet a few miles from here, Mrs. Galobie's 18-months-old baby was almost eaten up by a wild hog. The woman had laid the child on a blanket near where she was washing. While her back was turned she was called to the child by its piteous cries.

An immense wild hog was ravenously eating the flesh of the babe, having already terribly lacerated its face. He was so ferocious by the taste of food, the hog refused to give up its victim and gave battle when the woman attempted to reach her baby.

The hog finally becoming master of the situation grabbed the bleeding, crying baby in its mouth and started for the woods. It gained several yards before it resented the attacks of the distracted mother. In her wild endeavors to secure her babe Mrs. Galobie was herself terribly injured, her flesh being torn from her body in several places. Finally, however, she succeeded in grabbing the child and escaping with it. Her dead and Mrs. Galobie severely injured.

HIS CITIZENSHIP RESTORED.
Governor Flower Has Made Ferdinand Ward a Citizen Again.

GENESEO, N. Y., Nov. 24.—Ferdinand Ward has received from Governor Flower the letters restoring to him full rights as a citizen. Mr. Ward will at once institute proceedings for the possession of his son whom he claims is wrongfully withheld by an irregularly appointed guardian.

He is also bringing an action against the Franklin Trust company for the recovery of certain collaterals, which, it is claimed, are illegally held by that company. Mr. Ward is a claimant in a responsible position in the office of the surrogate of Livingston county at Geneseo.

BEDE CAN HAVE THE JOB.
May Succeed Campbell as Chairman of the Chippewa Commission.

WASHINGTON, Nov. 24.—[Special to The Herald.]—It is learned here that there may be some foundation for the rumor that J. Adam Bede will be appointed chairman of the Chippewa Indian commission, although his name has not yet been presented to Secretary Smith for the place.

It is said that the matter rests with Bede himself, and if he will accept the position Maj. Baldwin will endorse him for it. Maj. Baldwin has not yet heard from Bede on this question and will not make a recommendation to the secretary until he does.

A HEAVY DEFALCATION.
Bookkeeper of the Shoe and Leather Bank of New York Is Shot.

NEW YORK, Nov. 24.—A bookkeeper in the National Shoe and Leather bank disappeared a few days ago. A national bank examiner has just finished an investigation which discloses a defalcation of \$354,000.

The bank has a capital of \$1,000,000 and a surplus of about \$200,000, leaving an impairment of capital of about \$150,000, which will at once be made good by the stockholders.

The name of the defaulting clerk is Samuel C. Seelye. His residence is on Halsey street, Brooklyn.

HARTMANN VERSUS WARREN.
The Decision by Secretary Smith Will Be Made Next Week.

WASHINGTON, Nov. 24.—[Special to The Herald.]—The long delay of the secretary of the interior in rendering a decision on the motion for a review of his decision in the case of Hartmann against Warren in the Duluth district is causing a great deal of anxiety among lawyers engaged in the case here.

Inquiry was made at the interior department today as to the probability of a decision being rendered shortly. It was stated that the decision would be forthcoming some day next week.

Gen. Ruger Reaches Chicago.
CHICAGO, Nov. 24.—Gen. Thomas H. Ruger, who succeeds Gen. Nelson A. Miles as commander of the department of Missouri, arrived here today from San Francisco. He was accompanied by his wife and daughter and Maj. Charles D. Lyman.

THE GREAT GAME

Harvard and Yale Teams Met This Afternoon in a Fierce Struggle on the Gridiron.

An Immense Crowd Gathered to See the Contest Which Was of an Exciting Character.

In the First Half, the Yale Men Scored Twelve Points and Harvard Made Four.

Harvard Kicked a Goal From the Field But the Whistle Sounded and Yale Won.

SPRINGFIELD, Mass., Nov. 24.—The rays of a glorious autumn sun, gleaming through November mists, lighted the hearts of the football men this morning when they first opened their eyes, and surprised even the skeptics who saw in last night's leaden sky and drizzling rain a most dismal outlook for football. By 8 o'clock the heavy mist had risen far enough to allow the blue sky to peep forth, so that half an hour later Yale's color filled the heavens from horizon to horizon.

But if the Yale blue was flaunted above the house tops, the rays of the sun touched up the crimson-tinted trees in the city and at Hampden park and sent a reflection back to the resplendent blue. The atmosphere, as the streets and fields dried up, was delicious. The chill of early morning was succeeded by a warm blanket that of an early September day.

Naturally such exceptional football weather outside every body's extremely happy and the result was that the throngs on the streets gave vent to their hilarities in shouts, songs and college cries. The streets, hotel corridors and public resorts were thronged. The pushing, struggling crowd was thoroughly good natured. The great crowds in the streets were bedecked with colors of the rival colleges. Everybody wore a badge, some but a miniature, others covered yards of ribbon.

The crimson chrysanthemums on the breasts of the Harvard admirers were rivalled by the delicate violet on the breasts of the Yale devotees in the corridors of Yale women. There were parades of red and parades of blue. Once and a while, to relieve the monotony of colors, there would be a flash of orange and black, as a crowd of Princeton adherents came along, and the red and blue of the Yale men were prominent after that college special had arrived.

The morning game between Dartmouth and Brown took some of the crowd off the streets, but early as 11 o'clock the crowd began to flock toward Hampden park, particularly those who were not fortunate enough to be in the reserved section. Brown won; score, 20 to 4.

Harvard and Yale students, since 1875, with three exceptions, have annually struggled at football. The exceptions were 1877 and 1885, when there were no games, and 1889, when Harvard forfeited to Yale. Harvard has won only twice, in nineteen years and her total of scores is fifty. Yale has won seventeen with an aggregate of score of 266. The play since 1883 has been upon Hampden field in this city.

The betting remains unchanged at the odds of 2½ to 1 in favor of Yale. There is plenty of Harvard money in sight, but they will not put it out. At the Massachusetts fair, which is now a surging mass of humanity, 100 to 40 is being laid, and even money that Harvard does not score a touch-down. The Yale coaches have been advising the Yale men that it is not safe to give much fearful odds, but the Yale backers are putting it out at 2 and 2½ to 1 as fast as they can get. Most of the wagers are 5 to 3 on Yale, and the same odds were put \$500 even yesterday that Yale would not triple Harvard's score today placed \$4000 against \$1000 of Yale money on the result. Harvard men were looking for 5 to 2 odds with few Yale men to offer it.

YALE'S GREAT TEAM.
For Months They Have Drilled Under an Excellent Coach.

SPRINGFIELD, Mass., Nov. 24.—Up from Connecticut have come Yale's chosen football knights. From their ranks has been selected the little band that battles this afternoon on Hampden field with the flower of John Harvard's sons. The rush line proposed is almost exactly the same as that opposed to Harvard and Princeton in the championship games of last year, while behind the line every man should strive to overcome the excited nervousness of the novice and gained the coolness and confidence which participation in a "big" game brings.

For months the men who today wore the blue have drilled together under the severely criticizing eyes of some of the best football coaches in the country. Hard and faithfully they have trained and Capt. Hinkley, on the gridiron this afternoon, has reason to be confident that his team was the equal of any that had represented Yale in years.

From the opening of the season the health of the players has been most carefully watched, every convenience was provided for their comfort, every precaution taken to prevent illness and the sons of Eli have fought today for the glory of Yale, may be fairly said to represent the very best athletic material in the big Connecticut university.

Almost a month ago the football men at Yale were satisfied as to the make-up of the team that would meet Harvard, and it was confidently expected that little Dewitt would be the man behind the line with Ade, Thorne and Butterworth, but malaria fever confined him to his room about three weeks ago and it was

impossible for him to play. His non-appearance was a great disappointment to Yale.

THE MEN FROM CAMBRIDGE.
A Succession of Accidents That Eclipsed Every Previous Record.

SPRINGFIELD, Nov. 24.—The football team who came from Cambridge to meet the blue band of Yale today have had an experience unequalled in the annals of Harvard football. There was a surplus of experiment halfbacks at the beginning of the season. The christening of the new athletic house and gridiron at Soldiers' field was soon followed by a daily succession of accidents that eclipsed every previous record of a Harvard field.

The halfback list was reduced till Capt. Emmons was obliged to muster practice men from the class elevens, and the climax was reached when the veteran George Gray was carried from the field with a broken leg. The coaches have not been so numerous as last year, but under Trainer Lathrop's care the men have shown unusual spirits in the daily practice.

Capt. Emmons deserves much credit for the way which he developed his team with many odds against him. Only six of last year's eleven were in today's line-up, and of the five new men one is playing his second season and another just finishing his first year on the gridiron. The eleven is composed of three seniors, three juniors, two sophomores and one freshman. The law and medical schools each contribute a member. The eleven averages 21½ years of age, and 174 pounds in weight.

DESCRIPTION OF THE GAME.
Yale Scored Twelve and Harvard Four in the First Half.

SPRINGFIELD, Mass., Nov. 24.—The teams lined up as follows:
Harvard—Cabot, left end; Hallowell, left tackle; Mackie, left guard; F. Shaw, center; G. Shaw, right guard; Water, right tackle; A. Brewer, right end; Wrenn, quarter-back; Wrightington, left half-back; C. Brewer, right half-back; Fairchild, full back.

Yale—T. Hinkley, right end; Murphy, right tackle; Hinkok, right guard; L. Sullman, center; McCrea, left guard; Beard, left tackle; Hinkley, left end; Ade, quarter-back; Jerrens, left half-back; Thorne, right half-back; Butterworth, full-back.

At 2:01 p. m. the teams are lined up. Yale has the ball and the north end of the field. Yale punts to Harvard's goal line. Yale makes touchdown on a fluke. Yale kicks a goal. Score, Yale, 6; Harvard, 0. Waters punts only ten yards from center of field. Harvard's ball on Yale's 35-yard line. Harvard unable to gain and Yale takes ball on same line.

At 2:20 C. Brewer is forced to retire from the game by his injuries, and is helped off crying. Harvard gains eight yards and round right end; ball on Yale's 5-yard line. Harvard makes a touch-down. Harvard's punt out was muffed and it is Yale's ball in center field. Score: Yale, 6; Harvard, 4. Yale punts out of bounds. Yale punts the ball on Harvard's 40-yard line.

At 2:40 Wrightington is hurt and forced to leave the game. Harvard's ball on 20-yard line. Harvard punts, gains ten yards and keeps ball. Yale tries goal from the field; Harvard's ball on her 5-yard line. Harvard tries a punt, but flukes and it is Yale's ball on Harvard's 4-yard line.

At 2:56 p. m. Yale makes a touch-down and kicks goal. Score: Yale, 12; Harvard, 4. Harvard punts over Yale line and it is Yale's ball on her 25-yard line. End of first half.

The Second Half.
At 3:25 the Yale team is on the field again. Harvard immediately after. Wrightington's collar bone was broken in the first half. Hallowell's nose was broken. For the fourth time, the men lined up and Waters kicked off, punting to Yale's 35-yard line. There was a delay of three minutes while Murphy of Yale was being resuscitated.

At 3:28 Waters punts forty yards for Harvard. Yale punts back to Harvard's 35-yard line. Another man knocked out. Harvard gains with twenty yards and follows with five more.

At 3:38 Murphy was carried off the field on a stretcher. Harvard's first down on Yale's 15-yard line. Yale gets ball on her 12-yard line. Armstrong takes the place of Jerrens. Yale punts to her 45-yard line. Yale keeps the ball, loses five yards. Another punt to Harvard's 40-yard line. Harvard punts twenty-five yards. Yale returns punt to Harvard's 35-yard line.

Harvard gains three yards. Harvard punts Yale's 20-yard line. Armstrong and Hayes ruled off the field. Yale punts to center of field.

At 4:03 Hallowell was disabled and Wheeler takes his place. Yale punts to Harvard's 30-yard line. Harvard punts out of bounds at her 30-yard line. Yale tries goal from field and misses by five feet to the left.

Harvard punts to Yale 50-yard line. Yale gets five yards for off-side play. Yale punts but the attempt was a failure, and it is Harvard's ball on her 25-yard line. Harvard punts to her 45-yard line. Yale tries kick goal but fails. Harvard's ball in center of field.

Harvard punts to Yale's 20-yard line. Six minutes more of play and it seems impossible for Harvard to win. Yale gains fifteen yards. Yale punts to Harvard's 35-yard line. Harvard gets ten yards for off-side play. Harvard punts to Yale's 25-yard line. Yale punts to Harvard's 45-yard line. Harvard punts to Yale's 40-yard line. Harvard kicks the goal.

Harvard in the last second of the play got the ball and kicked a goal from the field, but almost while the ball was in midair and before it had crossed the bar the whistle blew which sounded the end of the game, and thus the goal which would have counted for Harvard was lost, the closing score standing: Yale, 12; Harvard, 4.

Aged Editor Dead.
WASHINGTON, Nov. 24.—E. S. Hamlin, founder of the Cleveland Leader and a member of congress from Ohio before the war, died here yesterday aged 86 years. His death was due indirectly to an assault two months ago by a negro who attempted to rob him. He was one of the first free soil editors in the United States.

\$10 REWARD

Will be paid for evidence that

will convict any person of a

violation of Ordinance Num-

ber Four, which reads as fol-

lows:

Sec. 1. It shall be unlaw-

ful for any person to break, in-

jure, remove or destroy any

tree or trees, shrubbery or

plants growing in or upon any

of the parks or parkways of

the city of Duluth, or in or

upon that portion of the

streets and avenues subject to

the jurisdiction and control of

the Board of Park Commis-

sioners, and lying between the

curb line and lot line of said

streets and avenues.

Sec. 2. It shall be unlawful

for any person to tie any horse,

cow or other animal to any

tree, plant or shrub, or to

fasten any such animal in such

manner as to cause injury to,

or destruction of, any tree,

shrub or plant, planted or

growing in any of the parks

or parkways, or in or upon

that portion of the streets and

avenues under the jurisdiction

and control of the Board of

Park Commissioners, or to al-

low any such animal to run at

large thereon.

Sec. 3. Any person who

shall be convicted of a viola-

tion of this ordinance shall be

fined not less than \$10 nor

more than \$100.

The Board of Park Commis-

sioners of the City of Du-

luth.

By L. Mendenhall,

President.

Attest:

H. C. HELM,

Secretary.

Duluth, Minn., Nov. 16, 1894.

DULUTH EVENING HERALD.

SATURDAY, NOVEMBER 24, 1894.

IN SPORTING CIRCLES

Contest Between Harry Finnich and Jimmy Murphy Next Week Will Be a Great Sporting Event.

Finnich is Getting In Fine Condition and Both Men Will Be in Prime Form.

Fight Between Joe Sheehy and Jack Curtiss Next Week—George Curtiss Wants a Match.

The interest in sporting circles is attracted principally this week to the coming fight between Harry Finnich, the Arkansas kid, and Jimmy Murphy, of Chicago. Ever since the round about fought a few weeks ago, the sporting fraternity of the city has been anxious to see the two matched on an equal footing, believing that with the capabilities each man has there will be one of the most interesting matches ever witnessed in Duluth.

When it was first announced that a fight had been arranged for the near future there was a slight feeling of disappointment, for it was feared that Finnich would not be in a condition to meet the Chicago boy on account of his illness. Finnich, however, is now in a much better condition, and by next Wednesday, for which date the fight is arranged, he will be in as good shape as he ever was, and he will be able to give Murphy a good level contest.

Both men are in training, and barring accidents each will appear in the ring next Wednesday in prime form and prepared to give an exhibition of his best. Consequently the local sports are on the lookout for some exceptionally clever work, and betting will be heavy.

Both men are capable fighters, and as each has many admirers and supporters the fight will be well attended and the work of the principals will be fully appreciated. Finnich has been in Duluth some time and has many believers in his capabilities. Murphy has not been here so long, but he also has made many friends and there are many who will bet that he will be the winner in the contest. The fight will take place at the Rialto theater Wednesday, Nov. 28, and will be fifteen rounds. The winner will take all the gate receipts. There are also several bets.

There are also several other fight encounters in prospect. George Curtis, the West Superior colored welterweight, is looking both ways for fights, and wants one each with light and middle weights. He will challenge the winner of the Finnich and Murphy fight, and a scrap will probably be arranged. Tom Murray, of Grand Rapids, is anxious to meet Curtis, and he will probably be accommodated, as Curtis is very willing. Murray is the man whom Jack Curtiss, the heavyweight, went up to Grand Rapids to put down in ten rounds, and who knocked Curtiss out in three rounds. He fought a draw with King at Grand Rapids last Friday.

Joe Sheehy and Jack Curtiss, the heavyweights, have arranged a match for Friday, Nov. 30, at the Rialto theater. Sheehy agrees to stop Curtiss in four rounds or lose the fight.

Charles Wren, of Toronto, wants a match with any featherweight in the Northwest, to come off at Duluth.

Thanksgiving day will witness the usual number of turkey shoots. The more prominent shots are those given by Company G, of West Duluth, and the Central Gun Club. With the latter, the event will be an important one, as it is to close their season, and a great deal of sport is anticipated. The committee in charge of the arrangements has everything nearly arranged. There will probably be four events, open to all, and the shoot will be held Thursday afternoon on the range at the foot of Twenty-first avenue west.

The four events composing the shoot will consist of ten singles at known angles, with six prize turkeys each. The entrance fee is 50 cents in all events and the shoot is open to all. A shooter will be handicapped two yards each time he is winner in a prize, the handicapping being in force during the entire regular program. To obtain an average shooter must enter all shoots on the regular program. The shoot will begin at 1:30 sharp.

The fall of the thermometer which the past week has witnessed has brought joy to the hearts of those addicted to icy sports. The fact that the fall of the mercury was accompanied by a plentiful fall of snow added some to the satisfaction, especially to the ubiquitous small boy, who has been utilizing the sidewalks as toboggan slides, making slippery ways perilous to the life and limbs of his older fellow creatures.

There has already been a good deal of skating and a few pioneers have ventured out with snowshoes and skis. The swamps about the bay have been frozen over for several days, and until the snow came they afforded good skating. At Superior there is six inches of ice on the bay and there is no lack of skating. The snow, however, is a serious detriment to skating on open ice, unless there is enough energy exerted to sweep it off, and the various rinks about the city are preparing to do a heavy business.

The cold weather of the first part of the week set the various rinks at work making ice. At the Polo club rink at Twentieth avenue east the first water was turned on the sawdust Monday and each day and night thereafter the work went on. The managers hoped to have the ice ready to open tonight, but the warm weather of yesterday and today intervened and the ice is still too soft for skating. It is hoped, however, that the

formal opening can be held the first part of next week. Everything else about the rink is ready, and a very cosy place has been arranged.

During the week the rink at Glen Avon was opened for curling and the first match of the season was played. Wednesday night a rousing match was played between the two rinks following: George Dinwiddie, lead; L. P. Hall, 2; Will Collins, 3; R. Henneage, skip; A. Macrae, lead; John Gibson, 2; Donald MacLeod, 3; K. J. MacLeod, skip. The former rink won by a score of 14 to 8.

The ice though excellent for curling is as yet not suitable for skating, and one more hard freeze will be necessary before the rink is opened for skaters. It will probably be opened Thanksgiving day or earlier in the week.

HIGH SCHOOL NOTES.

The Zenith Editors Held a Meeting and Outlined Their Work.

The regular meeting of the Zenith editors was held last Monday. Subjects were assigned to each of the editors by the managing editor, and it was unanimously agreed that the Christmas vacation should be employed to classify the productions and return them, ready for publication. The coming Zenith will be a handsomely bound book with stiff covers. It will contain many fine engravings, and special attention will be paid to obtaining a satisfactory cut of the High School.

The museum is indebted to Emil Nelson and William Shupp for the gift of a fine deer's head. Mr. Woolman will have it carefully mounted.

Rev. Mr. Newell, of Winthrop, Ind., delivered a short discourse before the scholars last Tuesday.

The following program was given by the Olympians Friday: Piano solo, Alice Jones; critic's report, Clara Bull; oration, Rufus Draper; recitation, May Blake.

Both men are in training, and barring accidents each will appear in the ring next Wednesday in prime form and prepared to give an exhibition of his best. Consequently the local sports are on the lookout for some exceptionally clever work, and betting will be heavy.

Both men are capable fighters, and as each has many admirers and supporters the fight will be well attended and the work of the principals will be fully appreciated. Finnich has been in Duluth some time and has many believers in his capabilities. Murphy has not been here so long, but he also has made many friends and there are many who will bet that he will be the winner in the contest. The fight will take place at the Rialto theater Wednesday, Nov. 28, and will be fifteen rounds. The winner will take all the gate receipts. There are also several bets.

There are also several other fight encounters in prospect. George Curtis, the West Superior colored welterweight, is looking both ways for fights, and wants one each with light and middle weights. He will challenge the winner of the Finnich and Murphy fight, and a scrap will probably be arranged. Tom Murray, of Grand Rapids, is anxious to meet Curtis, and he will probably be accommodated, as Curtis is very willing. Murray is the man whom Jack Curtiss, the heavyweight, went up to Grand Rapids to put down in ten rounds, and who knocked Curtiss out in three rounds. He fought a draw with King at Grand Rapids last Friday.

Joe Sheehy and Jack Curtiss, the heavyweights, have arranged a match for Friday, Nov. 30, at the Rialto theater. Sheehy agrees to stop Curtiss in four rounds or lose the fight.

Charles Wren, of Toronto, wants a match with any featherweight in the Northwest, to come off at Duluth.

Thanksgiving day will witness the usual number of turkey shoots. The more prominent shots are those given by Company G, of West Duluth, and the Central Gun Club. With the latter, the event will be an important one, as it is to close their season, and a great deal of sport is anticipated. The committee in charge of the arrangements has everything nearly arranged. There will probably be four events, open to all, and the shoot will be held Thursday afternoon on the range at the foot of Twenty-first avenue west.

The four events composing the shoot will consist of ten singles at known angles, with six prize turkeys each. The entrance fee is 50 cents in all events and the shoot is open to all. A shooter will be handicapped two yards each time he is winner in a prize, the handicapping being in force during the entire regular program. To obtain an average shooter must enter all shoots on the regular program. The shoot will begin at 1:30 sharp.

The fall of the thermometer which the past week has witnessed has brought joy to the hearts of those addicted to icy sports. The fact that the fall of the mercury was accompanied by a plentiful fall of snow added some to the satisfaction, especially to the ubiquitous small boy, who has been utilizing the sidewalks as toboggan slides, making slippery ways perilous to the life and limbs of his older fellow creatures.

There has already been a good deal of skating and a few pioneers have ventured out with snowshoes and skis. The swamps about the bay have been frozen over for several days, and until the snow came they afforded good skating. At Superior there is six inches of ice on the bay and there is no lack of skating. The snow, however, is a serious detriment to skating on open ice, unless there is enough energy exerted to sweep it off, and the various rinks about the city are preparing to do a heavy business.

The cold weather of the first part of the week set the various rinks at work making ice. At the Polo club rink at Twentieth avenue east the first water was turned on the sawdust Monday and each day and night thereafter the work went on. The managers hoped to have the ice ready to open tonight, but the warm weather of yesterday and today intervened and the ice is still too soft for skating. It is hoped, however, that the

HUNTING HAS ENDED

The Season Which Has Just Closed Has Not Been a Very Good One for Deer.

The Good Feature Was that the Pot Hunters Were Prevented from Killing Much Game.

One Big Buck Brought in Recently was a Cross Between a Deer and a Caribou.

The hunting season is about over for this year. The deer hunters who went out last week have come in during the last few days, most of them with only a partridge or a rabbit. The season just closed has not been a good one, judging from the number of deer shot. But looked at from another point of view it has been good enough. The few deer killed were shot by decent hunters in quest of legitimate sport and the pot hunter has had a very poor show.

Several outsiders have tried to work their hands up in this part of the country but they have come to grief in almost every instance. Several valuable hounds have been shot by the officers, though it is a pity to blame the dogs for the sins of their masters. The hunters are looking for a little more duck shooting and then only the rabbits and the mud pie breaking contests will remain.

of Howard's saw mill.

The Central Gun club's turkey shoot on Thanksgiving day promises to be the greatest attraction of the day.

One of the big bucks brought in last week proved to be a cross between a deer and a caribou. The meat was as tough as sole leather.

It looks as if the proposed game supper to be given at the Snelling by the Fish and Game Protective association would have to be abandoned for lack of game.

Joe Dodge and Dr. Byer spent the last part of the season up French river. As they did not come in when the season was closed volunteers were called for to organize a search party and call them off and help them collect the deer they were supposed to have hung up, but they came back yesterday and report that they got no deer, but that they were still in the woods. The gang are willing to bet that they did not see a flag while they were out.

NEW DULUTH DOINGS.

Latest Happenings in the Suburb Up the River.

NEW DULUTH, Minn., Nov. 24.—(Special to The Herald.)—Considerable brown stone from Fond du Lac has been shipped through here this week.

A number of deer were carried to Duluth this week. Many hunters are still bringing in their spoils before the season closes.

The river is now frozen over the entire length and skating is exceptionally good both here and at Fond du Lac. At the latter place a rink will soon be built by S. C. Robinson, of the lumber firm of Bardwell & Robinson, of Minneapolis, came up with Mr. Lee Monday morning.

SPRIT LAKE AND VICINITY.

The Ironon steel plant suspended operations last Monday and the men were all discharged but the day and night watchmen.

Will Stephenson, of New Duluth, was thrown from his horse near Spirit Lake and was badly stunned and bruised on the frozen ground.

Debate: "Resolved, that the Principle of Government, of the People, by the People and for the People be Applied to the Higher Institutions of Learning."

Affirmative, Richard Bailey, Mary Culbertson, negative, Herbert Abbott, Katharine Logan. General discussion was held by Jessie Palmer on the affirmative and Betty Beavly on the negative. The decision of the judges was in favor of the affirmative.

The principal and teachers of Claret tended the chapel exercises in the assembly hall on Friday morning.

At the regular meeting of the Debating club last Monday the following question was argued: "Resolved, that the Benefits of Party Government Are Greater Than Its Evils." Affirmative, Julia Johnson and Lewis French; negative, Laura White and Alfred Thwing. The decision of the audience was in favor of the affirmative.

The total enrollment at the present time is 118.

Annals from the university of Michigan and Amherst college have been loaned to the managing editor of the Zenith and he would be very glad to receive others.

Four Big Successes.

Having the one did more to them, the following list of the four big successes: Dr. King's New Discovery, for enlarged and electric bottles, each bottle for liver, stomach and kidneys, Huggins', Arnie's, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more of them. Sold at Max Wirth's drug store.

Henry Wilson, the postmaster at Welton, Fla., says he cured a case of diarrhea of long standing in six hours with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer? Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When needed with water it is pleasant to take. For sale by all druggists.

A 275 pound bear was brought in Thursday and can be seen at N. H. Witt's meat market. It was killed back

until cold weather ends the season's sport.

There are but very few valuable dogs owned in Duluth, but these few are owned by well known hunters and they think much of their well trained dogs. Col. Jones' vigorous efforts to recover his valuable setter and punish the sneak who stole him is a step in the right direction. Some people think that a dog is not personal property and that it is no crime to appropriate another man's dog, but such people usually discover their mistake in the course of time. Now that the dog dealer's headquarters have been discovered some more lost dogs are likely to be recovered by their owners.

Around New Duluth was the place for deer hunting. One man got three and another party claimed to have shot four.

Alderman Nelson and Messrs. Moor and G. Anderson of the gun club returned from their deer hunt before the cold snap set in. Each report having shot one deer. Whether they each shot the same deer or got one deer apiece we failed to discover.

One of the last duck hunting parties to come in were Messrs C. A. Pearson, Mattix and Calhoun. They had 150 ducks and one deer. The deer was all right and his tranquil appearance in death denoted that his end was sudden and sure, but the ducks were a queer looking lot of fowl. Some had no heads at all while others had their heads with them but hung on only by the skin of the corner to sit on the remains and discover, if he could, the cause of death. His verdict was that the ducks had evidently come to their death by violence applied to their necks with a circular movement while their feet were fast in the ice.

A wedding was celebrated here last Saturday at John Wald's boarding house. The parties being Ole Moell and Martha Johnson, of Marquette. A dance was given them in the evening and a very pleasant time to had. They will go to housekeeping next to C. Krueger's store.

The skating on Spirit lake last Sunday was fine. Quite a number from West Duluth skated up here and spent the afternoon. The snow that settled on the ice Monday night has caused the water to overflow and it is feared there will not be any more good skating here.

Mr. and Mrs. Ernest Stephenson visited in New Duluth last Monday with their parents.

R. J. Boon and John McInnis, of West Duluth, skated up to Spirit lake last Sunday and were calling on friends.

J. L. Stephenson, the general superintendent of the Ironon plant, left last Tuesday to join his family in Chicago.

Mr. and Mrs. Pierson, of Old Superior, were visiting relatives at Spirit Lake last Wednesday.

Andrew Isaacson, of Portage, Columbia county, Wis., was looking around Spirit Lake last Thursday with an idea of investing in real estate.

Mr. and Mrs. Albert Swenson and Miss Lola Lenroth attended the funeral Thursday, in Duluth, of their cousin, Charles Pierson, who was drowned Monday near Hawthorn.

Mrs. V. A. Dash attended the funeral of Mrs. Randall at Oneta on Thursday. Some of the school children broke one of the large window glass in Mr. Renstrom's store Wednesday.

Miss Lottie Rix, the Smithville teacher, is taking great pains preparing her Thanksgiving entertainment to be held next Wednesday afternoon, and would be pleased to see all parents there.

Mrs. William Spencer moved to West Duluth last Thursday.

William Dunn, Richard Davis and John Price leave tomorrow for Chicago. The scarlet fever scare in this vicinity has nearly subsided, the sick ones are all convalescing and no new cases are reported.

Mr. John Robinson and son Bethel went to Duluth this morning to remain over Sunday with relatives.
